REPORT OF INDEPENDENT PUBLIC ACCOUNTING FIRM

To the Members of Hampton Hedge Fund Marketing, LLC

Report on the Financial Statements

We have audited the accompanying statement of financial condition of Hampton Hedge Fund Marketing, LLC (the Company) as of December 31, 2015, and the related statements of income, changes in stockholders' equity, and cash flows for the year then ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the

appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Hampton Hedge Fund Marketing, LLC as of December 31, 2015, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The information contained in the Supplementary Schedules is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information in the Supplementary Schedules has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information in the Supplementary Schedules is fairly stated in all material respects in relation to the financial statements as a whole.

Report on Internal Control

To the Managing Member
Hampton Hedge Fund Marketing, LLC

In planning and performing our audit of the financial statements and supplemental schedules of Hampton Hedge Fund Marketing, LLC (the Company), for the year ended December 31, 2015, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by rule 17a-5 (g) (1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5 (g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(1) and for determining compliance with the exemptive provisions of rule 17c-3.

Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons
2. Recordation of differences required by rule 17a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls, and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants or the Public Company Accounting Oversight Board. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control that we consider to be material weaknesses as defined above. We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31 2015, to meet the SEC's objectives.

This report is intended solely for the information and use of the Members, management, the SEC, FINRA, and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

Hampton Hedge Fund Marketing, LLC

Notes to Financial Statements

For the Year Ended December 31, 2015

Note A-Summary of Significant Accounting Policies

Nature of Business

Hampton Hedge Fund Marketing, LLC (the "Company") began doing business as a registered broker-dealer with the Financial Industry Regulatory Authority (FINRA) in January 2007. The principal source of the Company's income is generated from the private placement of securities. In this capacity, the firm places assets with investment managers for its qualified individual and institutional customers.

The Company's policy is to continuously monitor its exposure to market and counterparty risk through the use of a variety of financial position and credit exposure reporting and control procedures. In addition, the Company has a policy of reviewing the credit standing of each broker/dealer, clearing organization, fund manager, customer and/or other counterparty with which it conducts business.

Basis of Accounting

The Company maintains its books and records on an accrual basis in accordance with accounting principles generally accepted in the United States of America. Fee income is recognized as earned, taking into consideration the terms of contractual arrangements and the period in which services are rendered.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Fair Value Measurements

The Company carries its investments at fair value. Fair value is an estimate of the exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants (i.e., the exit price at the measurement date). Fair value measurements are not adjusted for transaction costs. A fair value hierarchy provides for prioritizing inputs to valuation techniques used to measure fair value into three levels:

Level 1 Unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2 Inputs other than quoted market prices that are observable, either directly or indirectly, and reasonably available. Observable inputs reflect the assumptions market participants would use in pricing the asset or liability and are developed based on market data obtained from sources independent of the Company.

Hampton Hedge Fund Marketing, LLC

Notes to Financial Statements

For the Year Ended December 31, 2015

Note A-Summary of Significant Accounting Policies (Continued)

Fair Value Measurements (Continued)

Level 3 Unobservable inputs. Unobservable inputs reflect the assumptions that the Company develops based on available information about what market participants would use in valuing the asset or liability.

An asset or liability's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Availability of observable inputs can vary and is affected by a variety of factors. Management uses judgment in determining fair value of assets and liabilities and Level 3 assets and liabilities involve greater judgment than Level 1 or Level 2 assets or liabilities.

The following table represents a reconciliation of the Company's Level 3 assets measured at fair value for the year ended December 31, 2015:

Level 3 Balance –December 31, 2014	\$532.
Net Change	(\$532)
Level 3 Balance-December 31, 2015	\$ 0.

See below for further information on this topic.

Statement of Cash Flows

The Company maintains cash and cash equivalents with financial institutions. The Company considers cash and cash equivalents as those amounts which are not subject to restrictions or penalties and have an original maturity of three months or less. At times, cash balances may exceed the insured limits. The Company has not experienced any losses in such accounts.

Depreciation

There is no allowance for depreciation in the financial statements as the Company owned no depreciable fixed assets during the year ended December 31, 2015.

Accrued Expenses and Other Liabilities

The Company's financial statements include certain accrued expenses that are fixed and determinable at December 31, 2015. Such accruals are reflected in the Statement of Financial Condition in the current liability section.

HAMPTON HEDGE FUND MARKETING, LLC

NOTES TO FINANCIAL STATEMENTS (continued)

FOR THE YEAR ENDED DECEMBER 31, 2015

NOTE B-INCOME TAXES

The Company was formed as an LLC but elected to be treated as a corporation. Effective January 1, 2009, the Company has elected to be treated as a pass-through entity (an "S-Corporation") for federal and Virginia income tax purposes and, as such, is not subject to income taxes. Rather, all items of taxable income, deductions and tax credits are passed through to and are reported by its owners on their respective income tax returns. Accordingly, these financial statements do not reflect a provision for income taxes. Penalties and interest, if any, assessed by taxing authorities are included in operating expenses.

The Company recognizes tax benefits only to the extent that the Company believes it is "more likely than not" that its tax positions will be sustained upon examination by the taxing authorities. For the year ended December 31, 2015, management believes that all of the positions taken on its federal and state income tax returns would more likely than not be sustained upon examination. The federal income tax returns of the Company for 2015, 2014, and 2013 are potentially subject to examination by the IRS, generally for three years after they were filed.

NOTE C—SECURITIES TRANSACTIONS AND SECURITY LENDING

The Company has not entered into any securities or commodities transactions. The Company sells limited partnership interests, but the customer funds are paid directly to the issuer, not to the Company.

Resale and Repurchase Agreements

The Company has not entered into any transactions involving the purchase of securities under agreements to resell (reverse repurchase agreements or reverse repos) or sales of securities under agreements to repurchase (repurchase agreements or repos).

The Company has not entered into any securities borrowed and securities loaned transactions. As of December 31, 2015, the Company had not entered into any subordinated loan agreements.

NOTE D—INVESTMENT BANKING

The Company does not act as an underwriter or agent in investment banking transactions.

NOTE E- MAJOR CUSTOMER

For the year ended December 31, 2015, a majority of the Company's fee income comes from one customer and the total income is earned from three customers.

HAMPTON HEDGE FUND MARKETING, LLC
NOTES TO FINANCIAL STATEMENTS (continued)
FOR THE YEAR ENDED DECEMBER 31, 2014

NOTE F-RESERVE REQUIREMENT PURSUANT TO RULE 15C3-3

The Company is exempt from the provisions of Rule 15c3-3 under paragraph (k)(2)(i) in that the Company carries no margin accounts, promptly transmits all customer funds and delivers all securities received, does not otherwise hold funds or securities for or owe money or securities to customers and effectuates all financial transactions on behalf of customers on a fully disclosed basis. See attached exemption statement.

NOTE G -RELATED PARTY TRANSACTION

The Company rents space from a property owned by the member. The monthly rent for this space is \$1,200 per month and is on a month to month basis. The total cost incurred for 2015 was \$14,400.

NOTE H-NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission's Net Capital Rule 15c3-1, which requires the maintenance of minimum net capital and requires that an acceptable ratio of aggregate indebtedness to net capital exist. At December 31, 2015, the Company had net capital of \$65,484 , which exceeded the minimum requirement of \$5,000 by \$60,484. The Company's ratio of aggregate indebtedness to net capital ratio was 30.7526% or .307526.

NOTE I -DEFINED BENEFIT PENSION

The Company sponsors a qualified, noncontributory defined-benefit retirement plan covering substantially all of its employees. The benefits are based on each employee's years of service up to a maximum of 10 years and the highest average compensation received during any 3 consecutive years. An employee becomes fully vested upon completion of 5 years of qualifying service.

The company uses a December 31 measurement date for its plans. The following tables set forth further information about the Company's defined benefit pension plan as of and for the year ended December 31, 2015:

Obligations of Funded Status

Projected benefit obligation	260,919
Fair value of plan assets	146,147
Funded status, shortfall	114,772

Accumulated benefit obligation 260,919

HAMPTON HEDGE FUND MARKETING, LLC
NOTES TO FINANCIAL STATEMENTS (continued)
FOR THE YEAR ENDED DECEMBER 31, 2015

Employer Contributions	0
Participant Contributions	0
Benefits Paid	0

The Company has a net accrued pension obligation of \$373,234 at December 31, 2015 and the amount that would be recognized in accumulated other comprehensive income consist of an unamortized actuarial gain of \$257,657 as of December 31, 2015.

Cash Flows

It is the policy of the Company to fund an amount to the pension plan each year that will maximize its deduction for federal income tax purposes. The Company's contribution to the pension plan is discretionary and currently has not determined an amount, if any, to be funded to the plan for 2015. Management has decided there is no probability that the net accrued pension obligation will be funded and therefore has not recorded this obligation on its financial statements as of December 31, 2015

The benefit payments are indeterminate at the current time.

Assumptions

The company used a weighted average discount rate of 5.0% and an expected return on plan assets of 5.0% to determine benefit obligations and net periodic benefit cost at and for the year ended December 31, 2015.

The Company's expected rate of return on plan assets is determined by the plan assets' historical long-term investment performance, current asset allocation, and estimates of future long-term returns by asset class.

Plan Assets

The Company's investment strategy is to provide a modest return (5-10%) per year by investing in cash, stocks, bonds and hedge fund instruments. The Company attempts to mitigate investment risk by providing a diversified pool of assets with little correlation to major stock indices. No plan assets are expected to be returned to the Company during 2015. The Plan distributed \$230,000 to plan beneficiaries during 2009 due to economic hardship withdrawals of which \$100,000 will be repaid. As of December 31, 2015, the money is held by the plan as unsecured debt.

NOTE J-DATE OF MANAGEMENT EVALUATION
