REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Partners
Schneider Downs Corporate Finance, LP

We have audited the accompanying statement of financial condition of Schneider Downs Corporate Finance, LP (a Pennsylvania corporation) (the "Company") as of December 31, 2016 and the related statements of operations, changes in partners' capital, and cash flows for the year then ended. These financial statements are the responsibility of Schneider Downs Corporate Finance, LP's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Schneider Downs Corporate Finance, LP as of December 31, 2016 and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

The Schedule I, Computation of Net Capital under Rule 15c3-1 of the Securities and Exchange Commission has been subjected to audit procedures performed in conjunction with the audit of Schneider Downs Corporate Finance, LP's financial statements. The supplemental information is the responsibility of Schneider Downs Corporate Finance, LP's management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with 17 C.F.R. §240.17a-5. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Notes to Financial Statements
December 31, 2016

Note 1 - Significant Accounting Policies

Nature of Business - Schneider Downs Corporate Finance, LP (the "Company") is a licensed business providing securities advice principally related to mergers and acquisitions and other strategic transactions. The Company is exempt from the reporting requirements under SEC Rule 15c3-3(k)(2)(i).

The Company organized on August 17, 2004 as a limited partnership. The Company received Financial Industry Regulatory Authority (formerly National Association of Securities Dealers) approval on June 29, 2005.

Basis of Accounting - These financial statements have been prepared on the accrual basis of accounting.

Revenue Recognition - Revenue from non-refundable retainer fees is deferred and recognized systematically over the periods in which the services are delivered. Revenues from investment banking service commissions completed on a best-efforts basis are recognized upon completion of the transaction as outlined in related contracts.

Cash and Cash Equivalents - The Company considers cash and all highly liquid short-term securities with an original maturity of three months or less to be cash and cash equivalents. The Company maintains its cash balances at banks in the United States of America.

Receivables - The Company grants trade credit during the normal course of business without requiring collateral. Accounts receivable are stated at their contractual outstanding balances, which approximate fair value, net of any allowance for doubtful accounts. The Company establishes an allowance for doubtful accounts when collectability is uncertain, based on prior bad debt experience and a review of existing receivables. A \$0 allowance was recorded at December 31, 2016.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Notes to Financial Statements
December 31, 2016

Recent Accounting Pronouncements - In February 2016, the Financial Accounting Standards Board issued ASU 2016-02, Leases, which supersedes current lease accounting requirements. This new ASU requires lessees to recognize a right-of-use asset and related lease liability for all leases, with limited exception for short-term leases. This new guidance will be effective for the Company's fiscal year ending December 31, 2020. Upon implementation, the Company's lease payment obligations will be recognized at their estimated present value along with a corresponding right-of-use asset. Lease expense recognition is not expected to have a significant impact on the financial statements of the company.

In May 2014, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2014-09, Revenue from Contracts with Customers (Topic 606), which will supersede the current revenue recognition requirements in Topic 605, Revenue Recognition. The ASU is based on the principle that revenue is recognized to depict the transfer of goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The ASU also requires additional disclosure about the nature, amount, timing, and uncertainty of revenue and cash flows arising from customer contracts, including significant judgments and changes in judgments and assets recognized from costs incurred to obtain or fulfill a contract. The ASU permits application of the new revenue recognition guidance to be applied using one of two retrospective application methods. The Corporation has not yet determined which application method it will use. The standard is effective for annual reporting periods beginning after December 15, 2017, therefore will be effective for the fiscal year beginning on January 1, 2018. The adoption of the new standard is not expected to have a significant impact on the financial statements of the company.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including February 23, 2016, which is the date the financial statements were available to be issued.

Note 2 - Net Capital Requirements

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2016, the Company had net capital of \$668,436, which was \$663,436 above the required net capital of \$5,000. The Company had aggregate indebtedness of \$64,580 at December 31, 2016.

Note 4 - Income Taxes

The Company, with the consent of its partners, has elected to have its income or loss reported directly by the partners under provisions of partnership taxation of the Internal Revenue Code.

Note 5 - Related Party Transactions

The partners of the Company also have ownership interests in other affiliated entities. The Company has various employment, administrative, and services agreements with these affiliated entities. The Company earns revenue and incurs expenses under these agreements.
