REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Shareholders
of **Lafayette Investments, Inc.:**

We have audited the accompanying statements of financial condition of Lafayette Investments, Inc. as of December 31, 2016 and 2015, and the related notes to the financial statements. These financial statements are the responsibility of Lafayette Investment Inc.'s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the statements of financial condition are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial position. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall statement of financial position presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the statements of financial condition referred to above present fairly, in all material respects, the financial position of Lafayette Investments, Inc. as of December 31, 2016 and 2015 in accordance with accounting principles generally accepted in the United States of America.

Total liabilities and shareholders' equity	\$ 5,630,221	\$ 4,467,812

The accompanying notes are an integral part of these financial statements.

Lafayette Investments, Inc.

Notes to the Financial Statements

1. Organization

Lafayette Investments, Inc. (the "Company") was incorporated in March 1988, under the laws of the state of Delaware. The Company, which is registered under the Securities Exchange Act of 1934 as a broker-dealer, introduces and forwards all customer accounts to a broker who clears the accounts on a fully disclosed basis. The Company is also a registered investment adviser under the Investment Advisers Act of 1940.

The Company has offices in Bethesda, Maryland and Ashton, Maryland.

2. Significant Accounting Policies

Securities Transactions

The Company records securities transactions and the related revenues and expenses on the trade date, as if the transactions have settled. Marketable securities are reported at fair value and securities not readily marketable are reported at fair value as determined by management. The resulting difference between cost and fair value is included in income.

Commissions

Commissions and related clearing expenses are recorded on a trade-date basis as securities transactions occur.

Investment Advisory Income

Investment advisory fees are billed quarterly in advance and the income is recognized as it is earned.

Income Taxes

The Company accounts for income taxes in accordance with FASB ASC Topic 740, *Income Taxes*, which requires deferred-tax assets and liabilities to be determined based on differences between the financial statement carrying amounts and the tax basis of existing assets and liabilities (i.e., temporary timing differences) and to be measured at the enacted rates that will be in effect when these differences reverse.

Lafayette Investments, Inc.

Notes to the Financial Statements (continued)

The Company utilizes statutory requirements for its income tax accounting, and avoids risks associated with potentially problematic tax positions that may incur challenge upon audit, where an adverse outcome is more likely than not. Therefore, no provisions are made for either uncertain tax positions nor accompanying potential tax penalties and interest for underpayments of income taxes in the Company's tax reserves. In accordance with ASC Topic 740, the Company may establish a reserve against deferred tax assets in those cases where realization is less than certain.

The Company files income tax returns in the United States (federal) and in the state of Maryland. In most instances, the Company is no longer subject to federal and state income tax examinations by tax authorities for years prior to 2013, and is not currently under examination by any federal or state jurisdiction. It is not anticipated that unrecognized tax benefits will significantly change in the next twelve months.

Cash and Cash Equivalents

The Company considers all highly liquid investments purchased with a maturity of three months or less to be cash equivalents. Cash equivalents are principally held on deposit with The Company's clearing broker. Cash, cash equivalents and deposits are carried at cost which approximates fair value.

Depreciation

Property and equipment consist of furniture and office equipment. Depreciation of furniture and office equipment is recorded on an accelerated basis over a seven-year life and five-year life, respectively.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Lafayette Investments, Inc.

Notes to the Financial Statements (continued)

Date of Management's Review

Management evaluated subsequent events through February 22, 2017, the date these financial statements were available to be issued, and there were no subsequent events that required disclosure.

3. Property and Equipment

Property and equipment consisted of the following:

<i>December 31,</i>	2016	2015
Furniture	\$ 72,882	\$ 72,882
Office equipment	108,216	113,337
Property and equipment, at cost	181,098	186,219
Accumulated depreciation and amortization	(169,623)	(168,222)
Property and equipment, net	\$ 11,475	\$ 17,997

Depreciation and amortization expense for the years ended December 31, 2016 and 2015 was \$9,455 and \$13,596, respectively.

4. Securities Owned

The Company owns marketable securities that represent trading and investment securities carried at quoted market prices. As of December 31, 2016 and 2015, these marketable securities, which consisted of state and municipal obligations, totaled \$3,992,973 and \$2,604,523, respectively.

Lafayette Investments, Inc.

Notes to the Financial Statements (continued)

5. Fair Value Measurements on a Recurring Basis

The Company accounts for its financial instruments at fair value, which is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The accounting standards related to fair value measurements include a hierarchy for information and valuations used in measuring fair value that is broken down into three levels based on reliability, as follows:

- Level 1 – Inputs to valuation methodology are quoted prices (unadjusted) for identical assets or liabilities traded in active markets.
- Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability and market-corroborated inputs.
- Level 3 – Inputs to the valuation methodology are unobservable for the asset or liability and are significant to the fair value measurement.

The following table presents the asset balances measured at fair value on a recurring basis as of December 31, 2016:

	Level 1	Level 2	Level 3	Total
Assets:				
Cash and cash equivalents	\$ 1,372,779	\$ -	\$ -	\$ 1,372,779
Municipal bonds	\$ -	\$ 3,992,973	\$ -	\$ 3,992,973

The following table presents the asset balances measured at fair value on a recurring basis as of December 31, 2015:

	Level 1	Level 2	Level 3	Total
Assets:				
Cash and cash equivalents	\$ 1,614,025	\$ -	\$ -	\$ 1,614,025
Municipal bonds	\$ -	\$ 2,604,523	\$ -	\$ 2,604,523

In determining the fair value of its assets and liabilities, the Company predominately uses the market approach. Securities included in Level 2 are valued utilizing inputs obtained from an independent pricing service. The Company reviews the values generated by the independent pricing service for reasonableness by comparing the valuations received from

Lafayette Investments, Inc.

Notes to the Financial Statements (continued)

the independent pricing service to valuations from at least one other observable source for each security held. The Company has not adjusted the prices obtained from the independent pricing service.

6. Income Taxes

The provision for income taxes differs from the amount that would be obtained by applying Federal statutory rates primarily due to the difference in accounting for depreciation expense on a tax basis, non-deductible meals and entertainment, limited deduction of charitable contributions, and interest revenue earned on U.S. Treasury securities that is not taxed at the local level. Deferred income taxes are the result of temporary differences between the financial statement carrying amounts of assets and liabilities and their tax basis, and mainly related to differences between the basis of fixed assets and investments for financial and income tax purposes.

As of December 31, 2016, the Company has charitable contribution carryovers of \$17,678 that may be used to offset future taxable income through December 31, 2021.

The provision for income tax expense consists of the following:

<i>Year ended December 31,</i>	2016	2015
Current provision for income tax expenses:		
Federal	\$ 16,241	\$ 36,970
State	7,398	12,386
Total current provision for income tax expenses	23,639	49,356
Deferred income tax benefit		
Federal	(387)	(1,125)
State	(222)	(343)
Total deferred income tax expense benefit	(609)	(1,468)
Total provision for income tax expenses	\$ 23,030	\$ 47,888

Lafayette Investments, Inc.

Notes to the Financial Statements (continued)

7. Payable to Clearing Broker

The Company's clearing broker provides financing, collateralized by state and municipal obligations and corporate bonds, at the broker call rate less 50 basis points, or 2.00% as of December 31, 2016 and 1.75% as of December 31, 2015. The Company earns interest on the bonds during the period in which they are held in inventory. The carrying value of the payable to clearing broker approximates the fair value based on current market rates and conditions.

8. Employee Retirement Plan

The Company maintains a 401(k) Profit Sharing Plan which covers substantially all employees. Contributions to the profit sharing plan are at the discretion of the Board of Directors. Pension expense and a corresponding liability for employer contributions for the years ended December 31, 2016 and 2015 was \$131,062 and \$96,244, respectively.

9. Net Capital Requirements

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule 15c3-1, which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. As of December 31, 2016, the Company had net capital of \$1,095,378, which was \$995,378 in excess of its required net capital of \$100,000. The Company's aggregate ratio of indebtedness to net capital as of December 31, 2016 was 0.19 to 1.

10. Concentration of Credit Risk

The Company engaged in various trading and brokerage activities in which counterparties primarily include broker-dealers, banks, and other financial institutions. In the event counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. The Company periodically reviews the credit standing of its counterparties.

11. Commitments

The Company leases office space, equipment and access to financial data under various operating lease agreements. The Company's operating lease expenses for the years ended December 31, 2016 and 2015 were \$212,838 and \$211,606, respectively.

Lafayette Investments, Inc.

Notes to the Financial Statements (continued)

Future minimum lease commitments as of December 31, 2016 for all non-cancelable operating leases are as follows:

Year ended December 31,

2017	\$	161,246
2018		108,554
2019		96,615
2020		66,105

Total	\$	432,520
-------	----	---------

12. Stock Repurchase

During March 2016, the Company repurchased 112 shares from one of its shareholders for \$288,601, which was based on the book value share price at December 31, 2015, or \$2,576.79 per share.
