REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Members of
Inlet Securities, LLC

We have audited the accompanying statement of financial condition of Inlet Securities, LLC (the Company) as of September 30, 2016, that is filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the statement of financial condition. The Company's management is responsible for this financial statement. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial condition, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the statement of financial condition. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of Inlet Securities, LLC as of September 30, 2016, in accordance with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED SEPTEMBER 30, 2016

NOTE 1 – ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

Organization - Inlet Securities, LLC (the “Company”) was organized in the state of Florida on August 22, 2005. The Company is registered with the Securities and Exchange Commission and is a member of the Financial Industry Regulatory Authority (FINRA). The Company's principal business activity is the sale of securities.

Securities Transactions - Commission revenue and related expense arising from securities transactions are recorded on a trade date basis.

Office Furniture and Equipment - Depreciation is provided using the straight-line method over a five year period.

Concentrations of Credit Risk - The Company is engaged in various brokerage activities in which the counterparties primarily include broker/dealers, banks, other financial institutions and the Company's own customers. In the event the counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty.

In addition, all of the Company's cash is on deposit at one financial institution and the balance at times may exceed the federally insured limit. The Company believes it is not exposed to any significant credit risk to cash.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED SEPTEMBER 30, 2016

NOTE 2 - INCOME TAXES

As a limited liability company, the Company has elected to file as an S-Corporation for federal income tax purposes. Income taxes are therefore the responsibility of the individual members of the Company.

Management believes the Company has no material unrecognized income tax benefits. The Company accounts for any potential interest or penalties related to possible future liabilities for unrecognized income tax benefits as interest/other expense. The Company is no longer subject to examination by tax authorities for federal, state or local income taxes for periods before 2012.

NOTE 3 - CLEARING AGREEMENT AND OFF-BALANCE-SHEET RISK

The Company's customers may sell securities that they do not currently own (short sales) and will therefore be obligated to purchase such securities at a future date. However, since the Company enters into these transactions solely for the benefit of its customers, the Company does not bear any of the credit or market risk associated with them, with the exception of risk to the Company should its customers fail to honor their obligations related to the foregoing transactions, as mentioned below.

In order to facilitate the above transactions, as well as other securities transactions, the Company has entered into an agreement with another broker/dealer (Clearing Broker/dealer) whereby the Company forwards (introduces) customer securities transactions to the Clearing Broker/dealer, fully disclosing the customer name and other information. The processing and, if applicable, any financing pertaining to the introduced securities transactions are performed by the Clearing Broker/dealer. The customer account is therefore maintained and recorded in the books and records of the Clearing Broker/dealer on the Company's behalf. In consideration for introducing customers to the Clearing Broker/dealer, the Company receives commissions and other consideration, less the processing and other charges of the Clearing Broker/dealer.

As part of the terms of the agreement between the Company and Clearing Broker/dealer, the Company is held responsible for any losses arising when the customers introduced by the Company to the Clearing Broker/dealer fail to meet their contractual commitments pertaining to the purchase, sale and possible financing of securities transactions. The Company may therefore be exposed to off-balance-sheet risk in the event the customer is unable to fulfill its contracted obligations and it is necessary for the Clearing Broker/dealer to purchase or sell the securities at a loss.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED SEPTEMBER 30, 2016

NOTE 3 - CLEARING AGREEMENT AND OFF-BALANCE-SHEET RISK - continued

The Company's exposure to risk would consist of the amount of the loss realized and any additional expenses incurred pertaining to the transaction or other customer activity.

According to the terms of the aforementioned agreement, the Company is required to maintain a \$20,000 deposit with Clearing Broker/dealer. This amount is included in receivable from broker/dealers on the statement of financial condition. Monthly minimum and termination charges are included therein. The Company is also prohibited from entering into an agreement with another broker/dealer to perform similar services without prior written approval from the Clearing Broker/dealer.

NOTE 4 - NET CAPITAL REQUIREMENTS

As a registered broker/dealer and member of the Financial Industry Regulatory Authority, the Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 1500%. At September 30, 2016, the Company's net capital and required net capital were \$29,231 and \$5,000 respectively. The ratio of aggregate indebtedness to net capital was 132%.

NOTE 5 - OPERATING AGREEMENT

The Company's operating agreement places certain restrictions on the transfer of ownership interests. Additional information is included therein.

NOTE 6 - CONTINGENCY

The Company intends to vigorously defend itself. At this time, the Company's legal counsel is unable to evaluate the likelihood of an unfavorable outcome.
