Notes to Financial Statement
December 31, 2016

1. Nature of Business

Acer Investment Group, LLC, a limited liability company (the “Company”) is a broker-dealer in securities, registered with the Securities and Exchange Commission (“SEC”) and is a member of the Chicago Stock Exchange.

2. Summary of Significant Accounting Policies

Basis of Presentation

These financial statements are prepared in conformity with accounting principles generally accepted in the United States of America (“US GAAP”) which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Company considers money market funds to be cash. The Company maintains cash in bank accounts which, at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts and does not believe it is exposed to any significant credit risk on cash and cash equivalents.

Marketable Securities

Marketable securities owned by the Company are reflected at market value with the resulting unrealized gains and losses included in income.

Income Taxes

No provision for federal or state income taxes has been made since the Company is a pass-through entity treated as a partnership for U.S. tax purposes. The Internal Revenue Code provides that any income or loss is passed through to the members for federal, state and certain local income taxes.

In accordance with US GAAP, the Company recognizes the tax benefits of certain tax positions only when the position is “more likely than not” to be sustained assuming examination by federal tax authorities. As of December 31, 2016, management has analyzed the Company’s tax positions taken on the federal partnership tax returns and concluded the Company did not require a provision or liability for uncertain tax positions.

3. Fixed Assets

Fixed assets as of December 31, 2016, are comprised of:

Less Accumulated Depreciation	<u>(13,903)</u>
	10,444
Artwork, carried at cost and not depreciated	<u>3,346</u>

The Company is a sponsor of a defined contribution profit sharing plan for its eligible employees. Contributions to the plan, if any, are determined by the employer and come out of its current accumulated profits. The employer's contribution for any fiscal year shall not exceed the maximum allowable as a deduction to the employer under the provisions of the IRS Code Section 404, as amended, or replaced from time to time.
