KEY WEST INVESTMENTS, LLC Notes to Financial Statements As of and for the Year-Ended December 31, 2015

NOTE A - SUMMARY OF ACCOUNTING POLICIES

Accounting principles followed by the Company and the methods of applying those principles which materially affect the determination of financial position, results of operation and cash flows are summarized below:

Organization

Key West Investments, LLC (the Company) was formed as a California corporation on December 31, 2008. The Company has adopted a calendar year.

Description of Business

The Company, located in Los Angeles, CA, is a broker- dealer in securities registered with the Securities and Exchanges Commission ("SEC") and is a member of FINRA. The Company operates under SEC Rule 15c3-3(k)(2)(ii), which provides that all funds and securities belonging to the Company's customers are handled by a clearing broker-dealer; additionally, the same provision exempts the firm from the computation of the reserve formula.

Basis of Accounting

The financial statements of the Company have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables, and other liabilities.

Cash and Cash Equivalents

The Company considers as cash all short-term investments with an original maturity of three months or less to be cash equivalents.

Accounts Receivable - Recognition of Bad Debt

The Corporation considers accounts receivable to be fully collectible; accordingly, no allowance for doubtful accounts is required. If amounts become uncollectible they will be charged to operations when that determination is made.

KEY WEST INVESTMENTS, LLC Notes to Financial Statements (Cont'd)

Revenue Recognition

Commission revenues are recorded by the Company on the settlement date reported by the clearing affiliate that settles trades.

Depreciation

The Company uses the double declining balance method of depreciation.

Concentration of Credit Risk

Financial instruments that potentially subject the Company to concentrations of credit risk consist primarily of cash and cash equivalents. All of the Company's cash and cash equivalents are held at high credit quality financial institutions.

Fair Value of Financial Instruments

Financial instruments that are subject to fair value disclosure requirements are carried in the financial statements at an amount that approximates fair value and include cash and cash equivalents. Fair values are based on quoted market prices and assumptions concerning the amount and timing of estimated future cash flows and assumed discount rates reflecting varying degrees of perceived risk.

Comprehensive Income

Statement of Financial Accounting Standards (SFAS) No. 130, Reporting Comprehensive Income, establishes requirements for disclosure of comprehensive income that includes certain items previously not included in the statement of income, including unrealized gains and losses on available-for-sales securities and foreign currency translation adjustment among others. During the year ended December 31, 2015, the Company did not have any components of comprehensive income to report.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

KEY WEST INVESTMENTS, LLC Notes to Financial Statements (Cont'd)

Concentrations

The company has revenue concentrations; the firm specializes in sales of securities.

NOTE B -ACCRUED LIABILITIES

The amount of \$3,326 represents payroll liabilities.

NOTE C -RENT

The amount of \$46,839 represents the rent incurred for the office space.

NOTE D- SUBSEQUENT EVENTS

The Company has evaluated events subsequent to the balance sheet date for items requiring recording or disclosure in the financial statements. The evaluation was performed through February 22, 2016, which is the date the financial statement were available to be issued. Based upon this review, the Company has determined that there were no events which took place that would have a material impact on its financial statements.

KEY WEST INVESTMENTS, LLC Supplementary Schedules Pursuant to SEA Rule 17a-5 Of the Securities and Exchange Act of 1934

As of and for the Year-Ended December 31, 2015

Statement Related to Uniform Net Capital Rule

The Company is a member of the FINRA and is subject to the SEC Uniform Net Capital Rule 15c3-1. This rule requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 1500% (15 to 1), or, during its first year of operations, 800% (8:1). Net capital and the related net capital ratio may fluctuate on a daily basis. At December 31, 2015, the Company had net capital of \$47,741 which was \$42,741 in excess of its required net capital of \$5,000. The Company's ratio of aggregate indebtedness to net capital was 145.83%. The Company has elected to use the basic computation method, as is permitted by the rule, which requires that the Company maintain minimum Net Capital pursuant to a fixed dollar amount or 6-2/3% percent of total aggregate indebtedness, as defined, whichever is greater, and does not, therefore, calculate its net capital requirement under the alternative reserve requirement method. There were no material differences reported as net capital in the audited computation of net capital and the broker- dealer's corresponding unaudited Part IIA of the FOCUS report required under Rule 15c3-1.

Statement Related to Exemptive Provision (Possession and Control)

The Company does not have possession or control of customer's funds or securities. There were no material inadequacies in the procedures followed in adhering to the exemptive provisions of SEA Rule 15c3-3(k)(2)(ii); All customer transactions cleared through another broker-dealer on a fully disclosed basis.

Statement Related to Material Inadequacies

This audit did not disclose any material inadequacies since the previous audit of the financial statements contained within the audit report of the Computation of Minimum Net Capital Requirement as reported in the Supplemental Schedules contained within the audit report or the filed Financial and Operational Combined Uniform Single Report (FOCUS IIA) filed pursuant to SEA Rule 15c3-1. Differences in net capital between this audit computation and the filed unaudited FOCUS IIA is explained supra. The firm is exempt from 15c3-3; it does not maintain customer funds or securities and, therefore, does not maintain customer funds to segregate nor does it maintain separate accounts for customers.

Statement Related to SIPC Reconciliation

SEA Rule 17a-5(e)(4) requires a registered broker-dealer to file a supplemental report which includes procedures related to the broker-dealers SIPC annual general assessment reconciliation or exclusion from membership forms. In circumstances where the broker-dealer reports \$500,000 or less in gross revenue they are not required to file the supplemental SIPC report. The Company is exempt from filing the supplemental report under SEA Rule 17a-5(e)(4) because it is reporting less than \$500,000 in gross revenue.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

I have reviewed management's statements, included in the accompanying Representation Letter of Exemptions, in which (1) Key West Investments identified the following provisions of 17 C.F.R. § 15c3-3(k) under which Key West Investments claimed an exemption from 17 C.F.R. § 15c3-3(k)(2)(ii), and (2) Key West Investments stated that Key West Investments met the identified exemption provisions throughout the most recent fiscal year without exception. Key West Investments 's management is responsible for compliance with the exemption provisions and its statements.

My review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about Key West Investments's compliance with the exemption provisions. A review is substantially less in scope that an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, I do not express such an opinion.

Based on my review, I'm not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(i) of Rule 15c3-3 under the Securities Exchange Act of 1934.
