**To the Board of Directors and Stockholder
Meeschaert Capital Markets, Inc.
(a wholly-owned subsidiary of Meeschaert Corporation)**

We have audited the accompanying statement of financial condition of Meeschaert Capital Markets, Inc. (the "Company") as of December 31, 2016, and the related notes to the statement of financial condition. The Company's management is responsible for this financial statement. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial position. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial condition of the Company as of December 31, 2016 in accordance with accounting principles generally accepted in the United States of America.

As more fully described in Notes 1 and 4 to the financial statements, the Company is dependent upon and has material transactions with related parties. Because of this relationship, it is possible that the terms of these transactions are not the same as those that would result from transactions between unrelated parties.
