These financial statements are the responsibility of Seabrook Partners, LLC's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. The Supplemental Schedules are the responsibility of Seabrook Partners, LLC's management. Our audit procedures included determining whether the Supplemental Schedules reconcile to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the Supplemental Schedules. In forming our opinion on the Supplemental Schedules we evaluated whether the Supplemental Schedules, including its form and content is presented in conformity with 17 C.F.R. § 240.17a-5. In our opinion, the Supplemental Schedules are fairly stated, in all material respects, in relation to the financial statements as a whole.

## SEABROOK PARTNERS, LLC NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2014

#### 1. Organization and Nature of Business

Seabrook Partners LLC (the Company) is a broker-dealer registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA) and the Securities Investors Protection Corporation (SIPC). The Company was formed under Maryland law and is located in Bethesda Maryland. The Company completed its registration as a broker-dealer on December 21, 2011 with the SEC. The Company represents private companies in a variety of industries, including government services, information technology, outsourced business services and manufacturing. The majority of the Company's transactions are acquisitions of a business in which the Company represents the selling shareholders of the business.

With respect to these activities, the Company does not trade in any securities, does not otherwise hold funds or securities for, or owe money or securities to, customers and does not otherwise carry customer accounts. Accordingly, the Company is exempt from Rule 15c3-3 under the Securities Exchange Act of 1934.

#### 2. Significant Accounting Policies

#### Basis of Presentation

The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP).

#### Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### Revenue Recognition

Investment banking revenues include fees paid in connection with a strategic transaction, including mergers, acquisitions, recapitalizations or capital raises. The fees consist of (i) non-refundable retainer fees paid at the beginning of the assignment and/or on a monthly basis during the first three to six months of the assignment; and (ii) transaction fees that are paid at the closing of the transaction and are typically a percentage of the transaction value.

#### Cash and Equivalents

For purposes of the Statement of Cash Flows, the Company has defined cash equivalents as highly liquid investments, with original maturities of less than three months, that are not held for sale in the ordinary course of business.

#### SEABROOK PARTNERS, LLC NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2014

#### 3. Fair Value

Fair Value Measurement

FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.

Level 2 inputs are inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability. The unobservable inputs should be developed based on the best information available in the circumstances and may include the Company's own data.

No Level 1, Level 2 or Level 3 financial instruments were owned by the Company as of December 31, 2014.

#### 4. Concentration of Credit Risk

The Company maintains its cash balances in one financial institution, which at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts and believes it is not subject to any significant credit risk on cash.

#### 5. Income Taxes

As a limited liability company, the Company's taxable income or loss is allocated to members in accordance with their respective percentage ownership. Therefore, no provision or liability for income taxes has been included in the financial statements.

#### 6. Concentration of Revenues

During the year ended December 31, 2014, two customers accounted for approximately 92% of revenues for the year in amounts representing approximately 50% and 42%, respectively. There were no related receivables at December 31, 2014.

#### SEABROOK PARTNERS, LLC NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2014

The Company is subject to the SEC Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2014, the Company had net capital of \$47,933, which was \$42,933 in excess of its required net capital of \$5,000. The Company's ratio of aggregate indebtedness to net capital was 0%.

#### 8. Exemption from Rule 15c3-3

The Company is exempt from the Securities and Exchange Commission Rule 15c3-3 pursuant to the exemptive provisions under sub-paragraph (k)(2)(i) and, therefore, is not required to maintain a "Special Reserve Bank Account for the Exclusive Benefit of Customers."

#### 9. Operating Lease

The Company has entered into an operating lease agreement for its primary location. The term of the lease agreement is month to month, and contains a provision for future rent increases in the amount of five percent after each twelve month period.
