NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR SEPTEMBER 30, 2016

NOTE 1: ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the Firm's significant accounting policies consistently applied in the preparation of the accompanying financial statements are as follows:

- a. Nature of Operations—Abacus Investments, Inc. (the Firm) was incorporated in the state of Wisconsin on September 13, 1993. The firm is registered with the Securities and Exchange Commission. The Firm's principal business activity is the sale of securities and doing business as a \$5,000 non-carrying, non-custodian broker-dealer. The Firm is a member of the Financial Industry Regulatory Authority (FINRA), and the Securities Investor Protection Corporation (SIPC).

The Firm does not carry security accounts for customers or perform custodial functions relating to customer securities. Accordingly, the Firm meets the exceptive provisions of Rule 15c3-3. All customer transactions are cleared through another broker-dealer on a fully disclosed basis.

- b. Cash Equivalents—For purposes of the statements of cash flows, the Firm considers all highly liquid debt instruments with maturities of three months or less when purchased to be cash equivalents. There were no cash equivalents as of September 30, 2016.
- c. Use of Estimates—The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.
- d. Concentrations of Credit Risk—The Firm places its cash in accounts with a local financial institution, and money market accounts. At times, balances in these accounts may be exceed FDIC insured limits. The Firm did not have any accounts with balance that exceeded insured limits during the year.
- e. Commissions Receivable—The Firm considers all commissions receivable to be fully collectible. Uncollectible accounts receivable are charges directly against operations when they are determined to be uncollectible. Use of this method does not result in a material difference from the valuation method required by accounting principles generally accepted in the United States of America.
- f. Advertising—The Firm's advertising costs are expensed as incurred. There were no advertising costs incurred during the year.

NOTE 2: OFF-BALANCE SHEET RISK

The Firm's customer securities transactions are introduced on a fully disclosed basis with clearing broker-dealer. The clearing broker-dealer is responsible for the execution, collection, payment of funds and receipt and delivery of securities relative to customers' transactions. Off-balance sheet risk exists with respect to these transactions due to the possibility that the customers may be unable to fulfill their contractual commitments. The clearing broker-dealer may charge the Firm for any losses it incurs as a result. The Firm seeks to minimize this risk through procedures designed to determine the credit worthiness of its customers. The Firm does not anticipate nonperformance by any customers its clearing broker.

ABACUS INVESTMENTS, INC.
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR SEPTEMBER 30, 2016

NOTE 3: COMMISSION RECEIVABLES AND PAYABLES FROM AND TO BROKERS

Receivables from brokers represent commissions due and accrued to the Firm from their correspondents. The payable to brokers are commissions due to the brokers. At September 30, 2016, there were receivables of \$108,467 and payables of \$96,824.

NOTE 4: NET CAPITAL REQUIREMENTS

In June 2006, the Financial Accounting Standards Board (FASB) issued FASB Interpretation Number 48 (FIN 48), Accounting for Uncertainty in Income Taxes - an Interpretation of FASB Statement No. 109 (SFAS 109). The interpretation contains a two-step approach to recognizing and measuring uncertain tax positions accounted for in accordance with SFAS 109. The Firm has elected to defer the adoption of FIN 48 as allowed in FASB Staff Position (FSP-48-3) issued December 30, 2008. The adoption of this standard is not currently anticipated to have a material impact on the Firm's financial position, results of operations, or cash flows; however, the effect on future financial statements of this pronouncement cannot be determined at this time. Management will continue to evaluate any uncertain tax positions, if any, during the deferral period.

The Firm has elected to be treated as an S Corporation for Federal income tax purposes, therefore no provision for income taxes are reflected in the financial statements.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL UNDER SEC RULE 17A-5(g)(1)

The Board of Directors
Abacus Investments, Inc.

In planning and performing our audit of the financial statements of Abacus Investments, Inc. as of and for the year ended September 30, 2016, in accordance with auditing standards generally accepted in the United States of America, we considered Abacus Investments, Inc.'s internal control over financial reporting (internal control) as a basis for designing our audit procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Abacus Investments, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of Abacus Investments, Inc.'s internal control. Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by Abacus Investments, Inc., including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a) (11) and for determining compliance with the provisions of Rule 15c3-3. Because Abacus Investments, Inc. does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

- Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13.
- Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of Abacus Investments, Inc. is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's previously mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

(CONTINUED)

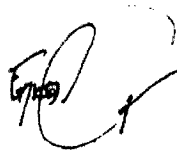

(CONTINUED)

A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis.

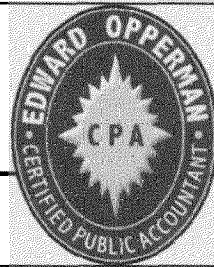

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined previously.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that Abacus Investments, Inc.'s practices and procedures, as described in the second paragraph of this report, were adequate at November 4, 2016, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board of Directors
Abacus Investments, Inc.

We have reviewed management's statements, included in the accompanying Exemption Report of Brokers and Dealers, in which Abacus Investments, Inc. identified the following provisions of 17 C.F.R. § 15c3-3(k) under which the Firm claimed an exemption from 17 C.F.R. § 240.15c3-3: *(k) (2) (ii) (All customer transactions cleared through another broker-dealer on a fully disclosed basis)*, and Abacus Investments, Inc. stated that Abacus Investments, Inc. met the identified exemption provisions throughout the most recent fiscal year without exception. Abacus Investments, Inc.'s management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and accordingly included inquiries and other required procedures to obtain evidence about the Firm's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph *(k) (2) (ii)* of Rule 15c3-3 under the Securities Exchange Act of 1934.

Sincerely,

The Board of Directors
Abacus Investments, Inc.

We have reviewed management's statements, included in the accompanying Exemption Report of Brokers and Dealers, in which Abacus Investments, Inc. identified the following provisions of 17 C.F.R. § 15c3-3(k) under which the Firm claimed an exemption from 17 C.F.R. § 240.15c3-3: *(k) (2) (ii) (All customer transactions cleared through another broker-dealer on a fully disclosed basis)*, and Abacus Investments, Inc. stated that Abacus Investments, Inc. met the identified exemption provisions throughout the most recent fiscal year without exception. Abacus Investments, Inc.'s management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and accordingly included inquiries and other required procedures to obtain evidence about the Firm's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph *(k) (2) (ii)* of Rule 15c3-3 under the Securities Exchange Act of 1934.

Sincerely,
