REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To The Shareholders of Retirement Planning, Inc. Walnut Creek, California

We have audited the accompanying financial statements of Retirement Planning, Inc., which comprise the statement of financial condition as of June 30, 2016, and the related statements of operations, changes in shareholders equity, and cash flows for the year then ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements and supplemental information. Retirement Planning Inc.'s management is responsible for these financial statements. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial condition of Retirement Planning, Inc. as of June 30, 2016, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

The supplemental information contained in Schedule I has been subjected to audit procedures performed in conjunction with the audit of Retirement Planning Inc.'s financial statements. The supplemental information is the responsibility of Retirement Planning, Inc.'s management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with Rule 17a-5 of the Securities Exchange Act of 1934. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.

RETIREMENT PLANNING, INC. NOTES TO FINANCIAL STATEMENTS JUNE 30, 2016

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Business

Retirement Planning, Inc. is a licensed securities broker-dealer registered with the SEC and FINRA and is engaged in the sale of mutual funds and annuities, primarily in Northern California.

Furniture and Equipment

Furniture and equipment are stated at cost. Depreciation is computed by the declining balance method based on the estimated useful lives of the related assets.

Marketable Securities

Marketable securities are valued at market value. The resulting difference between cost and market is included in income.

Valuation of Securities Not Readily Available

Securities not readily marketable include securities for which there is no market on a securities exchange or an independent publicly quoted market, and securities which cannot be offered or sold because of restriction on the transfer of the security, are carried at the estimated fair value as determined by the Board of Directors. Retirement Planning, Inc. does not have any securities that are not readily marketable.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Uncertain Tax Positions

The Company accounts for uncertain tax positions in accordance with GAAP. GAAP prescribes a recognition threshold and measurement process for financial statement recognition of uncertain tax positions taken or expected to be taken on a tax return. GAAP also provides guidance on recognition, de-recognition, classification, interest and penalties, accounting in interim periods, disclosure, and transition. There was no impact on total liabilities or stockholders equity as a result of the adoption of these provisions.

The tax years that remain subject to examination by major tax jurisdictions start with the year 2012.

Subsequent Events

Subsequent events have been evaluated through August 12, 2016, which is the date the financial statements were available to be issued.

RETIREMENT PLANNING, INC. NOTES TO FINANCIAL STATEMENTS JUNE 30, 2016

2. LEASE

The Company leases its office under a non-cancelable operating sub-lease which expires in November 2018. Minimum rental payments for the next three years are:

2016	\$18,000
2017	\$18,000
2018 (11 months)	\$16,500

The Company leases its office from an entity in which the shareholder has a fifty percent interest.

3. PENSION PLAN

The Company adopted a profit sharing plan covering all full-time employees. The plan provides for contributions by the company in such amounts that are determined annually by the Board of Directors. The Company funds pension costs as accrued.

4. NET CAPITAL REQUIREMENTS

The Company is required to maintain minimum net capital, as defined by the Securities and Exchange Commission, equivalent to the greater of \$5,000 or one-fifteenth of "aggregate indebtedness" as defined under the net capital rules. Net capital and the related net capital ratio fluctuate on a daily basis. At June 30, 2016, the Company had net capital of \$132,331 and aggregate indebtedness of approximately \$24,400, a ratio of 0.18 to 1.00.

5. FAIR VALUE MEASUREMENT

GAAP establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

<u>Level 1</u> inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.

<u>Level 2</u> inputs are inputs (other than quoted prices included within Level 1) that are observable for the asset or liability, either directly or indirectly.

<u>Level 3</u> inputs are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability. (The unobservable inputs should be developed based on the best information available in the circumstances and may include the Company's own data.)

RETIREMENT PLANNING, INC. NOTES TO FINANCIAL STATEMENTS JUNE 30, 2016

5. FAIR VALUE MEASUREMENT (continued)

The following table presents the Company's fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis as of June 30, 2016:

Assets:	Level 1	Lev	rel 2	Leve	els 3	Total
Cash and Equivalents	\$ 157,876	\$	0	\$	0	\$ 157,876
