NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Global Brokerage Services, Inc. (the Firm) is a Registered Investment Advisory Firm and an Independent Broker-Dealer offering mutual funds, exchange traded funds, tax deferred investments, and related insurance products. The Firm offers investment opportunities in the United States and abroad to meet the goals and objectives of its clients. The Firm does not hold funds or securities for, or owe money or securities to, customers and does not carry accounts of, or for, customers including the purchase, sale and redemption of redeemable shares of registered investment companies or participation in insurance company's separate accounts. The Firm was incorporated in the state of Maryland and started operations in October 1994. The Firm is registered under the Securities Exchange Act of 1934 and is a member of the Financial Industry Regulatory Authority (FINRA)

Preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. On an ongoing basis, the Firm evaluates its estimates, including those related to the allowance for uncollectible accounts receivable. The Firm bases its estimates on historical experience and on various other assumptions that are believed to be reasonable, the results of which form the basis for making assumptions about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from those estimates.

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

<u>Cash and Cash Equivalents</u> – The Firm considers investments in money market accounts and certificates of deposit with maturities of three months or less to be cash equivalents.

<u>Marketable Securities</u> – Marketable securities are investments, which are considered trading securities and thus valued at fair market value.

<u>Office Administration</u> – As a matter of policy, the Firm does not acquire nor own any personal property in the name of the corporation. Costs associated with its occupancy, payroll and related costs, advertising and promotional costs, insurance and various other office expense are included as part of the management fee paid to its affiliate organization.

<u>Revenue Recognition</u> – Commissions and fees earned on initial investment contracts are recognized as the contracts are accepted and executed by the investment companies. Subsequent commissions and fees are recognized when notified by the investment companies. Earned commissions may subsequently be forfeited should a client decide to cancel their investment in an annuity or life insurance product within the initial period. Such charge backs are recognized when incurred. Other commissions subsequently deemed uncollectible are reserved.

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

<u>Earnings per share</u> – Earnings per share are calculated using the weighted average of shares of capital stock outstanding during each year. The Firm incurred a loss per share for the year ended June 30, 2016 in the amount of \$3.00 per share.

<u>Income taxes</u> – The Firm accounts for income taxes in using the asset and liability approach to financial accounting and reporting. The deferred tax liabilities are calculated on the difference between the financial statements (accrual basis) and tax returns (cash basis), using enacted tax rates in effect for the years in which the differences are expected to reverse. Current income taxes are based on the years' taxable income. Deferred income taxes represent the future tax return consequences of those differences, which will either be taxable or deductible when the assets and liabilities are recovered or settled.

<u>Fair value of financial instruments</u> – The Firm's assets and liabilities are carried at fair value or contracted amounts which approximate fair value. Assets consist of cash and receivables. Liabilities consist of accounts payable and accrued expenses.

<u>Subsequent events</u> — Management considers events occurring after the balance sheet date which might have an impact on the Firm's results of operations, asset or liability balances presented in the accompanying financial statements, Management has evaluated subsequent events through August 16, 2016, which is the date the financial statements were available to be issued.

<u>Income taxes</u> – The Firm accounts for income taxes in using the asset and liability approach to financial accounting and reporting. The deferred tax liabilities are calculated on the difference between the financial statements (accrual basis) and tax returns (cash basis), using enacted tax rates in effect for the years in which the differences are expected to reverse. Current income taxes are based on the years' taxable income. Deferred income taxes represent the future tax return consequences of those differences, which will either be taxable or deductible when the assets and liabilities are recovered or settled.

<u>Fair value of financial instruments</u> – The Firm's assets and liabilities are carried at fair value or contracted amounts which approximate fair value. Assets consist of cash and receivables. Liabilities consist of accounts payable and accrued expenses.

<u>Subsequent events</u> – Management considers events occurring after the balance sheet date which might have an impact on the Firm's results of operations, asset or liability balances presented in the accompanying financial statements, Management has evaluated subsequent events through August 16, 2016, which is the date the financial statements were available to be issued.

NOTE B - COMMISSIONS RECEIVABLE

Management is of the opinion that all of the Firm's Commissions receivable are fully collectible. As of June 30, 2016, the receivable consisted of commissions from the sale of mutual funds, common stocks, annuities, private placements and 12b-1 fees. Management regularly evaluates the collectability of the Firm's receivables and consequently believes that no allowance for doubtful receivables is required.

NOTE C – DEPOSIT WITH CLEARING ORGANIZATION

The Firm has an agreement with Hilltop Securities, Inc. to act as its clearing agent. The Firm maintains a deposit with the clearing firm in the amount of \$10,626 in a non-interest bearing account.

NOTE D - SUBORDINATED LIABILITIES

NOTE E – COMMISSIONS PAYABLE

The Firm has entered into selling agreements with its representatives to solicit and sell approved investment products. The representatives are independent contractors and are responsible for their own expenses, income taxes and benefits. The Firm compensates its representatives by paying them a portion of the commissions from the investment products sold.

NOTE F - EXEMPTION FROM RULE 15c3-3

The Firm is exempt from Rule 15c3-3(k)(2)(ii) of the Securities Exchange Act of 1934 under subparagraph (k) because the Firm's transactions are limited to the sale and redemption of redeemable securities of registered investment companies or interests or participations in an insurance company separate account and the Firm promptly transmits all funds. Accordingly, the Firm is not required to maintain a "Special Reserve Bank Account for the Exclusive Benefit of Customers" customarily referred to as the Reserve Bank Account.

NOTE G - NET CAPITAL REQUIREMENTS

The Firm is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and a ratio of aggregate indebtedness to net capital, both as defined, which shall not exceed 15 to 1. The rule of the "applicable" exchange provides that equity capital may not be withdrawn for dividends if the resulting net capital ratio would exceed 10 to 1. At June 30, 2016 the Firm had excess net capital of \$44,226, which was \$39,226 in excess of its required net capital of \$5,000.

Federal Income Tax (Benefit)	(\$	1,053)
State Income Tax (Benefit)	(<u>634</u>)
Total	<u>(\$</u>	<u>1,687</u>)
Currently Payable	\$	297
Deferred Provision	(<u>1,984</u>)
Total	<u>(\$</u>	<u>1,687</u>)

Overall deferred taxes are provided for the cumulative difference between financial statement income and tax return income at an approximate rate of 22%. As of June 30, 2016, net deferred taxes consisted of the following:

Commissions Receivable	\$	7,471

Management considers the likelihood of changes by taxing authorities in its filed income tax returns and recognizes a liability for or discloses potential changes that management believes are more likely than not to occur upon examination by tax authorities. Management has not identified any uncertain tax positions that require recognition or disclosure in the accompanying financial statements. The federal and state income tax returns for the Firm are subject to examination by the Internal Revenue Service and state taxing authorities, generally for a period of three years from the date they were filed. The Firm has not been notified of any intent for such an examination.

NOTE I - MANAGEMENT FEE AND OTHER TRANSACTIONS WITH AFFILIATES

The officers and shareholders' of the Firm is also a principal in other entities, exercising common control, which could affect the operating results or financial position of the Firm. These results could be significantly different from those that would have been obtained if the Firm was autonomous.

As of July 1, 1995 the Firm has entered into a management service agreement with Universal Asset Management, Inc. for a number of management services on a month to month basis and may be terminated immediately by either party. The Firm incurred management fees of \$294,000 for the year ended June 30, 2016.
