Notes to Statement of Financial Condition

## REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Stockholder and Board of Directors of  
Bolton Global Capital, Inc.

We have audited the accompanying statements of financial condition of Bolton Global Capital, Inc. (the Company) as of December 31, 2015 and 2014 that is filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the statements of financial condition. The Company's management is responsible for these financial statements. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statements of financial condition are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the statements of financial condition, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the statements of financial condition. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the statements of financial condition referred to above presents fairly, in all material respects, the financial position of Bolton Global Capital, Inc. as of December 31, 2015 and 2014, in accordance with accounting principles generally accepted in the United States of America.

**BOLTON GLOBAL CAPITAL, INC.**  
**NOTES TO STATEMENT OF FINANCIAL CONDITION**  
December 31, 2015 and 2014

Note 1. Nature of Business and Summary of Significant Accounting Policies

**NATURE OF BUSINESS**

Bolton Global Capital, Inc. (the Company) is located in Bolton, Massachusetts. The Company is a full service registered broker-dealer in securities, and conducts business on a fully-disclosed basis over a network of independent financial advisors across the United States of America. The Company offers services in stocks, bonds, options, mutual funds, variable annuities, and other securities to its investment clients. The Company is registered with the Securities and Exchange Commission (SEC), and is a member of the Financial Industry Regulatory Authority (FINRA), and the Securities Investors Protection Corporation (SIPC).

**SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Cash and Cash Equivalents**

The Company considers all highly liquid investments with a maturity of three months or less to be cash equivalents.

**Recognition of Income**

Commissions earned on securities transactions and related income and expenses are recorded on a settlement date basis, an industry standard.

**Concentration of Credit Risk**

At times during the years ended December 31, 2015 and 2014, certain bank balances may exceed Federal Deposit Insurance Corporation insured limits. The Company has not experienced any losses in such accounts.

**Allowance for Doubtful Accounts**

Management believes that accounts and notes receivable are fully collectible; thus, an allowance for doubtful accounts was not considered necessary at December 31, 2015 or at December 31, 2014.

**BOLTON GLOBAL CAPITAL, INC.**  
**NOTES TO STATEMENT OF FINANCIAL CONDITION**  
December 31, 2015 and 2014

Note 1. Summary of Significant Accounting Policies - continued

**Management Fees**

The Company pays monthly management fees to Bolton Capital Group, Inc., a related corporation wholly-owned by the sole shareholder of the Company, under a management contract (See Related Party Transactions, Note 5). The fees provide compensation for supervisory responsibilities, and for any operational and overhead expenses incurred. These fees, in addition to the expenses incurred by Bolton Capital Group, Inc. in connection with the Company's broker-dealer business, shall include 100% of the Company's first \$100,000 in pre-tax profit, 50% of the next pre-tax profits below \$400,000, and 25% of any pre-tax profit over \$400,000. In 2014, the management fees above \$200,000 have been waived.

**Fair Value of Assets and Liabilities**

Fair value is defined as the price that would be received to sell an asset or the price paid to transfer a liability in an orderly fashion between market participants at the measurement date. Fair value measurement accounting guidance describes the fair value hierarchy for disclosing assets and liabilities measured at fair value based on the inputs used to value them. The guidance defines fair value, establishes a framework for measuring fair value, and expands disclosure about fair value measurements. The three levels of the fair value hierarchy, based on the objectivity of the inputs, are as follows:

- Level 1 inputs are quoted prices in active markets as of the measurement date for identical assets or liabilities that the Company has the ability to access.
- Level 2 inputs are those other than quoted prices in active markets that are observable for the asset or liability either directly or indirectly, including inputs in markets that are not considered to be active.
- Level 3 inputs are those that are unobservable, including situations where there is little, if any, market activity for the asset or liability.

**BOLTON GLOBAL CAPITAL, INC.**  
**NOTES TO STATEMENT OF FINANCIAL CONDITION**  
December 31, 2015 and 2014

Note 1. Summary of Significant Accounting Policies - continued

Fair Value of Assets and Liabilities Not Recorded at Fair Value

Certain of the Company's assets and liabilities, including cash and cash equivalents, accounts and notes receivable from clearing brokers and others, accounts and commissions payable, deferred revenue, and other accrued taxes and expenses, are recorded at amounts that approximate fair value because they are short-term in nature.

**Income Taxes - Federal**

The Company has elected, by consent of its stockholder, to be taxed under the provisions of Subchapter S of the Internal Revenue Code, beginning January 1, 2008. Under those provisions, the Company does not pay Federal corporate income taxes. Instead, the stockholder is liable for individual income taxes on his share of the Company's taxable income.

**Uncertainty in Income Taxes**

U.S. generally accepted accounting principles require the Company to evaluate and disclose any uncertain tax positions that could have an effect on the financial statements. At December 31, 2015 and 2014, the Company determined that it had no tax positions that did not meet the "more likely than not" threshold of being sustained upon examination by the applicable tax authorities. The Company files tax returns in the United States Federal and Massachusetts state jurisdictions. These returns are generally subject to examination by the tax authorities for a period of three years after filing. The Company is no longer subject to examination by tax authorities for federal, state or local income taxes for periods before 2012.

**Depreciation**

Depreciation is provided for on a straight-line basis using the estimated useful lives of the related assets. The Company's fixed assets at December 31, 2015, and at December 31, 2014, were comprised of computer and office equipment with estimated useful lives of three years, and leasehold improvements with estimated useful lives over the term of the lease (See Fixed Assets, Note 3).

Note 1. Summary of Significant Accounting Policies – continued

**Estimates**

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities. Actual amounts could differ from those estimates.

**Concentration of Credit Risk**

The Company is engaged in various brokerage activities in which the counterparties primarily include broker/dealers, banks, other financial institutions and the Company's own customers. In the event the counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty.

**Rent Expense**

The company records rent expense on the straight-line basis over the term of the lease. The difference between rent expense recorded and amount paid is credited to accounts payable and accrued expenses.
