REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Board of Directors Bonwick Capital Partners, LLC

We have audited the accompanying financial statements of Bonwick Capital Partners, LLC (the "Company"), which comprise the statement of financial condition as of December 31, 2015, and the related statements of operations, changes in members' equity, and cash flows for the year then ended that are filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the financial statements and supplementary information. The Company's management is responsible for these financial statements. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial condition of Bonwick Capital Partners, LLC as of December 31, 2015, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

The supplementary information has been subjected to audit procedures performed in conjunction with the audit of the Company's financial statements. The supplementary information is the responsibility of the Company's management. Our audit procedures included determining whether the supplementary information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplementary information. In forming our opinion on the supplementary information, we evaluated whether the supplementary information, including its form and content, is presented in conformity with Rule 17a-5 of the Securities Exchange Act of 1934. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole.

As discussed in Note 13 to the financial statements, subsequent to the issuance of the Company's financial statements the Company was informed by regulatory authorities that a December 31, 2015 conversion of debt to equity was not allowed as of that effective date. The effective date was to be January 27, 2016. The disallowance of the conversion of debt to equity caused the Company to not be in compliance with the net capital provisions.

Our opinion is not modified with respect to this matter.

Fanorelle : Congrang

Abington, Pennsylvania February 26, 2016, except for Note 13, as to which the date is July 13, 2016.

1. Organization and Nature of Business

Bonwick Capital Partners, LLC (the "Company") was formed in 2011 as a limited liability company under the laws of the State of New York. The Company is a broker dealer registered with the Securities and Exchange Commission (the "SEC") and is a member of the Financial Industry Regulatory Authority ("FINRA") and the Securities Investor Protection Corp. ('SIPC"). The Company provides consulting, advisory and capital raising services to private equity fund managers.

Since the Company is a limited liability company, the Member is not liable for the debts, obligations, or liabilities of the Company, whether arising in contract, tort or otherwise, unless the Member has signed a specific guarantee.

2. Summary of Significant Accounting Policies

a) Basis of Accounting

The financial statements are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Revenue is recognized when earned, while expenses and losses are recognized when incurred.

b) Cash and Cash Equivalents

The Company considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. Cash and cash equivalents consist of funds maintained in checking and money market accounts held at financial institutions.

The Company's cash and cash equivalents are held principally at one financial institution and at times may exceed federally insured limits. The Company has placed these funds in a high quality institution in order to minimize risk relating to exceeding insured limits.

c) Revenue Recognition

Securities transactions (and the recognition of related income and expenses) are recorded on a trade date basis. Commission income and related income and expense are recorded on a settlement date basis. There is no material difference between settlement date and trade date.

d) Income Taxes

For income tax purposes, any tax liability on profits are passed along to the individual members. The tax years since inception remain open to examination by the major taxing jurisdictions to which the LLC is subject. Accordingly, no provision for income taxes is provided in the financial statements.

e) Furniture and Equipment

Equipment is carried at cost and is depreciated over a useful life of 5-7 years using the straight-line method.

f) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

4. Indemnifications

In the normal course of its business, the Company indemnifies and guarantees certain service providers against specified potential losses in connection with their acting as an agent of, or providing services to, the Company. The maximum potential amount of future payments that the Company could be required to make under these indemnifications cannot be estimated. However, the Company believes that it is unlikely it will have to make material payments under these arrangements and has not recorded any contingent liability in the financial statements for these indemnifications.

The Company provides representations and warranties to counterparties in connection with a variety of commercial transactions and occasionally indemnifies them against potential losses caused by the breach of those representations and warranties. The Company may also provide standard indemnifications to some counterparties to protect them in the event additional taxes are owed or payments are withheld, due either to a change in or adverse application of certain tax laws. These indemnifications generally are standard contractual terms and are entered into in the normal course of business. The maximum potential amount of future payments that the Company could be required to make under these indemnifications cannot be estimated. However, the Company believes that it is unlikely it will have to make material payments under these arrangements and has not recorded any contingent liability in the financial statements for these indemnifications.

5. Clearing Arrangements

The Company has clearing agreements with First Southwest Securities and Morgan Stanley to provide execution and clearing services on behalf of its customers on a fully disclosed basis. All customer records and accounts are maintained by the Clearing Broker.

6. Fixed Assets

Fixed Assets are depreciated over their respective useful lives of 5 years or in the case of leasehold improvements the lesser of the useful lives or the term of the lease and are comprised of the following at December 31, 2015:

Fixed Assets	Fixed A	Assets
Furniture and		
Equipment	\$	29,524
Leasehold		
improvements		19,434
Less: Accumulated		
Depreciation		(20,340)
	\$	28,618

Depreciation expense for the year ended December 31, 2015 was \$10,193.

7. Income Taxes

Under provisions of the Internal Revenue Code, limited liability companies that are treated as partnerships are not subjected to income taxes and any income or loss realized is taxed to the individual members. Accordingly, no provisions for federal income taxes appear on the financial statements. Under New York City tax code, a limited liability company is subject to an annual minimum fee. Other than the minimum fee, New York taxes income and loss at the individual member level.

Management has evaluated the Company's tax positions and concluded that the Company has taken no uncertain tax positions that require adjustments to or disclosure in the financial statements. The Company's 2013, 2014 and 2015 tax years are open for examinations by the Federal, state and local tax authorities.

8. Fair Value Measurement

The Company records its financial assets and liabilities at fair value. The accounting standard for fair value which provides a framework for measuring fair value clarifies the definition of fair value and expands disclosures regarding fair value measurements. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the reporting date. The accounting standard establishes a three-tier hierarchy, which prioritizes the inputs used in the valuation methodologies in measuring fair value.

Level 1 - Quoted prices in active markets for identical assets or liabilities.

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets and liabilities. A financial instrument's level within the fair value hierarchy is based on the lowest level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following table represents the Company's fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis at December 31, 2015:

		Level 1	 Level 2	Le	evel 3	 Total
Securities Owned:						
Equities	\$	237,309	\$ -	\$	-	\$ 237,309
Taxable Fixed Income		7,397	-		-	7,397
Municipal Securities	<u></u>		 4,805,430			 4,805,430
Total	<u>\$</u>	244,706	\$ 4,805,430	\$	-	\$ 5,050,136

9. Concentration of Credit Risk

The Company maintains cash and savings accounts at one financial institution. Cash balances are insured by the Federal Deposit Insurance Corporation up to \$250,000 per insured bank account. At no times during the year did the balances exceed the insured limits.

10. Commitments

The Company is obligated to pay rent for office space leases over the next two years ending December 31, as follows:

Commitments

2016 2017	\$ 314,700 79,440
	\$ 394,140

The Company relocated its operations to office space paid for by one its owners. At that time, the Company entered into a sublease relationship with an unaffiliated party to sublease its current space for a two year period at 75% of the Company's cost.

11. Minimum Net Capital

The Company was not in compliance with its net capital requirements at various times during the year ended December 31, 2015. To cure these deficiencies, the Company received a series of capital contributions totaling \$6,776,895 from its owners. The SEC and FINRA had questioned whether a municipal bond contributed as capital of approximately \$5,000,000 was an allowable asset due to liquidity concerns. As of December 31, 2015 the municipal bond was DTC eligible and there was a market price quote provided by Interactive Data Corporation and Bloomberg, both independent third party pricing services. As of the date of these financial statements, FINRA has maintained that the aforementioned municipal bond should be treated with a 100% haircut. At December 31, 2015, the Company has computed its net capital utilizing a 100% haircut for the municipal bond.

12. Net Capital Requirement

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 800% in the first year of operations, and 1500% in every year thereafter. At December 31, 2015, the Company had net capital of (\$294,507) which was \$403,215 less than its required net capital of \$108,708. The Company's aggregate indebtedness to net capital ratio was (553.68%).

13. Subsequent Events

The Company was not in compliance with its net capital requirements at various times during the year ended December 31, 2015. To cure these deficiencies, the Company received a series of capital contributions totaling \$6,776,895 from its owners. Those contributions included a municipal bond with a par value of \$5,000,000 (the "Bond") that the Company received in or about May 2015. During 2015, the SEC and FINRA had questioned whether, due to liquidity concerns, the Bond was an allowable asset for purposes of computing the Company's net capital under SEC rules. In light of those questions, the Company arranged during 2015 with a lender from whom it had obtained a \$750,000 loan (the "Loan") that, in the event the SEC or FINRA made a determination that the Bond was not an allowable asset, a portion of the Loan would be converted into equity. As of December 31, 2015, neither the SEC nor FINRA had determined that the Bond was not an allowable asset. Accordingly, no portion of the Loan was converted to equity prior to December 31, 2015. Management has learned that the Bond is in technical default as of the date these financial statements are issued. The fair value of the Bond could be less than the value reflected in these financial statements.

In mid-January 2016, FINRA advised the Company that, for purposes of computing the firm's net capital during 2015, it would be necessary to treat the Bond with a 100% haircut. Accordingly, on January 27, 2016, per the arrangement previously made, the Company entered into a written agreement with its Lender to convert to equity \$500,000 of the outstanding principal amount of the Loan, effective as of December 31, 2015.

On or about February 26, 2016, the Company filed annual financial statements with the SEC and FINRA for the year ended December 31, 2015. Consistent with FINRA's directions during January 2016, the net capital computation accompanying those financial statements utilized a 100% haircut for the Bond. Also, consistent with GAAP and the agreement between the Company and its lender, the Company included the partial conversion of the Loan to equity in its net capital computation. Accordingly, in the financial statements that the Company filed on or about February 26, 2016, the Company determined that it had net capital of \$205,493 as of December 31, 2015, which exceeded by \$105,493 the Company's minimum required net capital.

Subsequently, FINRA rejected the financial statements that the Company filed on or about February 26, 2016. FINRA took the position that, in computing the Company's net capital as of December 31, 2015, it was appropriate to apply retroactively the 100% haircut to the Bond, of which FINRA had notified the Company in mid-January 2016, but not appropriate to apply retroactively the January 27, 2016 conversion of a portion of the Loan to equity.

As a result, the Company has reported a net capital deficiency as of December 31, 2015. However, the partial conversion of the Loan to equity corrected that deficiency no later than January 27, 2016, and the Company is currently in compliance with its net capital requirements under SEC regulations.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Board of Directors Bonwick Capital Partners, LLC

We have reviewed management's statement, included in the accompanying Exemption Report in which (1) Bonwick Capital Partners, LLC (the "Company") identified the following provisions of 17 C.F.R. §15c3-3(k) under which the Company claimed an exemption from 17 C.F.R. §240.15c3-3:-(2)(ii) (the "exemption provisions") and (2) the Company stated that the Company met the identified exemptive provisions throughout the most recent fiscal year without exception. The Company stated that the Company's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM AGREED-UPON PROCEDURES REPORT ON SCHEDULE OF ASSESSMENTS AND PAYMENTS (SIPC-7)

To the Board of Directors of Bonwick Capital Partners, LLC

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying Schedule of Assessment and Payments to the Securities Investor Protection Corporation (SIPC) for the period from January 1, 2015 to December 31, 2015 which were agreed to by Bonwick Capital Partners, LLC ("the Company") and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc., and SIPC, solely to assist you and the other specified parties in evaluating the Company's compliance with the applicable instructions of Form SIPC-7. The Company's management is responsible for the Company's compliance with those standards. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

- 1. Compared the listed assessment payments in Form SIPC-7 with respective cash disbursement journal entries noting no differences.
- Compared the amounts reported on the audited Form X-17A-5 for the year ended December 31, 2015, as applicable, with the amounts reported in Form SIPC-7 for the year ended December 31, 2015 noting no differences;
- 3. Compared any adjustments reported in Form SIPC-7 with supporting schedules and working papers prepared by management noting no differences;
- 4. Proved the arithmetical accuracy of the calculations reflected on Form SIPC-7 and in the related schedules and working papers prepared by management supporting the adjustments noting no differences; and
- 5. Compared the amount of any overpayment applied to the current assessment with the Form SIPC-7 on which it was originally computed noting no differences.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.

Bonwick Capital Partners LLC's Exemption Report

Securities and Exchange Commission 100 First Street, NE Washington, D.C. 20549

To whom it may concern:

Bonwick Capital Partners LLC (the "Company") is a registered broker-dealer subject to Rule 17a-5 promulgated by the Securities and Exchange Commission (17 C.F.R. §240.17a-5, "Reports to be made by certain brokers and dealers"). This Exemption Report was prepared as required by 17 C.F.R. § 240.17a-5(d)(1) and (4). To the best of its knowledge and belief, the Company states the following:

- (1) The Company claimed an exemption from 17 C.F.R. § 240.15c3-3 under the following provisions of 17 C.F.R. § 240.15c3-3 (k): [(2)(ii)]
 - a. All of the customer transactions are cleared through the following broker-dealer(s) on a fully disclosed basis: Hilltop Securities

(2) The Company met the identified exemption provisions in Paragraph (k) of Rule 15c3-3 throughout the most recent fiscal year without exception.

I, <u>Devin Wicker</u>, swear (or affirm) that, to my best knowledge and belief, we did not identify any exceptions to this exemption during this period.

Date:____02.17.2016
