We have audited the accompanying statement of financial condition of US Securities International Corp and the related statements of operations, changes in members' equity, cash flows for the year then ended, and the related notes to the financial statements that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934.

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

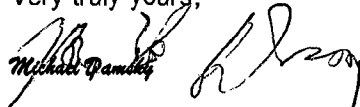

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of U.S. Securities International Corp. as of September 30, 2016, and the results of its operations, and its cash flows for the year then ended, in accordance with accounting principles generally accepted in the United States of America, the rules of the Securities and Exchange Commission, and the Public Company Accounting Oversight Board.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements, taken as a whole. The information contained in the supplementary schedules on pages 8 and 9 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities Exchange Act of 1934. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion the information contained in the supplementary schedules on page 12, is fairly stated in all material respects, in relation to the basic financial statements taken as a whole.

Very truly yours,

**U.S. SECURITIES INTERNATIONAL CORP.**

**NOTES TO FINANCIAL STATEMENTS**

**SEPTEMBER 30, 2016**

**NOTE 1--Business and Summary of Significant Accounting Policies**

U.S. Securities International Corp. (the "Company") was purchased from Fidelity Management and Research Co. in 1974 by the operating personnel who have owned and operated the Company since that date. The Company is a registered broker-dealer with the Securities and Exchange Commission (SEC) and the Financial Industry Regulatory Authority (FINRA) and is a member of the Chicago Board Options Exchange (CBOE). The Company clears transactions on a fully disclosed basis and does not carry customer accounts. The Company is exempt from Securities and Exchange Commission Rule 15c3-3 under paragraph k (2)(ii).

The following is a summary of significant accounting policies followed by the Company:

**Accounting Method**

Assets, liabilities, income and expenses are recorded on the accrual basis of accounting.

**Revenue Recognition**

The Company records all securities transactions, including commission revenue and related expenses, on a settlement-date basis. There is no material difference between settlement date and trade date.

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Cash and Cash Equivalents**

Cash equivalents include short-term highly liquid investments, such as short-term deposits. Cash and cash equivalents consist primarily of cash and money market funds held primarily at two major financial institutions.

**Other Comprehensive Income (loss)**

The Company presents other comprehensive income in accordance with ASC Section 220, Comprehensive Income. This section requires that an enterprise (a) classify items of other comprehensive income by their nature in a financial statement and (b) display the accumulated balance of other comprehensive income separately from retained earnings in the equity section of a statement of position. The Company reports its unrealized gains and losses on investments in securities, as other comprehensive income (loss) in its financial statements. The Company does not record deferred taxes on unrealized gains, which is a departure from GAAP. However, this departure does not affect net capital and is therefore considered immaterial.

**U.S. SECURITIES INTERNATIONAL CORP.**

**NOTES TO FINANCIAL STATEMENTS**

**SEPTEMBER 30, 2016**

**NOTE 1--(cont.)**

**Assets and liabilities measured at fair value**

The Company uses the following hierarchy to prioritize the inputs used in measuring fair value in accordance with SFAS No. 157, Fair Value Measurements.

Level 1 - Quoted market prices (unadjusted) in active markets for identical assets or liabilities;

Level 2 - Inputs other than quoted market prices included within Level 1 that are either directly or indirectly observable;

Level 3 - Unobservable inputs in which little or no market activity exists, therefore requiring an entity to develop its own assumptions about the assumptions that market participants would use in pricing.

Financial instruments including cash and cash equivalents, marketable securities, accounts payable and accrued expenses are carried in the financial statements at amounts that approximate fair value at September 30, 2014. Investments were valued using Level 1 inputs.

**NOTE 2-- Receivable from and Deposit with Clearing Broker**

The Company's clearing operations are provided by a nationally recognized clearing broker. At September 30, 2016 the amount receivable from clearing broker reflected in the Statement of Financial Condition is due from this clearing broker in connection with such services.

The same clearing broker acts as custodian for money market mutual fund shares.

**NOTE 3- Investment in Marketable Securities**

Investments are classified as available-for-sale according to the provisions of ASC Section, 320, Investments - Debt & Equity Securities. Accordingly, the investments in marketable securities are carried at fair value with unrealized gains and losses reported separately in other comprehensive income. Realized gains and losses are calculated using the original cost of those investments.

In June 2010, the Company received 80,000 shares of CBOE holding Corp. in place of its previously held membership exchange seat when the CBOE completed its initial public offering. The Company originally valued the CBOE membership exchange seat at \$1 when it was received in 1974 from Fidelity Management and Research Company. The Company basis in the CBOE shares is similarly \$1.

**U.S. SECURITIES INTERNATIONAL CORP.****NOTES TO FINANCIAL STATEMENTS****SEPTEMBER 30, 2016****NOTE 3- Investment in Marketable Securities (cont):**

The carrying amounts of investments in marketable securities as shown in the balance sheet and their approximate market values at September 30, 2016 were as follows:

Investments in marketable securities, at cost	\$ 224,684
Net unrealized gain	<u>1,945,500</u>
Investments in marketable securities, at market	<u>\$ 2,170,184</u>

**NOTE 4 -- Net Capital Requirements**

The Company is subject to the Securities and Exchange Commission ("SEC") Net Capital Rule, which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1.

As of September 30, 2016 the Company had net capital of \$1,734,054 which was \$1,727,853 in excess of the minimum net capital. The Company's ratio of aggregate indebtedness to net capital was .525 to 1.

The Company clears all transactions with and for customers on a fully disclosed basis with a clearing broker. Accordingly, the Company is exempt from the requirements of SEC Rule 15c3-3. Under its clearing agreement, the Company could ultimately be held liable for the non-performance of its customers.

**NOTE 5 -- Commitments and Contingent Liabilities****Lease**

By agreement the original lease dated September 30, 2003 was amended extending the term of the original lease for 3 years commencing on December 1, 2016 and expiring on November 30, 2019. The lease requires monthly payments of \$7,125 per month throughout the lease. The lease is subject to escalations based on taxes and other costs. At September 30, 2016, future minimum payments are as follows:

2017	\$ 85,500
2018	85,500
2019	85,500

Rent expense for the year ended September 30, 2016 under this lease, amounted to \$85,256 . The difference between the actual rent expense incurred by the Company and the minimum annual rental payments as reported in the prior year's financial statements is due to real estate and porter wage escalation charges.

**U.S. SECURITIES INTERNATIONAL CORP.**

**NOTES TO FINANCIAL STATEMENTS**

**NOTE 7-- Income Taxes**

There is no provision for income tax for the year ended September 30, 2016. The Company has a net operating loss carryover that is greater than its income

The company does no longer records deferred taxes. The company's policy is to distribute the gain on the sale of CBOE stock as executive pay and therefore never incurs taxable income on the gain. **NOTES TO FINANCIAL STATEMENTS**

**SEPTEMBER 30, 2016**

**NOTE 10 -- Off Balance Risk**

Pursuant to a clearing agreement, the Company introduces all its securities transactions to its clearing broker on a fully disclosed basis. All of the customers' money balance and long and short security positions are carried on the books of the clearing broker. In accordance with the clearance agreement, the Company has agreed to indemnify the clearing broker for losses, if any, which the clearing broker may sustain from carrying transactions introduced by the Company and must maintain, at all times, net capital of not less than \$5,000. In accordance with industry practice and regulatory requirements, the Company and the clearing broker monitor collateral on the customers' accounts.

In the normal course of business, the Company's customer activities involve the execution, settlement and financing of various customer securities transactions.
