Report of Independent Registered Public Accounting Firm

To the Member of
Tobin & Company Securities LLC
Charlotte, North Carolina

We have audited the accompanying statement of financial condition of Tobin & Company Securities LLC (the Company) as of June 30, 2016, and the related notes to the financial statement. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the financial position of Tobin & Company Securities LLC as of June 30, 2016, in conformity with accounting principles generally accepted in the United States.

Notes to Financial Statements

June 30, 2016

Note 1. Summary of Significant Accounting Policies and Activities

These financial statements were prepared on the basis of accounting principles generally accepted in the United States of America. The more significant of these principles used are described as follows:

Business activity and regulation:

Tobin & Company Securities LLC (the "Company") is a broker-dealer registered with the Securities and Exchange Commission ("SEC") and is a member of the Financial Industry Regulatory Authority, Inc. ("FINRA"), and the Securities Investor Protection Corporation ("SIPC"). The Company is a wholly-owned subsidiary of Tobin & Company Investment Banking Group LLC (the "Parent"). The Company is a North Carolina limited liability company licensed in Alabama, California, Colorado, Connecticut, District of Columbia, Florida, Georgia, Illinois, Kentucky, Maryland, Massachusetts, Montana, Nebraska, New Jersey, New York, North Carolina, Pennsylvania, South Carolina, Tennessee, Texas and Virginia. As a registered broker-dealer, the Company primarily represents clients in capital-raise related activities composed primarily of private placement transactions structured as the sale of corporate stock or other securities. The Company also represents clients in merger and acquisition related activities composed of sell-side and buy-side transactions structured as the sale or purchase of corporate stock or other securities. The Company does not maintain custody of client funds nor engage in firm trading, brokerage activities or securities underwriting.

Cash:

The Company maintains cash deposits with financial institutions that are federally insured by the Federal Deposit Insurance Corporation ("FDIC"), as of June 30, 2016.

Fees income:

The Company's revenues are generated primarily through providing private placement related advisory services. The Company receives non-refundable fees to compensate for the substantial research and analysis performed in the initial stage of the engagement in order to assist the client in meeting regulatory compliance requirements. The remainder of any fee revenue generated by the Company is recognized upon the closing of a transaction.

Other revenues relate primarily to providing compliance services to registered representatives who choose the Company to assist them with regulatory compliance matters. The Company charges monthly retainer fees which are collected upfront on an annual basis under terms of agreements in place with the representatives.

Accounts Receivable:

The Company may extend credit to its clients under its service agreements. By their nature, receivables involve risk, including the credit risk of nonpayment by the client. Receivables are considered past due based on contractual and invoice terms. Accounts deemed uncollectible are charged directly to bad debt expense. Management considers all accounts receivable to be collectible; therefore, no allowance for doubtful accounts has been made. Accounts receivable amounted to \$150 as of June 30, 2016.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and

Tobin & Company Securities LLC**Notes to Financial Statements****June 30, 2016**

the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Fair value of assets and liabilities:

The carrying amounts of all financial instruments approximate their estimated fair values in the accompanying statement of financial condition.

Recently issued accounting pronouncements:

Accounting standards that have been issued or proposed by the Financial Accounting Standards Board ("FASB") or other standards-setting bodies are not expected to have a material impact on the Company's financial position, results of operations or cash flows.

Note 2. Net Capital Requirement

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-I), which requires the maintenance of a minimum net capital of \$5,000 and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At June 30, 2016 the Company had net capital of \$32,208 which was \$27,208 in excess of its required net capital of \$5,000. The Company's ratio of aggregate indebtedness to net capital was .9451 to 1 at June 30, 2016.

Note 3. Income Tax Status

The Company is classified as a limited liability company for federal income tax purposes. Accordingly, no provision for income taxes is made in the financial statements of the Company. Taxable income or loss is reported in the income tax return of its member.

Management has determined that the Company has no uncertain tax positions that would require the Company to record a liability for unrecognized tax benefits. The Company's income tax returns have not been examined. Fiscal years ending on or after December 31, 2011 remain subject to examination by federal and state tax authorities.

Note 4. Commitments, Contingencies or Guarantees

Management is not aware of any commitments, contingencies or guarantees that might result in a loss or future obligation.

Note 5. Subsequent Events

Subsequent events are events or transactions that occur after the balance sheet date but before the financial statements are issued. Recognized subsequent events are events or transactions that provide additional evidence about conditions that existed at the date of the balance sheet, including the estimates inherent in the process of preparing financial statements. Nonrecognized subsequent events are events that provide evidence about conditions that did not exist at the date of the balance sheet but arose after that date. Management has reviewed events occurring through the date of the financial statements were available to be issued and no subsequent events occurred requiring accrual or disclosure.
