Elara Securities, Inc
Notes to Financial Statements
March 31, 2016

1. Organization and Summary of Significant Accounting Policies

Nature of Business

Elara Securities, Inc. (the "Company") is a Corporation formed under the laws of the State of New York on June 3, 2009. The Company is a registered broker-dealer under the Securities Exchange Act of 1934 ("SEC") and is a member of the Financial Industry Regulation Authority ("FINRA") and Securities Investor Protection Corporation ("SIPC"). The Company provides broker-dealer services to individuals and institutions including sales of securities and mutual funds and private placements. It also operates as a chaperoning broker-dealer for its foreign affiliates. The Company is a wholly owned subsidiary of Elara Capital, Inc. (the "Parent").

Significant Accounting Policies

Restricted Cash

Restricted cash represents a certificate of deposit which has been pledged to a bank in consideration of the extension of credit available on a credit card issued by the same bank. The bank has a security interest in the value of the certificate. The certificate is a one year renewing certificate maturing on November 19, 2016 and earns interest at an annual rate of 0.01%. In accordance with the pledge agreement, the Company must maintain the full amount of the certificate until the agreement is terminated.

Property and Equipment

Property and Equipment are stated at cost less accumulated depreciation. Depreciation is calculated using the straight-line method based on the estimated useful life of the assets, as follows:

<u>Classification</u>	
Office equipments	4 years
Furniture and fixtures	4 years

Revenue Recognition

Investment banking revenues include underwriting revenues, fees for merger and acquisition advisory services, and referral fees, which are accrued when services for the transactions are substantially completed. Transaction-related expenses, primarily legal, travel and other costs directly associated with the transaction, are recognized in the same period as the related revenue. Commissions are recorded on a trade date basis, as required.

Accounts Receivable

Trade accounts receivable are stated at the amount the Company expects to collect. The Company maintains allowances for doubtful accounts for estimated losses resulting from the inability of its customers to make required payments. The Company believes all accounts receivables are collectible and therefore no allowance has been recorded.

Income Taxes

The Company is a wholly owned subsidiary, and therefore, the profits and losses of the Company are consolidated with those of its Parent and reported in the tax returns required to be filed in the U.S. federal jurisdiction and various states. U.S. federal and state tax returns of the Company and its Parent are subject to income tax examination for the prior 3 years. The Company has no uncertain tax positions at March 31, 2016, and there are no tax related penalties or interest for the period reported in these financial statements.

Elara Securities, Inc
Notes to Financial Statements
March 31, 2016

The Company utilizes the asset and liability method of accounting for income taxes. Under the asset and liability method, deferred income taxes are recognized for the tax consequences of "temporary differences" by applying enacted statutory tax rates applicable to future years to differences between the financial statement carrying amounts and the tax basis of existing assets and liabilities. Deferred income taxes result primarily from temporary differences related to net property and equipment, and start up costs for financial and income tax reporting. The deferred tax assets and liabilities represent the future tax return consequences of those differences, which will either be taxable or deductible when the assets and liabilities are recovered or settled. Deferred tax expense or benefit is recognized as a result of the change in the deferred tax assets or liabilities during the year.

The Company has net operating loss carryforwards available in certain jurisdictions to reduce future taxable income. Future tax benefits associated with net operating loss carryforwards are recognized to the extent that realization of these benefits is considered more likely than not. This determination is based on the expectation that related operations will be sufficiently profitable or various tax, business, and other planning strategies will enable the Company to utilize the net operating loss carryforwards. To the extent that available evidence raises doubt about the realization of a deferred income tax asset, a valuation allowance is established.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Estimates are used in determining, among other items, useful lives of tangible assets and deferred income taxes. Actual results could differ from those estimates.

2. Related Party Transactions

The Company is a wholly owned subsidiary of Elara Capital, Inc., which is a wholly owned subsidiary of Elara Capital, Plc - a Corporation established under the laws of the United Kingdom. Both Elara Capital, Inc. and Elara Capital, Plc are considered related parties of the Company. The Company has certain transactions with its related parties. As such, had the Company operated as an unaffiliated entity, the financial position and results of operations could differ from those reflected herein.

During the year ended March 31, 2016, Elara Capital, Plc paid \$255,700 (61.51% of the Company's revenue) to the Company for its share of commissions and investment banking transactions that were referred by the Company.

The Company has entered into an agreement with its Parent whereby the Parent committed to funding all overhead and operational expenses for the Company, as needed.

Additionally, certain costs were incurred by the Company on behalf of the Parent. Such costs include payroll, employee related benefits, and general operating expenses which are partially allocated to the Parent. The total of such costs for the year ended March 31, 2016 was \$25,466. The total amount due from the Parent was \$134,976 at March 31, 2016 and is included in the amount due from related parties in the statement of financial condition.

The total amount due from related parties is non-interest bearing and is anticipated to be satisfied through normal business operations.

Notes to Financial Statements
March 31, 2016

5. Commitments and Contingencies

The company entered into an operating lease agreement for office space in New York on March 4, 2016 and will place a deposit of \$15,033 with The Gordian Group LL. The lease will commence on May 1, 2016, and is scheduled to expire on September 29, 2017 . We have an amount of deposit of \$14,612 included in other assets in the statement of financial condition as receivable from previous landlord Panna R. Realty LLC.

Minimum future rentals to be paid on this lease as of March 31, 2016 are follows:

Year ended March 31, 2017	<u>\$44,366</u>
Year ended March 31, 2018	<u>\$24,200</u>

Rent expense for the year ended March 31, 2016 was \$44,682.

As a result of a routine FINRA examination, the Company is currently awaiting response as to whether the firm will be subject to any enforcement action or whether corrective actions taken will be deemed sufficient. No expense accrual has been recognized given the lack of ability to project what FINRA will do on this matter.

6. Concentration of Credit and Other Risks

Financial instruments that are potentially subject to credit risk include cash and cash equivalents. The Federal Deposit Insurance Corporation insures the Company's bank accounts up to a maximum of \$250,000 in each bank. The Company's cash balances exceed such insured limits at times.

The processing of certain revenue transactions was completed by Elara Capital, Plc in the United Kingdom and one of its affiliates in Mauritius. Such activity conducted in foreign countries subjects the Company to unpredictable changes or disruptions due to economic, political or legal issues.

7. Net Capital Requirements

Pursuant to the basic uniform net capital provisions of the Securities and Exchange Commission (Rule 15c3-1), the Company is required to maintain a minimum net capital, as defined in such provisions. Further, the provisions require that the ratio of aggregate indebtedness, as defined, to net capital shall not exceed 15 to 1. Net capital and the related net capital ratio may fluctuate on a daily basis. At March 31, 2016, the Company had net capital and minimum net capital required of \$378,836 and \$250,000, respectively. The Company's net capital ratio was 0.0320 to 1.
