REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors  
P. R. Gilboy & Associates, Inc.

We have audited the accompanying statement of financial condition of P. R. Gilboy & Associates, Inc. (the "Company") as of December 31, 2015, and the related statement of operations, changes in stockholders' equity and cash flows for the year then ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. The Company's management is responsible for these financial statements. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company was not required to have, nor were we engaged to perform an audit of the Company's internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Company as of December 31, 2015, and the results of their operations and their cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

The Computation of Net Capital pursuant to Rule 15c3-1 of the Securities Exchange Act of 1934 has been subjected to audit procedures performed in conjunction with the audit of the Company's financial statements. The supplemental information is the responsibility of the Company's management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with Rule 17a-5 of the Securities Exchange Act of 1934. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.

The Company has determined that it does not have any material unrecognized tax benefits or obligations as of December 31, 2015. Tax returns for all years 2012 and thereafter are subject to possible future examinations by tax authorities.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE G – CONCENTRATIONS OF CREDIT RISK

The Company is engaged in trading activities in which counterparties primarily include broker-dealers, banks and other financial institutions. It is the Company's policy to review, as necessary, the credit standing of each counterparty.

Additionally, the Company maintains its cash on deposit in financial institutions located in the United States of America and with Hilltop Securities. The balances at the financial institutions are insured by the Federal Deposit Insurance Corporation ("FDIC") up to \$250,000 per institution. As of December 31, 2015, the Company held \$359,039 on deposit with three financial institutions. As of December 31, 2015, the Company held \$967,318 on deposit with Hilltop Securities, of which \$867,318 exceeded the SIPC insured limit.

NOTE H – FAIR VALUE OF FINANCIAL INSTRUMENTS

The *Fair Value Measurements and Disclosures* topic of the FASB ASC defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by the FASB ASC, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.
- Level 2: Quoted prices in markets that are not active or inputs which are observable, either directly or indirectly, for substantially the full term of the asset or liability.
- Level 3: Prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable (i.e., supported by little or no market activity).

The Company has investments in marketable securities (securities owned) and also a portfolio of fixed-income securities in its bond trading account which are measured at fair value on a recurring basis. The fair value of the investment in securities owned and the bond trading account was \$2,377,736 and \$2,813,879, respectively, at December 31, 2015. The investments in securities owned fall into the Level 1 category. The investments in the bond trading account fall into the Level 2 category. The Company recorded unrealized gains totaling \$18,536 on its investments in securities owned and unrealized gains totaling \$11,444 on its holdings in the bond trading account, which have been reported in the Statement of Operations for the year ended December 31, 2015. The Company recorded a realized gain of \$39,676 for the year ended December 31, 2015 as a result of a cash merger between two stocks held by the Company.

The following methods and assumptions were used to estimate the fair value of each class of financial instruments for which it is practicable to estimate that value. There have been no changes in methodologies from the prior year.

*Securities Owned*

Fair values for marketable securities are based on quoted market prices, where available. If quoted market prices are not available, fair values are based on quoted market prices of identical instruments.

P. R. Gilboy & Associates, Inc.  
Charlotte, North Carolina

We have reviewed management's statements, included in the accompanying exemption report, in which (1) P.R. Gilboy & Associates, Inc. (the "Company") identified the following provisions of 17 C.F.R. § 15c3-3(k) under which the Company claimed an exemption from 17 C.F.R. § 240.15c3-3:(2)(ii) (the "exemption provisions") and (2) the Company stated that the Company met the identified exemption provisions throughout the most recent fiscal year without exception. The Company's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with the exemption provisions. Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the conditions set forth in paragraph (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.
