These financial statements are the responsibility of Shasta Partners, LLC's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Shasta Partners, LLC as of March 31, 2016, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with 17 C.F.R. §240.17a-5. In our opinion, the Schedule I, computation

of net capital under SEC Rule 15c3-1 and Schedule II, computation for determination of reserve requirements under SEC Rule 15c3-3 (exemption) are fairly stated, in all material respects, in relation to the financial statements as a whole.

**SHASTA PARTNERS, LLC**  
**NOTES TO FINANCIAL STATEMENTS**  
**MARCH 31, 2016**

**NOTE 1- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Organization and Nature of Business:**

The Company is a broker-dealer registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority, Inc. (FINRA).

**Investment Banking and Advisory Fees:**

Fees are earned from advisory services including merger and acquisition, restructuring, valuation, and capital raising services for clients.

**Revenue Recognition:**

The Company typically enters into contracts with clients calling for periodic advisory fees to be paid during the term of the arrangement, and a success fee to be paid out once the merger, acquisition, sale, restructuring, or financing (the "transaction") is successfully completed. This success fee is typically based on a percentage of the total consideration of the transaction, although in certain cases it may be a flat fee. Accordingly, the Company recognizes advisory fees in the period earned, with separate revenue recognition once each transaction is finalized.

**Receivables from non-customers:**

The Company has not provided an allowance for doubtful accounts, because management believes all amounts are collectible.

**Income Taxes:**

The Company does not record a provision for income taxes because the partners report their share of the partnership's income or loss on their income tax returns. The financial statements reflect the partnership's transactions without adjustment, if any, required for income tax purposes.

**Advertising:**

The Company expenses advertising costs as they are incurred.

**NOTES TO FINANCIAL STATEMENTS, CONTINUED**

**MARCH 31, 2016**

**NOTE 1- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued**

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in these financial statements and accompanying notes. Actual results could differ from those estimates.

**NOTE 2 – NET CAPITAL REQUIREMENTS**

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital, and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule of the “applicable” exchange also provides that equity capital may not be withdrawn if the resulting net capital ratio would exceed 10 to 1). At March 31, 2016, the Company had net capital of \$104,692, which was \$99,692 in excess of its required net capital of \$5,000. The Company’s net capital ratio was .03 to 1.

**NOTE 3 – LONG TERM LEASES**

The Company leases office space at the rate of \$2,486 per month. The lease expires July 2017. Rent expense for fiscal year 2016 was \$29,542.

Future minimum lease payments for non-cancelable operating leases at March 31, 2016 are as follows:

	Year ended March 31,
2017	<u>\$ 30,428</u>
2018	<u>\$ 10,242</u>

**SHASTA PARTNERS, LLC**

**NOTES TO FINANCIAL STATEMENTS, CONTINUED**

**MARCH 31, 2016**

**NOTE 4 – OFF BALANCE SHEET RISK AND CONCENTRATION OF CREDIT RISK**

The Company at times maintains cash in bank accounts in excess of the established limit insured by the Federal Deposit Insurance Corporation (FDIC).

**NOTE 5 – FAIR VALUE**

FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.

Level 2 inputs are inputs (other than quoted prices included within level 1) that are observable for the asset or liability, either directly or indirectly.

Level 3 are unobservable inputs for the asset or liability and rely on management's own assumption about the assumptions that market participants would use in pricing the asset or liability. (The unobservable inputs should be developed based on the best information available in the circumstances and may include the Company's own data.)

A qualifying asset or liability's level within the framework is based upon the lowest level of any input that is significant to the fair value measurement. The Company's qualifying assets or liabilities are recorded at fair value using Level 1 inputs.
