REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Board of Members
Capro Capital
Las Vegas, Nevada

I have audited the accompanying statement of financial condition of Capro Capital as of December 31, 2016 and the related statements of operations, changes in member's equity, and cash flows for the year then ended. These financial statements are the responsibility of Capro Capital's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Capro Capital as of December 31, 2016 and the results of its operations and cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

The supplemental information for the year ended December 31, 2016 (Schedule I, Statement of Net Capital Under Rule 15c3-1, Schedule II, Determination of Determination of Reserve Requirements Under Rule 15c3-3 (exemption), and Schedule III, Information for Possession or Control Requirements Under Rule 15c3-3 (exemption)) has been subjected to audit procedures performed in conjunction with the audit of Capro Capital's financial statements. The supplemental information is the responsibility of Capro Capital's management. My audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming my opinion on supplemental information, I evaluated whether the supplemental information, including the form and content is presented in conformity with Rule 17a-5 of the Securities Exchange Act of 1934. In my opinion, the supplemental information is fairly stated, in all material respects, in relation to the financial statements as a whole.

This opinion is intended solely for the information and use of the board of members, the Securities and Exchange Commission, and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

Notes to Financial Statements December 31, 2016

Note 1: GENERAL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

ORGANIZATIONAL MATTERS:

Capro Capital, LLC (the "Company") was formed in Nevada in 2015 and during 2016 was approved as a securities broker dealer by the Securities and Exchange Commission, The Financial Industry Regulatory Authority Dealers and the State of Nevada.

The firm is a Limited Liability Company, wholly owned by its member, Viney Singal.

The firm operates on a limited disclosed basis with no clearing firm requirements; it offers investment-banking services primarily on real estate and gaming projects in Nevada.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The preparation of financial statements in conformity with GAAP requires the Company's management to make estimates and assumptions that affects the amounts disclosed in the financial statements. Actual results could differ from those estimates.

Cash:

Cash equivalents include highly liquid investments purchased with an original maturity of three months or less. The Company maintains its cash in bank deposit accounts, which at times may exceed uninsured limits. The Company has not experienced any losses in such accounts.

Revenue Recognition:

The Company receives fees in accordance with terms stipulated in its engagement contracts. Fees are recognized as earned. The Company also receives success fees when transactions are completed. Success fees are recognized when earned, the Company has no further continuing obligations, and collection is reasonably assured.

Accounts receivable are stated at face amount with no allowance for doubtful accounts. An allowance for doubtful accounts is not considered necessary because probable uncollectible accounts are immaterial.

Concentrations of Credit Risk:

The Company is engaged in various activities. In the event counter-parties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counter party or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counter party.

Management estimates that 100% of the revenues were generated in the State of Nevada.

Notes to Financial Statements December 31, 2016

Note 1: GENERAL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

General:

The management has reviewed the results of operations for the period of time from its year end December 31, 2016 through February 15th, 2017 the date the financial statements were available to be issued, and have determined that no adjustments are necessary to the amounts reported in the accompany financial statement nor have any subsequent events occurred, the nature of which would require disclosure.

The Company is subject to audit by the Internal Revenue Service for years ending December 31, 2015.

FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritized the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or liability or, in the absence of a principal market, the most advantageous market for the asset or liability. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820 are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.

Level 2 inputs are inputs (other than quoted prices included within Level 1) that are observable for the asset or liability, either directly or indirectly.

Level 3 are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the assets or liability. (The unobservable inputs should be developed based on the best information available in the circumstances and may include the Company's own data.)

There were no levels to measure at December 31, 2016.

Note 2: NET CAPITAL REQUIREMENTS

The Company is subject to the uniform net capital rule (SEC Rule 15c3-1) of the Securities and Exchange Commission, which requires both the maintenance of minimum net capital and the maintenance of maximum ration or aggregate indebtedness to net capital. At December 31, 2016, the Company had a net capital of \$56,702 which is \$51,702 in excess of the minimum of \$5,000 required and its ratio of aggregated indebtedness \$3,659 to net capital was 0.06 which is less than the 15 to 1 maximum ration of a broker deal.

CAPRO CAPITAL

Schedule II
Determination of Reserve Requirements
Under Rule 15c3-3 of the Securities and Exchange Commission
December 31, 2016

The Company is exempt from the Reserve Requirement of computation according to the provision of Rule 15c3-3(k)(2)(i).

Schedule III
Information Relating to Possession or Control
Requirements Under Rule 15c3-3
December 31, 2016

The Company is exempt from the Rule 15c3-3 as it relates to possession and Control requirements under the (k)(2)(i) exemptive provision.

Assertions Regarding Exemption Provisions

We as members of management of Capro Capital ("the Company") are responsible for compliance with the annual reporting requirements under Rule 17a-5 of the Securities Exchange Act of 1934. Those requirements compel a broker or dealer to file annual reports with the Securities Exchange Commission (SEC) and the broker or dealer's designated examining authority (DEA). One of the reports to be included in the annual filing is an exemption report prepared by an independent public accountant based upon a review of assertions provided by the broker or dealer. Pursuant to that requirement, the manager of the Company hereby makes the following assertions:

Identified Exemption Provision:

The Company claims exemption from the custody and reserve provisions of Rule 15c3-3 by operating under the exemption provided by Rule 15c3-3, Paragraph (k)(2)(i)

Statement Regarding Meeting Exemption Provision:

The Company met the identified exemption provision without exception throughout the period ending January 1, 2016 through December 31, 2016

Board of Members

I have reviewed management's statements, included in the accompanying Exemption Report in which (1) Capro Capital, identified the following provisions of 17 C.F.R. §15c3-3(k) under which Capro Capital claimed an exemption from 17 C.F.R. §240.15c3-3: (k)(2)(i) (the "exemption provision") and (2) Capro Capital, stated that Capro Capital, met the identified exemption provisions throughout the most recent fiscal year without exception. Capro Capital's management is responsible for compliance with the exemption provision and its statements.

My review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and accordingly, included inquiries and other required procedures to obtain evidence about Capro Capital's compliance with the exemption provision. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, I do not express such an opinion.

Based on my review, I am not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(i) of Rule 15c3-3 under the Securities Exchange Act of 1934.
