REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Member
of Alyssa, LLC

We have audited the accompanying statement of financial condition of Alyssa, LLC as of December 31, 2016, and the related notes to the financial statements. This financial statement is the responsibility of Alyssa, LLC's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial position. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall statement of financial position presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of Alyssa, LLC as of December 31, 2016 in accordance with accounting principles generally accepted in the United States of America.

1. Nature of Operations and Summary of Significant Accounting Policies

Nature of Operations

Alyssa LLC (the "Company") is a Delaware limited liability company which was organized on July 6, 1999. The Company is a registered broker-dealer pursuant to the Securities Exchange Act of 1934 and a member of the Financial Industry Regulatory Authority (FINRA). The Company acts as a placement agent and offers other financial services in identifying and assisting investors with investing in alternative investment funds or any other investments managed by firms in the United States of America and/or other countries.

Basis of Presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Income Taxes

As a limited liability company, the Company's taxable income or loss is allocated to the member. Therefore, no provision or liability for income taxes has been included in the financial statements.

Management has evaluated the Company's tax positions and concluded that the Company has taken no uncertain tax positions that require adjustment to or disclosures in the financial statements. The Company's 2013 through 2016 tax years are open for examination by the U.S. federal, state or local tax authorities.

Revenue Recognition

The Company recognizes management and advisory fees as earned which is generally on a monthly basis.

The Company records gains and losses on sales of securities on the trade date. Dividend and interest income is recognized when earned.

Cash Equivalents

The Company has defined cash equivalents as highly liquid investments, with original maturities of three months or less.

Fair Value Measurements

The Company records its financial assets and liabilities at fair value. The accounting standard for fair value provides a framework for measuring fair value, clarifies the definition of fair value and expands disclosures regarding fair value measurements. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the reporting date. The accounting standard establishes a three-tier hierarchy, which prioritizes the inputs used in the valuation methodologies in measuring fair value:

Level 1 – Quoted prices in active markets for identical assets or liabilities.

Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for instruments measured at fair value:

Common Stocks

The fair value of equity securities is the market value based on quoted market prices, when available, or market prices provided by recognized broker dealers. Investments are used for trading purposes. Gains and losses are recorded in earnings.

2. Related Party Transactions

On May 1, 2009 the Company entered into a one year, renewable, administrative and other services agreement (the "Agreement") with HQ Capital International L.P. ("HQC"), a former member of Alyssa LLC and current employer of the Company's President.

The key terms of the Agreement are as follows:

- HQC will make available all office space, including reasonable use of conference rooms;
- HQC will supply all furniture, equipment, supplies and fixtures used by the Company in the office;
- HQC will furnish, without specific charge, telephone and other communication equipment in the office;
- HQC will furnish receptionist, clerical, filing and other administrative services in the office;
- HQC will provide computer systems access with its back-up system and emergency plans.

Alyssa LLC
Notes to Statement of Financial Condition (continued)
As of December 31, 2016

The Agreement automatically renews after one year unless either party terminates in writing 60 days before the annual renewal date. The fees for these services are based on the Company's usage and reviewed quarterly by HQC and the Company. The Company was charged \$6,000 in fees for the above described services for the year ended December 31, 2016. \$1,500 relating to the Agreement remained outstanding as of December 31, 2016 and is included in accounts payable.

3. Net Capital Requirements

The Company is subject to the Securities and Exchange Commission's Uniform Net Capital Rule 15c3-1 (SEC Rule 15c3-1), which requires the Company to maintain a minimum net capital balance and a ratio of aggregate indebtedness to net capital not exceeding 15 to 1.

At December 31, 2016, the Company's net capital balance as defined by SEC Rule 15c3-1 was \$83,194, which exceeded the minimum requirement of \$5,000. At December 31, 2016, the Company's aggregate indebtedness to net capital as defined by SEC Rule 15c3-1 was 0.35 to 1.0.

4. Rule 15c3-3 Exemption

The Company is exempt from the provisions of Part 240 Rule 15c3-3 of the Securities Exchange Act of 1934 under paragraph (k)(2)(i) in that the Company carries no margin accounts; promptly transmits all customer funds and delivers all securities received; does not otherwise hold funds or securities for, or owe money or securities to customers and effectuates all financial transactions on behalf of customers through one or more bank accounts, each designated as a "Special Account for the Exclusive Benefit of Customers of the Company."

5. Fair Value of Financial Instruments

The assets and liabilities that are measured at fair value on a recurring basis and categorized using the three levels of fair value hierarchy consisted of the following as of December 31, 2016:

	Level 1	Level 2	Level 3	Total
Trading Securities:				
Common Stock	\$ 92,370	\$ -	\$ -	\$ 92,370
Total investments at fair value	<u>\$ 92,370</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 92,370</u>

The Company's common stocks are classified within Level 1 of the fair value hierarchy because they are valued using quoted market prices derived from active markets.

As of December 31, 2016

6. Commitments and Contingencies

The Company is subject to claims and lawsuits that arise primarily in the ordinary course of business. It is the opinion of management that the disposition or ultimate resolution of such claims and lawsuits will not have a material adverse effect on the financial position or operations of the Company.

7. Guarantees

The Company has issued no guarantees effective at December 31, 2016 or during the year then ended.

8. Liabilities Subordinated to the Claims of General Creditors

As of December 31, 2016, the Company had not entered into any subordinated loan agreements.

9. Subsequent Events

Events have been evaluated through the date of the audit report, the date that these financial statements were available to be issued, and no further information is required to be disclosed.
