Notes to Financial Statements Year Ended June 30, 2016

1. THE COMPANY AND SIGNIFICANT ACCOUNTING POLICIES

The Company and Nature of the Business

Continental Investors Services, Inc. (the Company) is a broker-dealer registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA). The Company is a Washington state corporation.

The Company provides broker-dealer services in principally debt-related securities both as agent and principal to its customers. The Company operates under SEC Rule 15c3-3(k)(2)(ii), which provides that all funds and securities belong to the Company's customers would be handled by a clearing broker-dealer. The Company's customers are located throughout the United States.

Securities Owned

Proprietary security transactions in regular-way trades are recorded on a trade-date basis, as if they had been settled. Profit and loss arising from all securities transactions entered into for the account and risk of the Company are recorded on a trade-date basis. Customers' securities transactions are reported on a settlement date basis with related commission income and expenses reported on a trade date basis.

Securities owned and securities sold not yet purchased are recorded at fair value in accordance with FASB ASC 820, Fair Value Measurement (See Note 2).

Securities and investments which are not readily marketable are carried at fair value as determined by management of the Company. Unrealized gains and losses are credited or charged to operations. The Company's securities are being held by the clearing broker-dealer. Should the clearing broker-dealer fail to deliver securities to the Company, the Company may be required to purchase identical securities on the open market.

Securities sold not yet purchased represent an obligation of the Company to deliver specified equity securities at a predetermined price. The Company is obligated to acquire the securities at prevalent market prices in the future to satisfy this obligation.

Receivables from broker-dealers and clearing organizations are generally collected in full in the month following their accrual. As such, management has not recorded an allowance for doubtful accounts on these receivables.

Other Receivables

The Company advances funds to its registered representatives as determined necessary by management. Management records an allowance for bad debts based on a collectability review of specific accounts. Management believes all receivables to be collectible as of the date of this report.

Notes to Financial Statements Year Ended June 30, 2016

Commissions

Commissions and related clearing expenses are recorded on a trade-date basis as securities transactions occur.

Advertising

Advertising costs are expensed as incurred. Total advertising expense for the year ended June 30, 2016 was \$1,330.

Furniture and Equipment and Depreciation

Furniture and equipment with a cost basis in excess of \$5,000 are capitalized and stated at cost. Depreciation is provided on a straight-line basis using estimated useful lives of three to ten years.

Normal repairs and maintenance, including website maintenance, computer hardware replacement parts or computer software upgrades, are expensed as incurred.

Depreciation is computed on the straight-line method over estimated useful lives as follows:

Computer hardware and software	5 years
Furniture and equipment	5 years
Website development costs	5 years

Treasury Stock

Treasury stock is accounted for using the cost method.

Income Taxes

The Company provides taxes on those due currently and those deferred to future periods as of the date of the financial statements, utilizing currently enacted tax laws and rates. Deferred tax expenses or benefits are recognized in the financial statements for the changes in deferred tax liabilities or assets between years.

Concentrations of Risk

Substantially all of the Company's cash is on deposit at one financial institution and the balance at times may exceed the federally insured limit. Due to the strong credit rating of this financial institution, the Company believes it is not exposed to any significant credit risk to cash.

The Company has a significant investment in non-investment grade, non-convertible debt securities (some of which are in default). As of June 30, 2016, the fair value of those debt securities was \$10,048 less than original cost. Such unrealized loss has been recognized in prior fiscal years.

Notes to Financial Statements Year Ended June 30, 2016

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Commitments and Contingencies

Accordingly to an indemnification clause in the Company's clearing agreement, should the Company's customers fail to settle security transactions, the Company will indemnify the clearing broker-dealer to the extent of the net loss on the unsettled trade. As of June 30, 2016, the Company had not been notified by the clearing broker-dealer, nor was management aware, of any potential losses.

Subsequent Events

Management has evaluated events through August 24, 2016, the date on which the financial statements were available to be issued. No events have occurred subsequent to year-end that require adjustment to or disclosure in the financial statements.

2. FAIR VALUE MEASUREMENTS

FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy, which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell and asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.
- Level 2 inputs are inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability. The unobservable inputs should be developed based on the best information available in the circumstances and may include the Company's own data.

Notes to Financial Statements Year Ended June 30, 2016

The following table presents the Company's fair value hierarchy for those assets (and corresponding liabilities) measured at fair value on a recurring basis as of June 30, 2016:

Security Type	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Corporate and other debt	\$ -	\$1,946,685	\$	\$ 1,946,685
Municipal bonds	25,301	716,302	-	741,603
Equities	179,351		<u> </u>	179,351
TOTALS	\$ 204,651	<u>\$ 2,662,987</u>	<u>\$</u>	\$ 2,867,639

3. RECEIVABLE FROM AND PAYABLE TO BROKER-DEALER AND CLEARING ORGANIZATION

Amounts receivable from and payable to the Company and the clearing organization at June 30, 2016 consist of the following:

Deposits for securities borrowed/loaned	<u>Receivable</u> \$ 1,205,796	<u>Payable</u> \$ -
Payable to clearing broker		2,625,688
Receivable from clearing broker	107,763	-
Fees and commissions receivable/payable TOTALS	11,213 \$ 1,313,559	48,023 \$ 2,673,711

The Company clears its proprietary and customer transactions through one broker-dealer on a fully-disclosed basis. As such, The Company is exempt from certain provisions of Rule 15c3-3 because it does not hold funds or securities of customers. The amount payable to the clearing broker relates to unsettled trading securities owned and is collateralized by securities owned by the Company. Interest is charged on this payable at the prevailing margin rate, which was 4.84% at June 30, 2016.

Notes to Financial Statements Year Ended June 30, 2016

4. INCOME TAXES

Net income before taxes	\$ 117,774
Tax effect of permanent differences: 50% of meals and entertainment expense	2,166
Tax-exempt income, net of related nondeductible interest expense	(67,100)
Taxable income	\$ 52,837
Federal income tax provision	\$ 8,181

5. NET CAPITAL REQUIREMENTS

The Company is subject to the SEC Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule of the "applicable" exchange also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1). Notes to Financial Statements Year Ended June 30, 2016

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Shareholders of Continental Investors Services, Inc. Longview, Washington

We have reviewed management's statements, included in the accompanying Exemption Report, in which (1) Continental Investors Services, Inc. identified the following provision of 17 C.F.R. ξ 15c3-3(k) under which Continental Investors Services, Inc. (CIS) claimed an exemption from 17 C.F.R. ξ 240.15c3-3: (2) (ii) (the exemption provisions) and (2) CIS stated that CIS met the identified exemption provisions throughout the most recent fiscal year without exception. CIS' management is responsible for compliance with the identified exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about CIS' compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k) 2(ii) of Rule 15c3-3 under the Securities and Exchange Act of 1934.

- 1. Compared the listed assessment payments in Form SIPC-7 with respective cash disbursement records entries, noting no differences.
- 2. Compared the amounts reported on the audited Form X-17A-5 for the year ended June 30, 2016, as applicable, with the amounts reported in Form SIPC-7 for the year ended June 30, 2016, noting no differences.
- 3. Compared any adjustments reported in Form SIPC-7 with supporting schedules and working papers, noting no differences.
- 4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working papers supporting the adjustments, noting no differences; and
- 5. Compared the amount of any overpayment applied to the current assessment with the Form SIPC-7 on which it was originally computed, noting no differences (if applicable).

We were not engaged to, and did not conduct an examination, the objective of which would be an expression of an opinion on compliance. Accordingly, we do not express such an opinion.

Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.
