Report of Independent Certified Public Accountants

Board of Directors
Liberty Capital Investment Corporation

Report on the Financial Statements

I have audited the accompanying statements of financial condition of Liberty Capital Investment Corporation as of December 31, 2015, and the related statement of income, changes in stockholder's equity, and cash flows for the year then ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with generally accepted auditing standards established by The Auditing Standards Board (United States) and in accordance with auditing standards of the Public Company Accounting Oversight Board (United States). Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements whether due to fraud or error. In making those risk assessments, the auditor considers internal control

relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, I express no such opinion. An audit also includes evaluation of the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

In my opinion, the financial statements referred to above, present fairly, in all material respects, the financial position of Liberty Capital Investment Corporation as of December 31, 2015, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in The United States of America.

Report of Independent Registered Public Accounting Firm-Exemption Report Review

To the Board of Directors and Shareholders
of Liberty Capital Investment Corporation

We have reviewed management's statements, included in the accompanying Exemption Report required by SEC Rule 17a-5, in which (1) Liberty Capital Investment Corporation identified the following provisions of 17 C.F.R. #240.15c3-3 under the provision (k)(2)(ii) "Customer protection-Reserves and Custody of Securities" and (2) Broker Dealer stated that it has met the identified exemption provisions throughout the most recent fiscal year without exception. Liberty Capital Investment Corporation's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about Broker Dealer's compliance with the exemption provisions. A review is substantially less in scope than an examination. The objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated. In all material respects, based on the provisions set forth in Section (k)(2)(ii) "Customer Protection-Reserves and Custody of Securities" of Rule 15c3-3 under the Securities and Exchange Act of 1934.

SEC Rule 15c3-3

Liberty Capital Investment Corporation, during calendar year 2015, claimed an exemption to SEC Rule 15c3-3. Liberty Capital Investment Corporation met the following criteria, without exception, for the calendar year 2015 under section (k) of the Rule:

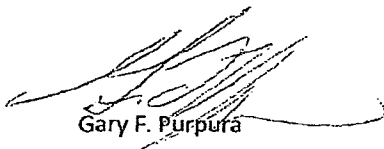

Liberty Capital Investment Corporation is not a carrying firm. Liberty Capital carries no margin accounts, promptly transmits all customer funds, does not receive or handle customer securities, does not otherwise hold funds or securities for, or owe money to, customers and effectuates all financial transactions between the broker/dealer and its customers through First Southwest Company.

The Internal Control over the compliance of the broker dealer was effective during the entire fiscal year 2015 and was effective at the end of fiscal year 2015.

The broker dealer was in compliance with 17 C.F.R. 240.15c3-1 (the net cap rule) and 240.15c3-3(e) (the reserve requirement rule) as of the end of fiscal year 2015.

The information used by the broker dealer to state whether it was in compliance with the net cap rule and the reserve requirements rule was derived from the books and records of the broker dealer.

I certify that the above statement is true and accurate to the best of my knowledge.
