Report of Independent Registered Public Accounting Firm

To the Board of Directors of
Templeton/Franklin Investment Services, Inc.:

In our opinion, the accompanying consolidated statement of financial condition presents fairly, in all material respects, the financial position of Templeton/Franklin Investment Services, Inc. and its subsidiary (the "Company") as of September 30, 2016 in conformity with accounting principles generally accepted in the United States of America. The statement of financial condition is the responsibility of the Company's management. Our responsibility is to express an opinion on the statement of financial condition based on our audit. We conducted our audit of this statement in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial condition, assessing the accounting principles used and significant estimates made by management, and evaluating the overall statement of financial condition presentation. We believe that our audit of the statement of financial condition provides a reasonable basis for our opinion.

Templeton/Franklin Investment Services, Inc. and Subsidiary

Notes to Consolidated Statement of Financial Condition

September 30, 2016

1. Business

Nature of Operations

Templeton/Franklin Investment Services, Inc. ("TFIS" and collectively with its subsidiary, the "Company") is a wholly-owned subsidiary of Templeton Worldwide, Inc. (the "parent"), which in turn is a wholly-owned subsidiary of Franklin Resources, Inc. ("Franklin"). TFIS is registered with the United States Securities and Exchange Commission (the "SEC") as a broker-dealer and serves as an introducing broker-dealer for Franklin's Luxembourg-domiciled mutual funds to U.S. broker-dealers with offshore clients. TFIS is a member of the Financial Industry Regulatory Authority, which is the designated examining authority of U.S. broker-dealers, and the Securities Investor Protection Corporation.

TFIS operates as an introducing broker-dealer and does not hold funds or securities for customers or carry customer accounts. All customer transactions are cleared through other broker-dealers on a fully-disclosed basis.

TFIS' wholly-owned subsidiary, Templeton Franklin Global Distributors Ltd., is a corporation organized under the laws of the commonwealth of Bermuda. This company is dormant and is expected to be liquidated in the next fiscal year.

Risks and Uncertainties

During the fiscal year ended September 30, 2016 ("fiscal year 2016"), the global equity financial markets experienced volatility amid ongoing concerns about economic growth in Europe, China and emerging markets, as well as continued weakness in oil prices. Volatility increased significantly in late June following the U.K.'s referendum to leave the European Union but eased during the fiscal fourth quarter. Overall equity market returns were positive for the fiscal year.

The business and regulatory environments in which the Company operates remain complex, uncertain and subject to change. The Company is subject to various laws, rules and regulations globally that impose restrictions, limitations and registration, reporting and disclosure requirements on its business and add complexity to its compliance operations. The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the "Dodd-Frank Act"), as well as other legislative and regulatory changes, impose restrictions and limitations on the Company, resulting in increased scrutiny and oversight of the Company's financial services and products. The Company continues to analyze the impact of the Dodd-Frank Act as further implementing rules are adopted and become effective.

In April 2016, the U.S. Department of Labor issued a new fiduciary rule that will subject financial professionals who provide investment advice to certain U.S. retirement clients to a new fiduciary duty intended to address conflicts of interests. Implementation of the rule will be phased in beginning in April 2017, and will generally become fully effective in January 2018.

2. Significant Accounting Policies

Basis of Presentation

The consolidated statement of financial condition is prepared in accordance with accounting principles generally accepted in the United States of America, which require the use of estimates, judgments, and assumptions that affect the reported amounts of assets and liabilities at the date of the consolidated statement of financial condition. Management believes that the accounting estimates are appropriate and the resulting balances are reasonable; however, due to the inherent uncertainties in making estimates, actual amounts may differ from these estimates. The Company has evaluated subsequent

Templeton/Franklin Investment Services, Inc. and Subsidiary
Notes to Consolidated Statement of Financial Condition
September 30, 2016

events through November 14, 2016, which is the date that the consolidated statement of financial condition was issued.

Consolidation

The consolidated statement of financial condition includes the accounts of TFIS and its subsidiary in which it has a controlling financial interest. The Company has a controlling financial interest when it owns a majority of the voting interest in an entity. All material intercompany accounts and transactions have been eliminated.

Cash and Cash Equivalents

Cash and cash equivalents consist of money market funds sponsored by Franklin and deposits with financial institutions and are carried at cost. Due to the short-term nature and liquidity of these financial instruments, the carrying values of these assets approximate fair value.

The Company limits the amount of credit exposure with any given financial institution and conducts ongoing evaluations of the creditworthiness of the financial institutions with which it does business. Deposits with one financial institution exceeded Federal Deposit Insurance Corporation insured limits by \$779,760 at September 30, 2016, representing a concentration of credit risk.

Income Taxes

The Company is included in the consolidated U.S. federal and combined California state income tax returns for Franklin. The Company also files a separate Florida state income tax return.

Under an intercompany tax sharing agreement (the "Agreement"), Franklin allocates these income taxes to the Company using the separate return method except for tax benefits arising from its federal and combined state net operating losses, which are utilized by Franklin under the Agreement. As a result of this exception to the separate company method, the Company does not record in its consolidated statement of financial condition deferred tax assets related to federal or combined state income tax losses. Instead, these deferred tax assets are treated as transferred to Franklin. The Company tracks these net operating loss deferred tax assets in a separate memorandum account.

Consistent with the separate company method, and other than as described above, the Company recognizes deferred tax assets and liabilities for temporary differences between the financial reporting basis and the tax basis of its assets and liabilities. These deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The impact on deferred charges in tax rates and laws, if any, are applied to the years during which temporary differences are expected to be settled and reflected in the financial statements in the period enacted.

3. New Accounting Guidance

The Financial Accounting Standards Board issued an amendment to the existing consolidation guidance in February 2015. The amendment modifies the consolidation framework for certain investment entities and all limited partnerships. The Company will adopt the amended guidance on October 1, 2016 and does not expect the adoption to have a material impact on its consolidated statement of financial condition.

4. Taxes on Income

The components of the net deferred tax asset as of September 30, 2016 were as follows:

Templeton/Franklin Investment Services, Inc. and Subsidiary
Notes to Consolidated Statement of Financial Condition
September 30, 2016

	<u>Amount</u>
Separate filing state tax net operating loss carry-forwards	\$ 349,941
Deferred compensation and employee benefits	<u>66,298</u>
Total deferred tax assets	416,239
Valuation allowance	<u>(416,239)</u>
Deferred Tax Assets, Net of Valuation Allowance	<u><u>\$ —</u></u>

At September 30, 2016, there were \$16,225,313 in federal net operating loss carry-forwards expiring between 2022 and 2035. The tax impact of these loss carry-forwards have been utilized by Franklin.

At September 30, 2016, there were \$9,788,536 in Florida state net operating loss carry-forwards expiring between 2020 and 2035. The tax impact of those loss carry-forward amounts is \$349,941 and is offset by a valuation allowance due to the uncertainty of realizing the tax benefit of the loss carry-forwards in future years.

At September 30, 2016, the Company had no gross unrecognized tax benefits.

The Company is subject to examination by the taxing authorities in certain jurisdictions. The Company's major tax jurisdictions and the tax years for which the statutes of limitations have not expired are U.S. federal and the State of Florida for 2013 to 2016.

5. Commitments and Contingencies

Legal Proceedings

The Company is from time to time involved in litigation relating to claims arising in the normal course of business. Management is of the opinion that the ultimate resolution of any such claims will not materially affect the Company's business, financial position, results of operations or liquidity.

6. Stock-Based Compensation

The Company participates in Franklin's Amended and Restated Annual Incentive Compensation Plan (the "AIP"), the 2002 Universal Stock Incentive Plan, as amended and restated (the "USIP") and the amended and restated Franklin Resources, Inc. 1998 Employee Stock Investment Plan (the "ESIP"). The Compensation Committee of Franklin's Board of Directors determines the terms and conditions of awards under the AIP, the USIP and the ESIP.

Stock and Stock Unit Awards

Under the terms of the AIP, eligible employees may receive cash, equity awards, and/or mutual fund unit awards generally based on the performance of Franklin and its consolidated subsidiaries, its funds and the individual employee. The USIP provides for the issuance of shares of Franklin's common stock for various stock-related awards to officers, directors, and employees. There are 120.0 million shares authorized under the USIP, of which 24.3 million shares were available for grant at September 30, 2016.

Templeton/Franklin Investment Services, Inc. and Subsidiary
Notes to Consolidated Statement of Financial Condition
September 30, 2016

Stock awards generally entitle holders to the right to sell the underlying shares of Franklin's common stock once the awards vest. Stock unit awards generally entitle holders to receive the underlying shares of common stock once the awards vest. Awards generally vest based on the passage of time. Stock and stock unit award activity was as follows:

	<u>Shares</u>	<u>Weighted- Average Grant-Date Fair Value Per Share</u>
Nonvested balance at September 30, 2015	2,435	\$ 55.14
Granted	2,238	41.40
Vested	<u>(2,317)</u>	50.50
Nonvested Balance at September 30, 2016	<u>2,356</u>	\$ 46.65

Total unrecognized compensation expense related to nonvested stock and stock unit awards, net of estimated forfeitures, was \$124,778 at September 30, 2016. This expense is expected to be recognized over a remaining weighted-average vesting period of approximately 1.6 years. The total fair value of stock and stock unit awards vested during fiscal year 2016 was \$84,571.

Franklin generally does not repurchase shares upon vesting of stock and stock unit awards. However, in order to pay taxes due in connection with the vesting of employee and executive officer stock and stock unit awards, shares are repurchased using a net stock issuance method.

Employee Stock Investment Plan

The ESIP allows eligible participants to buy shares of Franklin's common stock at a discount of its market value on defined dates. A total of 0.8 million shares were issued by Franklin under the ESIP during fiscal year 2016, and 4.4 million shares were reserved for future issuance at September 30, 2016.

7. Related Party Transactions

The Company periodically enters into transactions during the ordinary course of business with affiliates. Amounts due to and from affiliates relate to these transactions.

The parent has agreed to continue to provide the financial support necessary to fund the Company's operations.

Templeton/Franklin Investment Services, Inc. and Subsidiary
Notes to Consolidated Statement of Financial Condition
September 30, 2016

8. Net Capital Requirement

TFIS is subject to the SEC's Uniform Net Capital Rule (Rule 15c3-1). In accordance with Rule 15c3-1, TFIS is required to maintain a minimum net capital of the greater of 6-2/3% of aggregate indebtedness or \$5,000. In addition, TFIS is required to maintain a ratio of aggregate indebtedness to net capital, both as defined, not in excess of 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting indebtedness to net capital ratio would exceed 10 to 1. As of September 30, 2016, TFIS had net capital of \$1,385,700 which was \$1,330,484 in excess of its required net capital of 55,216. The ratio of aggregate indebtedness to net capital was 0.60 to 1.

All customer transactions are cleared through other broker-dealers on a fully disclosed basis. Therefore, TFIS is not required to maintain a separate bank account for the exclusive benefit of customers or to segregate customer securities in accordance with Rule 15c3-3 of the SEC.

TFIS claims exemption from SEC Rule 15c3-3 based upon paragraph k(2)(ii) of the Rule.
