RSM US LLP

Report of Independent Registered Public Accounting Firm

To the Managing Member
Promethean Capital Group LLC

We have audited the accompanying statement of financial condition of Promethean Capital Group LLC (the "Company") as of December 31, 2016, and the related notes (the financial statement). This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the financial position of Promethean Capital Group LLC as of December 31, 2016, in conformity with accounting principles generally accepted in the United States.

Promethean Capital Group LLC

Notes to Statement of Financial Condition

Note 1. Organization

Promethean Capital Group LLC (the "Company") is a broker-dealer registered with the Securities and Exchange Commission (the "SEC") and is a member of the Financial Industry Regulatory Authority.

The Company acts as an agent in the private placement of securities and as such is not required to have a clearing agreement with a broker.

The Company operates under the provisions of Paragraph (k)(2)(i) of Rule 15c3-3 of the SEC and, accordingly, is exempt from the remaining provisions of the Rule. The requirements of Paragraph (k)(2)(i) provide that the Company carry no margin accounts, promptly transmit all customer funds and deliver all securities received in conjunction with its activities as a broker-dealer and does not hold funds or securities for or owe money or securities to customers.

The members of the Company have committed to make contributions to sustain the Company through at least the next 12 months.

Note 2. Significant Accounting Policies

The Company follows generally accepted accounting principles ("GAAP"), as established by the Financial Accounting Standards Board (the "FASB"), to ensure consistent reporting of financial condition, results of operations, and cash flows.

Use of Estimates: The preparation of the statement of financial condition in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the statement of financial condition. Actual results could differ from those estimates.

Cash: Cash represents bank demand deposits. The Company maintains its cash in bank deposit accounts which, at times, may exceed insured limits. The Company does not believe it is exposed to any significant credit risk.

Income Taxes: No provision for federal or state income taxes has been made for the Company since, as a limited liability company, it is not subject to income taxes. The FASB provides guidance for how uncertain tax positions should be recognized, measured, disclosed and presented in the financial statement. This requires the evaluation of tax positions taken or expected to be taken in the course of preparing the Company's tax returns to determine whether the tax positions are "more likely than not" of being sustained "when challenged" or "when examined" by the applicable tax authority. Tax positions not deemed to meet the more-likely-than-not threshold would be recorded as a tax expense and liability in the current year. For the year ended December 31, 2016, management has determined that there are no uncertain tax positions. The Company is not subject to examination by U.S. federal, state or local tax authorities for tax years before 2013.

Recent Accounting Pronouncements: In August 2015, the FASB issued ASU 2015-14, Revenue from Contracts with Customers (Topic 606), requiring an entity to recognize the amount to which it expects to be entitled for the transfer of promised goods or services to customers. The updated standard will replace most existing revenue recognition guidance in U.S. GAAP when it becomes effective and permits the use of either a full retrospective or retrospective with cumulative effect transition method. The updated standard will be effective for annual reporting periods beginning after December 15, 2018.

The Company has not yet selected a transition method and is currently evaluating the effect that the updated standard will have on its financial statements.

Promethean Capital Group LLC

Notes to Statement of Financial Condition

Note 3. Related Party Transactions

Pursuant to agreements with certain affiliates (the "Affiliates"), the Company reimburses the Affiliates for rent, communication, compensation and general operating expenses paid by the Affiliates. In addition, certain affiliates are paid compensation for temporary work related to research. At December 31, 2016, the Company owed \$672 to the Affiliates.

Note 4. Net Capital Requirement

The Company is subject to the SEC Uniform Net Capital Rule ("SEC Rule 15c3-1"), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the Rule also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1). At December 31, 2016, the Company had net capital of \$63,587, which was \$58,587 in excess of its required net capital of \$5,000. The Company's net capital ratio was 0.59 to 1.

Note 5. Indemnifications

In the normal course of business, the Company enters into contracts that contain a variety of representations and warranties that provide indemnifications under certain circumstances. The Company's maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Company that have not yet occurred. The Company expects the risk of future obligation under these indemnifications to be remote.

Note 6. Subsequent Events

The Company has evaluated subsequent events for potential recognition and/or disclosure through the date this financial statement was issued.
