**(1) Summary of Significant Accounting Policies**

**(a) Organization**

Vining-Sparks IBG, Limited Partnership (the Partnership) primarily acts as a U.S. government and municipal securities broker-dealer. In the United States of America, the Partnership is registered with the Securities and Exchange Commission (SEC), the Financial Industry Regulatory Authority, Inc. (FINRA), and the Municipal Securities Rulemaking Board (MSRB). The Partnership is also registered with certain regulatory agencies in Canada.

During 2011, the Partnership formed a wholly owned subsidiary, Vining-Sparks Loan Trading, LLC (Loan Trading), to help financial institutions manage their loan portfolios. The activities of Loan Trading during 2016 were not significant. During 2010, the Partnership formed a wholly owned subsidiary, Vining-Sparks Asset Management, LLC (VSAM), to serve as a registered investment advisor for depository institutions. The activities of VSAM during 2016 were not significant. The Partnership also has two other wholly owned subsidiaries, VSIBG Benefits, Inc. and VS Capital, LLC, whose activities during 2016 were not significant. The Partnership along with its wholly owned subsidiaries are referred to hereafter as the Company.

At December 31, 2016, the partners are Vining-Sparks Securities, Inc. (VSSI), as a 1.3774% general partner, Vining-Sparks Fund, L.P., as a 39.1718% limited partner, and Vining-Sparks & Associates, L.P., as a 59.4508% limited partner.

**(b) Principles of Consolidation**

The consolidated financial statement includes the accounts of the Partnership and its wholly owned subsidiaries. All significant intercompany accounts and transactions have been eliminated in consolidation.

**(c) Cash and Cash Equivalents**

Cash and cash equivalents represent amounts on deposit with various financial institutions. At December 31, 2016, the Company's cash accounts exceeded federally insured limits by approximately \$2,600,000.

**(d) Securities Transactions**

Securities transactions in regular-way trades are recorded on the trade date. Amounts receivable and payable for securities transactions that have not reached their contractual settlement date are recorded net on the statement of financial condition.

Securities owned and securities sold, not yet purchased, are stated at fair value. Securities owned and securities sold, not yet purchased, are valued at fair value using quoted market prices or matrix pricing as determined through third-party pricing services. There were no securities that were not readily marketable at December 31, 2016.

**VINING-SPARKS IBG, LIMITED PARTNERSHIP  
AND SUBSIDIARIES**

Notes to Consolidated Statement of Financial Condition

December 31, 2016

**(e) Fair Value**

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820 for *Fair Value Measurements and Disclosures* (ASC Topic 820) defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). ASC Topic 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are those that market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of the Partnership. Unobservable inputs are those that reflect the Partnership's assumptions about information that market participants would use in pricing the asset or liability developed based on the best information available under the circumstances. The hierarchy is broken down into the following three levels, based on the reliability of inputs:

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities that are accessible at the measurement date.

Level 2: Significant observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs for the asset or liability that reflect the reporting entity's own assumptions about information that market participants would use in pricing the asset or liability.

**(f) Resale and Repurchase Agreements**

Transactions involving purchases of securities under agreements to resell (reverse repurchase agreements, reverse repos, or resale agreements) or sales of securities under agreements to repurchase (repurchase agreements or repos) are accounted for as collateralized financings. It is the policy of the Partnership to obtain possession of collateral with a market value equal to or in excess of the principal amount loaned under resale agreements. Collateral is valued daily, and the Partnership may require counterparties to deposit additional collateral or return collateral pledged when appropriate.

**(g) Depreciation and Amortization**

Depreciation and amortization are provided on a straight-line basis over the estimated useful lives of the assets (three to five years) or the life of the lease, whichever is less.

**(h) Income Taxes**

No provision for federal income taxes has been made because the Company allocates income and expenses to the partners for inclusion in their respective federal income tax returns. A provision for state income taxes has been made, as pursuant to Tennessee state statute the Partnership is subject to

**VINING-SPARKS IBG, LIMITED PARTNERSHIP  
AND SUBSIDIARIES**

Notes to Consolidated Statement of Financial Condition

an entity level income-based tax. Deferred state income tax balances were not significant at December 31, 2016.

**(i) Fair Value of Financial Instruments**

Substantially all of the Company's financial instruments are carried at fair value.

**(j) Management Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

**(k) Subsequent Events**

The Company has evaluated subsequent events through February 27, 2017, the date the financial statements were issued.

**(2) Cash Segregated under Federal and Other Regulations**

A special reserve bank account for the benefit of customers is maintained pursuant to Rule 15c3-3 of the SEC. As of December 31, 2016, restricted cash of \$4,118,125 has been segregated into this account.

**(3) Securities Purchased under Agreement to Resell**

The Partnership enters into purchases of securities under agreement to resell, with the obligation to resell the securities purchased reflected as an asset on the statement of financial condition. As of December 31, 2016, securities with a fair value totaling \$121,474,830 were purchased under agreements to resell at prices totaling \$121,682,215.

**(4) Receivable from Clearing Agents and Brokers and Dealers**

The receivable from clearing agents and brokers and dealers is comprised of the following at December 31, 2016:

Securities failed to deliver	\$ 10,625,035
Receivable from clearing agents	137,502
Receivable for unsettled trades and to-be-announced transactions	<u>15,526,908</u>
	<u>\$ 26,289,445</u>

**VINING-SPARKS IBG, LIMITED PARTNERSHIP  
AND SUBSIDIARIES**

Notes to Consolidated Statement of Financial Condition

December 31, 2016

**(5) Securities Owned and Securities Sold, Not Yet Purchased**

Marketable securities owned and sold, not yet purchased, consist of trading securities at fair value, as follows:

	<b>Owned</b>	<b>Sold, not yet purchased</b>
U.S. government and agencies	\$ 174,111,711	110,333,677
Agency collateralized mortgage obligations	19,654,948	—
Small Business Administration (SBA) securities	201,813,746	—
United States Department of Agriculture (USDA) loans	5,419,421	—
SBA interest-only strips	152,508	—
State and municipal obligations	46,670,150	—
Corporate bonds	3,400,629	4,231,052
	\$ 451,223,113	114,564,729

Fair value measurement is based upon quoted prices, if available. If quoted prices are not available, fair values are determined by matrix pricing, which is a mathematical technique widely used in the industry to value debt securities without relying exclusively on quoted prices for the specific securities but rather by relying on the securities' relationship to other benchmark quoted securities. All securities are valued using matrix pricing and are classified as Level 2.

The following table presents the securities owned and sold, not yet purchased, based on valuation method, as of December 31, 2016:

	<b>Fair value measurements at reporting date using</b>			<b>Total</b>
	<b>Quoted prices in active market (Level 1)</b>	<b>Significant other observable inputs (Level 2)</b>	<b>Significant unobservable inputs (Level 3)</b>	
Securities owned	\$ —	451,223,113	—	451,223,113
Securities sold, not yet purchased	—	114,564,729	—	114,564,729

There were no transfers of securities to or from Levels 1, 2, or 3 during 2016.

**VINING-SPARKS IBG, LIMITED PARTNERSHIP  
AND SUBSIDIARIES**

Notes to Consolidated Statement of Financial Condition

Payable for unsettled trades and to-be-announced transactions		37,141,154
Other		<u>5,685,088</u>
	\$	<u><u>68,223,483</u></u>

The secured borrowings from clearing agents, which incur interest, are collateralized by securities either owned or held for the account of customers and other brokers and dealers for which payment has not yet been received.

**(7) Securities Sold under Agreements to Repurchase**

The Partnership enters into sales of securities under agreements to repurchase, with the obligation to repurchase the securities sold reflected as a liability on the statement of financial condition. The table below presents repurchase agreements by remaining contractual term to maturity and class of collateral pledged:

**VINING-SPARKS IBG, LIMITED PARTNERSHIP  
AND SUBSIDIARIES**

Notes to Consolidated Statement of Financial Condition

December 31, 2016

**(9) Partner Transactions**

Under the terms of the partnership agreement, a minimum of 35% of the Partnership's taxable net income, as defined, is to be distributed to the Partners based on their respective percentage interests in the Partnership.

**(10) Agreements with Other Broker Dealers**

The Partnership has a program agreement with ICBA Securities Corporation, a related party, wherein ICBA Securities Corporation markets the broker dealer services provided by the Partnership and refers its members to the Partnership for such services. Under the terms of the agreement, the Partnership has agreed to pay ICBA Securities Corporation a percentage of commissions earned by the Partnership on a subset of customer trades and to reimburse ICBA Securities Corporation for certain program expenses.

**(11) Net Capital Requirements**

The Partnership is subject to the SEC Uniform Net Capital Rule, which requires the maintenance of minimum net capital. The Partnership has elected to use the alternative method, which requires the Partnership to maintain minimum net capital, as defined, equal to the greater of \$250,000, or 2% of aggregate debit balances, arising from customer transactions, as defined. At December 31, 2016, the Partnership had net capital of \$77,338,492, which was \$77,088,492 in excess of required net capital.

**(12) Commitments and Contingencies**

**(a) Leases**

	<u>Lease Commitments</u>	<u>Less Sub-lease</u>	<u>Net Lease Commitments</u>
Year ending December 31:			
2017	\$ 3,050,822	(72,332)	2,978,490

2019	2,857,579		2,857,579
2020	2,382,228		2,382,228
2021	263,488	—	263,488
2022 and thereafter	14,939	—	14,939
	<u>\$ 11,564,339</u>	<u>(84,750)</u>	<u>11,479,589</u>

**(b) Litigation**

In the normal course of business, the Company is subject to claims and litigation. Management believes that such matters will not have a material adverse effect on the financial condition of the Company.

**VINING-SPARKS IBG, LIMITED PARTNERSHIP  
AND SUBSIDIARIES**

Notes to Consolidated Statement of Financial Condition

December 31, 2016

**(13) Financial Instruments with Off-Balance-Sheet Risk**

The Partnership enters into various transactions involving instruments with off-balance-sheet risk. These financial instruments include mortgage-backed and SBA to-be-announced securities (TBAs), securities purchased and sold on a when-issued basis, including SBA-guaranteed loans (when-issued securities). These financial instruments are used to meet the needs of customers, conduct trading activities, and manage market risks and are, therefore, subject to varying degrees of market and credit risk.

TBAs and when-issued securities provide for the delayed delivery of the underlying instrument. Management does not anticipate that losses, if any, as a result of credit or market risk would materially affect the Partnership's financial position due in part to the short-term nature of the commitments. The unrealized gains and losses for TBAs and when-issued securities are recorded in the consolidated financial statements. The extent of the Partnership's involvement in TBAs and when-issued financial instruments with off-balance-sheet risk as of December 31, 2016 was a net commitment to purchase securities totaling \$11,390,001 and a net commitment to sell securities totaling \$79,530,545.

In the normal course of business, the Partnership's customer activities involve the execution, settlement, and financing of various customer securities transactions. These activities may expose the Partnership to off-balance-sheet risk in the event the customer or other broker is unable to fulfill its contractual obligations and the Partnership has to purchase or sell the financial instrument underlying the contract at a loss.

**(14) Employee Benefits**

The Company has a 401(k) plan (the Plan), which covers substantially all employees. Employees are eligible to participate in the Plan after they have been employed by the Company for a minimum of six months. The Company's matching contribution is equal to 50% of certain employee contributions up to 6% of employee's base salary.
