Notes to Financial Statements

December 31, 2016

1. Nature of Business

Starr Strategic Partners, LLC (the "Company") is a broker-dealer registered with the Securities and Exchange Commission ("SEC"), and the Financial Industry Regulatory Authority. The Company is a single-member limited liability company, which during 2016 was owned entirely by Starr Global Financial, Inc. ("Starr Global Financial"), which is wholly owned by Starr Insurance Holdings, Inc. ("Starr Insurance Holdings").

On February 26, 2016, Starr Global Financial formed a wholly owned subsidiary, Starr Strategic Holdings, LLC ("Starr Strategic Holdings"), a Delaware limited liability company. Effective March 1, 2016, all the membership interests of the Company were transferred from Starr Global Financial to Starr Strategic Holdings. As a result of such restructuring, Starr Strategic Holdings became the single member owner of the Company. The change in legal structure had no direct impact on the financial statements of the Company.

The Company operates under the exemptive provisions of paragraph (k)(2)(i) of rule 15c3-3 of the SEC. Therefore, the Company does not have customer accounts, and thus does not carry margin accounts or receive customer funds or securities, which it would have to transmit promptly in connection with its activities as a broker or dealer. The Company does not otherwise hold funds or securities for or owe money to customers, nor does it have financial transactions between the broker or dealer and customers through which bank accounts have been designated as Special Accounts for the Exclusive Benefit of Customers of the Company.

2. Summary of Significant Accounting Policies

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Basis of Presentation

The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates. The Company does not have any significant estimates at December 31, 2016.

Concentrations of Credit Risk

Financial instruments that potentially expose the Company to concentrations of credit risk consist principally of cash. The Company maintains its cash in bank deposit accounts that, at times, may exceed federally insured limits. Company's management performs periodic reviews of the relative credit rating of its banks to lower its risk. The Company has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk.

Revenue Recognition

The Company recognizes revenues on the accrual basis as earned. Service income revenue includes fees earned from providing merger-and-acquisition and financial restructuring advisory services and such fees are recognized as income when the Company renders the related services. Amounts billed or collected which will be earned in future months are shown as deferred revenues. The Company has no deferred revenues whose future earning period exceeds one year as of December 31, 2016.

Receivables from Customers

Receivables from customers are stated at their outstanding balances. The Company considers these receivables to be fully collectible. If collection becomes doubtful, an allowance for doubtful accounts will be established, or the accounts will be charged to expense when that determination is made by management. Unpaid balances remaining after the stated payment terms are considered past due. Recoveries of previously charged off accounts are recorded when received. The allowance for doubtful accounts receivable was \$ -0- at December 31, 2016.

Income Taxes

As a single-member limited liability company, the Company is treated as a "disregarded entity" for federal, state and local income tax purposes. As a result, the Company's results of operations are included in the federal, state and local tax filings of Starr Global Financial and as such no tax provision is provided for in these financial statements.

Statement of Changes in Liabilities Subordinated to Claims of General Creditors

The Company had no liabilities subordinated to the claims of general creditors for the year ended December 31, 2016; consequently, the financial statements have not included the Statement of Changes in Liabilities Subordinated to Claims of General Creditors.

Subsequent Events

The Company has evaluated events and transactions occurring subsequent to the statement of financial condition date of December 31, 2016 for items that should potentially be recognized or disclosed in these financial statements. The evaluation was conducted through the date the financial statements were issued, noting none.

3. Net Capital Requirement

The Company is subject to the SEC's Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined in Rule 15c3-1, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. As of December 31, 2016, the Company had net capital of \$890,943, which was \$878,006 in excess of its required net capital of \$12,937. The Company's aggregate indebtedness to net capital ratio was .22 to 1 at December 31, 2016.

The Company does not carry securities accounts for customers or perform custodial functions related to customer securities. This allows the Company to claim an exemption from SEC Rule

Starr Strategic Partners, LLC

Notes to Financial Statements

December 31, 2016

15c3-3, which relates to the maintenance of special accounts for the exclusive benefits of customers.

4. Related Party Transactions

Pursuant to an administrative cost sharing agreement, renewable on a year-to-year basis, the Company shares the cost of overhead expenses with Starr Global Financial and Starr Strategic Holdings, based on management estimates of time allocation. The shared overhead expenses pertain to rent, employee compensation and benefits, professional fees, utilities, travel and other miscellaneous expenses. As of December 31, 2016, the Company owed Starr Strategic Holdings \$168,448 towards shared costs. This amount is included on the accompanying statement of financial condition under accounts payable and accrued expenses. The Company incurred shared costs of \$447,010 for the year ended December 31, 2016 from Starr Global Financial and Starr Strategic Holdings representing 25% of their total shared expenses.
