REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors of
TradingScreen Brokerage Services, LLC
(A Limited Liability Company)

We have audited the accompanying statement of financial condition of TradingScreen Brokerage Services, LLC (the “Company”) as of December 31, 2015. The financial statement is the responsibility of the Company’s management. Our responsibility is to express an opinion on the financial statement based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company’s internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the financial position of TradingScreen Brokerage Services, LLC as of December 31, 2015, in conformity with accounting principles generally accepted in the United States of America.

The computation of net capital, computation for determination of reserve requirements and information relating to the possession or control requirements (together “supplemental information”) has been subjected to audit procedures performed in conjunction with the audit of TradingScreen Brokerage Services, LLC’s financial statement. The supplemental information is the responsibility of TradingScreen Brokerage Services, LLC’s management. Our audit procedures included determining whether the supplemental information reconciles to the financial statement or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with 17 C.F.R. § 240.17a-5. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the financial statement as a whole.

Note 1 - Nature of Business

TradingScreen Brokerage Services, LLC (a limited liability company) (the "Company") was organized in Delaware on December 14, 2006 and serves as a registered broker-dealer under the Securities Exchange Act of 1934, and is a member of the Financial Industry Regulatory Authority. The Company has been approved to refer institutional customers to other registered broker-dealers. The Company is a wholly-owned subsidiary of TradingScreen, Inc. (the "Parent").

Because the Company is a limited liability company, no member, director, manager, agent or employee of the Company is personally liable for the debts, obligations or liabilities of the Company, whether arising in contract, tort or otherwise, or for the acts or omissions of any member, director, manager, agent or employee of the Company.

Note 2 - Summary of Significant Accounting Policies

Use of Estimates

The preparation of a statement of financial condition in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the statement of financial condition. Actual results could differ from those estimates.

Accounts Receivable

Accounts receivable is comprised of monthly transaction fees, that are recognized as revenue in the month that they are earned, and when the amount is fixed, collection of resulting receivable is reasonably assured and persuasive evidence of the arrangement exists.

Income Taxes

A limited liability company is not a tax paying entity at the corporate level. Each member is individually responsible for their share of the Company's income or loss for income tax reporting purposes.

The concentration of credit risk in the Company's accounts receivable is mitigated by the Company's credit evaluation process, short collection terms and monitoring procedures.

Note 4 - Related Party Transactions

The Company has entered into an expense sharing agreement with its Parent whereby certain indirect costs of the Parent, such as rent, administrative expense and audit fees, are allocated to the Company. During 2015 the parent forgave amounts previously due of \$82,726 and contributed this amount to capital. The Company owes its Parent \$1,516 at December 31, 2015, which is unsecured, non-interest bearing and due on demand.

Further, the provisions require that the ratio of aggregate indebtedness, as defined, to net capital shall not exceed 15 to 1. At December 31, 2015, the Company had net capital of \$169,415 which exceeded the minimum requirement of \$5,000 by \$164,415.
