PHILLIP V. GEORGE, PLLC CERTIFIED PUBLIC ACCOUNTANT

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Board of Directors Preferred Client Group, Inc.

We have audited the accompanying statement of financial condition of Preferred Client Group, Inc. (a Texas S-corporation) as of September 30, 2016, and the related statements of income, changes in stockholder's equity, and cash flows for the year then ended. These financial statements are the responsibility of Preferred Client Group, Inc.'s management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Preferred Client Group, Inc. as of September 30, 2016, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

The supplemental information contained in Schedule I has been subjected to audit procedures performed in conjunction with the audit of Preferred Client Group, Inc.'s financial statements. The supplemental information is the responsibility of Preferred Client Group, Inc.'s management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with 17 C.F.R. §240.17a-5. In our opinion, the supplemental information contained in Schedule I is fairly stated, in all material respects, in relation to the financial statements as a whole.

Notes to Financial Statements September 30, 2016

Note 1 - Nature of Business and Summary of Significant Accounting Policies

Nature of Business:

Preferred Client Group, Inc. (the Company) was organized in June 1999 as a Texas corporation. The Company is a broker/dealer in securities registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA) and the Securities Investor Protection Corporation (SIPC).

The Company operates pursuant to section (k)(2)(ii) exemptive provisions of Rule 15c3-3 of the Securities Exchange Act of 1934, and accordingly, is exempt from the remaining provisions of that Rule. The Company does not hold customer funds or securities, but as an introducing broker or dealer, will clear all transactions on behalf of customers on a fully disclosed basis through a clearing broker/dealer.

The Company's operations consist primarily of providing securities brokerage services to individuals located in the state of Texas.

Significant Accounting Policies:

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of the assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Fair Value of Financial Instruments

The debt securities are held for investment purposes and are recorded at fair value in accordance with FASB ASC 820, Fair Value Measurements and Disclosures.

The Company's other financial asset and liability amounts reported in the statement of financial condition are short-term in nature and approximate fair value.

Cash Equivalents

Money market funds and highly liquid investments with an original maturity of three months or less that are not held for sale in the ordinary course of business are reflected as cash equivalents in the accompanying statement of financial condition and for purposes of the statement of cash flows.

Notes to Financial Statements September 30, 2016

Note 1 - Nature of Business and Summary of Significant Accounting Policies (Continued)

Debt Securities

The Company's debt securities are held for investment purposes and are recorded at fair value in accordance with FASB ASC 820, *Fair Value Measurements and Disclosures*. The increase or decrease in fair value is credited or charged to operations.

Revenue

General securities commissions and related clearing expenses are recorded on a trade date basis.

Mutual fund commissions and the related expenses are recorded on the trade date. Mutual fund trail fees are accrued as earned.

Income Taxes

Effective October 1, 2015, the Company has elected to be taxed under the provisions of Subchapter S of the Internal Revenue Code, resulting in all the federal tax liabilities or benefits relating to the operations of the Company passing through to the individual shareholder.

As of September 30, 2016, open Federal tax years include the tax years ended September 30, 2013 through September 30, 2015.

The Company is also a member of a combined group subject to state income taxes.

Note 2 - Transactions with Clearing Broker/Dealer

The Company has an agreement with a national clearing broker/dealer to provide clearing, execution and other related services. The agreement requires the Company to maintain a minimum of \$100,000 as a deposit in an account with the clearing broker/dealer.

Note 3 - Net Capital Requirements

The Company is subject to the SEC Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. At September 30, 2016, the Company had net capital of \$205,772 which was \$200,772 in excess of its net capital requirement of \$5,000. The Company's net capital ratio was 0.0023 to 1.

Notes to Financial Statements September 30, 2016

Note 4 - Fair Value / Debt Securities

FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a hierarchy of fair value inputs. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1. Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company can access at the measurement date.
- Level 2. Inputs other than quoted prices included within level 1 that are observable for the asset or liability either directly or indirectly.
- Level 3. Unobservable inputs for the asset or liability.

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, for example, the type of security, the liquidity of markets, and other characteristics particular to the security. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in level 3.

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2015.

<u>Debt securities</u>: Valued by the Company's clearing broker/dealer using the actual trading prices of similar securities. When trading prices are not available for similar securities, the clearing broker/dealer uses market observable inputs in determining the valuation for a security based on underlying characteristics of the debt instrument.

PREFERRED CLIENT GROUP, INC. Notes to Financial Statements September 30, 2016

Note 4 - Fair Value / Debt Securities (continued)

The following table sets forth by level, within the fair value hierarchy, the Company's assets at fair value as of September 30, 2016

	<u>Level 1</u>		Level 2	Level 3		<u>Total</u>	
Debt Securities	_\$		\$ 119,452	\$	-	\$ 119,452	

The debt securities consists of two municipal bonds, which mature in November 2017 and September 2027 with a pre-refund date in September 2018. Cost and fair values of the debt securities at September 30, 2016, are as follows:

Amortiz		Gross realized		Gross realized		Fair	
Cost	(Gains		Losses		Value	
\$ 125,1	53 \$	<u>-</u>	\$	5,701	\$	119,452	

There were no transfers between level 1 and level 2 during the year.

There were no assets and liabilities measured at fair value on a recurring basis using significant unobservable inputs (level 3) during the year ended September 30, 2016.

Note 5 - Related Party Transactions/Economic Dependency/Concentration of Services

The sole shareholder generated all of the Company's revenue and accounted for all of the Company's compensation and related costs for the year ended September 30, 2016. The Company is economically dependent upon the sole shareholder due to the concentration of services provided by the sole shareholder.

The Company leases office space from a related party partnership controlled by the sole shareholder under a cancelable lease agreement expiring in September 2017 for \$2,500 per month. Rent expense under this agreement totaled \$30,000 for the year ended September 30, 2016.

Notes to Financial Statements September 30, 2016

Note 6 - Off-Balance-Sheet Risk

As discussed in Note 1, the Company's customers' securities transactions are introduced on a fully disclosed basis with its clearing broker/dealer. The clearing broker/dealer carries all of the accounts of the customers of the Company and is responsible for execution, collection and payment of funds, and receipt and delivery of securities relative to customer transactions. Off-balance-sheet risk exists with respect to these transactions due to the possibility that customers may be unable to fulfill their contractual commitments wherein the clearing broker/dealer may charge any losses it incurs to the Company. The Company seeks to minimize this risk through procedures designed to monitor the credit worthiness of its customers and that customer transactions are executed properly by the clearing broker/dealer.

Note 7 - Concentration of Credit Risk

The Company has \$144,524, or approximately 68% of its total assets, in commissions receivable and debt securities due from or held at the Company's clearing broker/dealer.

The Company has \$119,452 or approximately 56% of its total assets invested in two debt securities issued by Texas municipalities, which are held by the clearing broker/dealer as a part of the Company's clearing deposit.

Note 8 - Contingencies

There are currently no asserted claims or legal proceedings against the Company, however, the nature of the Company's business subjects it to various claims, regulatory examinations, and other proceedings in the ordinary course of business. The ultimate outcome of any such action against the Company could have an adverse impact on the financial condition, results of operations, or cash flows of the Company.

Note 9 - Subsequent Events

Management has evaluated the Company's events and transactions that occurred subsequent to September 30, 2016, through November 9, 2016, the date which the financial statements were available to be issued.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Board of Directors
Preferred Client Group, Inc.

We have reviewed management's statements, included in the accompanying Exemption Report, in which (1) Preferred Client Group, Inc. identified the following provisions of 17 C.F.R. §15c3-3(k) under which Preferred Client Group, Inc. claimed an exemption from 17 C.F.R. §240.15c3-3:(2)(ii) (the "exemption provisions") and (2) Preferred Client Group, Inc. stated that Preferred Client Group, Inc. met the identified exemption provisions throughout the most recent fiscal year without exception. Preferred Client Group, Inc.'s management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about Preferred Client Group, Inc.'s compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.
