These financial statements are the responsibility of Sikich Corporate Finance, LLC's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Sikich Corporate Finance, LLC as of December 31, 2016, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with 17 C.F.R. §240.17a-5. In our opinion, the Schedules of Computation of Net Capital Under SEC Rule 15c3-1 and the Reconciliation between Audited and Unaudited Net Capital Computation are fairly stated, in all material respects, in relation to the financial statements as a whole.

**NOTE 1: ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

A summary of the Firm's significant accounting policies consistently applied in the preparation of the accompanying financial statements are as follows:

- a. Nature of Operations—Sikich Corporate Finance, LLC, a Delaware limited liability company (the Firm), was formed on October 15, 2008, and began operations on November 3, 2009. The Firm is a registered broker-dealer with the Financial Industry Regulatory Authority (FINRA), the Securities and Exchange Commission (SEC). The general purpose of the Firm is to engage in capital raising services, including private securities placements and Private Investment in Public Equity (PIPE) transactions, and to perform mergers and acquisitions advisory services, including facilitating mergers and acquisitions, tender offers, financial restructurings, asset sales, divestitures and other corporate reorganizations or business combination transactions, and rendering fairness, solvency or similar opinions. The Firm's customers are located throughout the United States.
- b. Cash and Cash Equivalents—For purposes of the statements of cash flows, the Firm considers all highly liquid debt instruments with maturities of three months or less when purchased to be cash equivalents. There were no cash equivalents as of December 31, 2016.
- c. Use of Estimates—The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.
- d. Concentrations of Credit Risk—The Firm places its cash in accounts with a local financial institution. At times, such accounts may be in excess of FDIC insured limits. The Firm did have amounts in excess of insured limits during both years, but not as of respective year end.
- e. Accounts Receivable—Accounts Receivable consists of fees and other amounts owed to the Firm. The Firm, on a periodic basis evaluates its accounts receivable and establishes an allowance for doubtful accounts, based on history of past write-offs and collections and current credit conditions. The Firm considers accounts receivable to be fully collectible; accordingly, no allowance for doubtful accounts currently is provided. Uncollectible accounts receivable are charged directly against operations when they are determined to be uncollectible. Use of this method does not result in a material difference from the valuation method required by accounting principles generally accepted in the United States of America.
- f. Basis of Presentation and Method of Accounting—The Firm's financial statements have been prepared in conformity with accounting principles generally accepted in the United States ("U.S. GAAP"), and presented on the accrual basis method of accounting.
- g. Revenue Recognition—Fee revenue includes recurring professional services that are paid for the duration of the engagement, and success fees earned on completed mergers and acquisition transactions. Professional service revenues are recorded at the time services are performed, while success fees are recorded when the transaction is completed and the income is reasonably determinable.

**SIKICH CORPORATE FINANCE, LLC  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR DECEMBER 31, 2016**

---

**NOTE 2: FAIR VALUE MEASUREMENTS**

The Firm values its cash and cash equivalents at fair value, based on the Level 1 hierarchy established by ASC 820, Fair Value Measurements and disclosures.

**NOTE 3: INCOME TAX EXPENSE**

As a limited liability company, the Firm is treated as a partnership for federal income tax purposes. Consequently, federal income taxes are not payable by, or provided for, the Firm. The single member owner is taxed individually on its share of the Firm's earnings. The Firm is subject to certain state taxes; however no provision for state income taxes is required at December 31, 2016.

Accounting principles generally accepted in the United States of American require the Firm to examine its tax positions for uncertain positions. Management is not aware of any tax positions that are more likely than not to change in the next twelve months or that would not sustain an examination by applicable taxing authorities.

The Firm's policy is to recognize penalties and interest as incurred in its Statement of Income, there were none for the year ended December 31, 2016.

**NOTE 4: STATEMENTS OF CHANGES IN LIABILITIES SUBORDINATED TO CLAIMS OF GENERAL CREDITORS**

For the year ended December 31, 2016, the Firm did not have any subordinated liabilities subject to claims of general creditors. Therefore, no statements have been prepared.

**NOTE 5: UNCERTAINTY IN INCOME TAXES**

The Firm adopted the provisions of FASB ASC Topic 605, "Accounting for Uncertainty in Income Taxes". Benefits from tax positions are recognized in the financial statements only when it is more likely than not that the tax position will be sustained upon examination by the appropriate taxing authority that would have full knowledge of all relevant information. Recognized income tax positions are measured at the largest amount that has a greater than 50% likely of being realized. Changes in recognition or measurement are reflected in the period in which the change in judgment occurs.

Based on its current evaluation, the Firm has concluded that there are no significant uncertain tax positions requiring recognition in the Firm's financial statements.

**NOTE 6: NET CAPITAL REQUIREMENTS**

The Firm is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of a minimum net capital balance. The Firm is required to maintain net capital equal to the greater of \$5,000 or 6-2/3% of the aggregate indebtedness, as these terms are defined under the rule. At December 31, 2016, the Firm's net capital was \$187,214 which was \$182,214 in excess of its minimum net capital requirement. There is no difference between this computation of net capital pursuant to Rule 15c3-1 and the corresponding computation prepared by the Firm and included in the unaudited Part II of Form X-17a-5 as of December 31, 2016.

**SIKICH CORPORATE FINANCE, LLC  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR DECEMBER 31, 2016**

---

**NOTE 7: CONCENTRATION IN FEE REVENUE**

In 2016 the Firm received nearly 100% of total fees from seven customers.

**NOTE 8: RELATED PARTY TRANSACTIONS**

The Firm is 100% owned by Sikich LLP and is subject to an expense sharing agreement with Sikich LLP that has been approved by FINRA. The agreement was amended on June 17, 2014 to reflect adjustments in expenses and is for a period of twelve months and will renew automatically for an additional twelve months if not cancelled prior to the renewal date of the contract. Under the agreement Sikich LLP has agreed to pay up to \$2,843,700 on behalf of the Firm during the year ended December 31, 2016 in consideration of rent, utilities, telephone, equipment furniture and fixtures, postage, office supplies, accounting services, and other general non-securities related administrative and office expenses. The Firm will not have any obligation to pay back any incurred expenses paid on its behalf by Sikich LLP, and thus such amounts are not reflected in the financial statements.

**NOTE 9: SUBSEQUENT EVENTS**

The Firm has evaluated subsequent events through the date of this report, the date on which the financial statements were available to be issued, and concluded that no subsequent events have occurred that would require recognition in the financial statements or disclosure in the related notes to the financial statements.

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL UNDER SEC RULE 17A-5(g)(1)

The Member of  
Sikich Corporate Finance, LLC  
Naperville, Illinois

In planning and performing our audit of the financial statements of Sikich Corporate Finance, LLC as of and for the year ended December 31, 2016, in accordance with auditing standards generally accepted in the United States of America, we considered Sikich Corporate Finance, LLC's internal control over financial reporting (internal control) as a basis for designing our audit procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Sikich Corporate Finance, LLC's internal control. Accordingly, we do not express an opinion on the effectiveness of Sikich Corporate Finance, LLC internal control. Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by Sikich Corporate Finance, LLC, including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a) (11) and for determining compliance with the provisions of Rule 15c3-3. Because Sikich Corporate Finance, LLC does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

- Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13.
- Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of Sikich Corporate Finance, LLC is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's previously mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined previously.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that Sikich Corporate Finance, LLC's practices and procedures, as described in the second paragraph of this report, were adequate at February 15, 2017, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

The Member of  
Sikich Corporate Finance, LLC

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.

**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Member of  
Sikich Corporate Finance, LLC

We have reviewed management's statements, included in the accompanying Exemption Report of Brokers and Dealers, in which Sikich Corporate Finance, LLC, identified the following provisions of 17 C.F.R. § 15c3-3(k) under which the Firm claimed an exemption from 17 C.F.R. § 240.15c3-3: (k) (2) (i), and Sikich Corporate Finance, LLC stated that Sikich Corporate Finance, LLC met the identified exemption provisions throughout the most recent fiscal year without exception. Sikich Corporate Finance, LLC's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and accordingly included inquiries and other required procedures to obtain evidence about the Firm's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k) (2) (i) of Rule 15c3-3 under the Securities Exchange Act of 1934.

Sincerely,
