INDEPENDENT AUDITORS' REPORT

To the Members of
Americas Executions LLC
40 Wall Street, 17th floor
New York, NY 10005

We have audited the accompanying statement of financial condition of Americas Executions LLC (the Company) as of December 31, 2016. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

Management is responsible for the preparation and fair presentation of the statement of financial condition in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the statement of financial condition that is free from material misstatement, whether due to fraud or error.

We conducted our audit in accordance with the standards of Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of Americas Executions LLC as of December 31, 2016 in conformity with accounting principles generally accepted in the United States.

Americas Executions, LLC

Notes to Financial Statements
Year Ended December 31, 2016

1. Organization and Nature of Business

Americas Executions, LLC. (the "Company") was organized as a limited liability company under the laws of the State of Delaware. The Company is wholly owned by GI4 Holdings, LLC (the Member). In April 2015, the broker dealer was purchased and was converted from an S Corporation to an LLC for tax purposes. The Company executes equity transactions for its clients solely on an agency and/or give-up basis. The Company is a broker-dealer registered with the Securities and Exchange Commission (SEC) and a member of the Financial Industry Regulatory Authority (FINRA).

The Company operates under the provisions of Paragraph (k)(2)(ii) of Rule 15c3-3 of the Securities and Exchange Commission and, accordingly, is exempt from the remaining provisions of that rule. Essentially, the requirements of Paragraph (k)(2)(ii) provide that the Company clears all transactions on behalf of customers on a fully disclosed basis with a clearing broker dealer, and promptly transmits all customer funds and securities to the clearing broker/dealer. The clearing broker/dealer carries all of the accounts of the customers and maintains and preserves the related books and records as are primarily kept by a clearing broker/dealer.

Since the Company is a limited liability company, the Member is not liable for the debts, obligations, or liabilities of the Company, whether arising in contract, tort or otherwise, unless the Member has signed a specific guarantee.

2. Summary of Significant Accounting Policies

a) Basis of Accounting

The financial statements are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Revenue is recognized when earned, while expenses and losses are recognized when incurred.

b) Cash and Cash Equivalents

The Company considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. Cash and cash equivalents consist of funds maintained in checking and money market accounts held at financial institutions.

The Company's cash and cash equivalents are held principally at one financial institution and at times may exceed federally insured limits. The Company has placed these funds in a high quality institution in order to minimize risk relating to exceeding insured limits.

c) Revenue Recognition

Securities transactions (and the recognition of related income and expenses) are recorded on a trade date basis. Commission income and related income and expense are recorded on a settlement date basis. There is no material difference between settlement date and trade date.

d) Income Taxes

The LLC is treated as a disregarded entity and has no federal and state tax liabilities. Any liability on profits is reported on the tax return of the parent entity and passed along to the individual members. The tax years since inception remain open to examination by the major taxing jurisdictions to which the LLC is subject. Accordingly, no provision for income taxes is provided in the financial statements.

e) Furniture and Equipment

Equipment is carried at cost and is depreciated over a useful life of 5-7 years using the straight-line method.

Americas Executions, LLC

Notes to Financial Statements Year Ended December 31, 2016

f) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

4. Indemnifications

In the normal course of its business, the Company indemnifies and guarantees certain service providers against specified potential losses in connection with their acting as an agent of, or providing services to, the Company. The maximum potential amount of future payments that the Company could be required to make under these indemnifications cannot be estimated. However, the Company believes that it is unlikely it will have to make material payments under these arrangements and has not recorded any contingent liability in the financial statements for these indemnifications.

The Company provides representations and warranties to counterparties in connection with a variety of commercial transactions and occasionally indemnifies them against potential losses caused by the breach of those representations and warranties. The Company may also provide standard indemnifications to some counterparties to protect them in the event additional taxes are owed or payments are withheld, due either to a change in or adverse application of certain tax laws. These indemnifications generally are standard contractual terms and are entered into in the normal course of business. The maximum potential amount of future payments that the Company could be required to make under these indemnifications cannot be estimated. However, the Company believes that it is unlikely it will have to make material payments under these arrangements and has not recorded any contingent liability in the financial statements for these indemnifications.

5. Net Capital Requirement

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 800% in the first year of operations, and 1500% in every year thereafter. At December 31, 2016, the Company had net capital of \$2,268,718 which was \$2,247,708 in excess of its required net capital of \$21,010. The Company's aggregate indebtedness to net capital ratio was 13.89%.

6. Subsequent Events

The Company has evaluated events and transactions that occurred between January 1, 2017 and January 31, 2017, which is the date the financial statements were available to be issued, for possible disclosure and recognition in the financial statements.
