## NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2016

---

### NOTE 1 – ORGANIZATION AND BUSINESS

#### *ORGANIZATION AND NATURE OF BUSINESS*

GFG Securities, LLC (the Company) was incorporated on March 3, 2004 in the State of Delaware and is a wholly owned subsidiary of GFG Holdings, LLC (the Parent Company). The Company is a broker-dealer registered with the Securities and Exchange Commission (SEC) and a member of the Financial Industry Regulatory Authority (FINRA) since January 26, 2005. The Company is approved to conduct mergers and acquisitions (being compensated on a “success-fee” basis) and private placements (acting as agent). The Company is subject to regulatory oversight and periodic audit by the SEC, FINRA and the State of Florida.

### NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### *REVENUE RECOGNITION*

Revenue is recorded when services have been performed. The Company enters into agreements with its customers, which provide for monthly retainer billings for months in which services have been performed. The agreements also provide for success fees to be earned by the Company upon the successful close of a merger and acquisition or capital raising transaction.

#### *CASH EQUIVALENTS*

For purposes of reporting cash flows, cash equivalents are demand accounts balances with banks with an original maturity of three months or less.

#### *USE OF ESTIMATES*

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Although these estimates are based on management’s knowledge of current events and actions it may undertake in the future, they may ultimately differ from actual results.

#### *GOVERNMENT AND OTHER REGULATIONS*

The Company’s business is subject to significant regulation by various governmental agencies and self-regulatory organizations. Such regulation includes, among other things, periodic examinations by these regulatory bodies to determine whether the Company is conducting and reporting its operations in accordance with the applicable requirements of these organizations.

## NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2016

### NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### *FAIR VALUE OF FINANCIAL INSTRUMENTS*

The financial position of the Company at December 31, 2016, includes certain financial instruments that may have a fair value that is different from the value currently reflected in the financial statements. In reviewing the financial instruments of the Company, certain assumptions and methods were used to determine the fair value of each category of financial instruments for which it is practicable to estimate that value. The carrying amounts of the Company's financial instruments generally approximate their fair values at December 31, 2016.

#### *PROPERTY AND EQUIPMENT*

Depreciation of property and equipment is provided by the straight-line method of depreciation at a rate calculated to amortize the cost of the assets over their estimated useful lives. The lives used in computing depreciation ranges from 5 to 7 years. The cost of maintenance and repairs of property and equipment is charged to expense as incurred. Costs of renewals and betterments are capitalized in the property accounts.

Depreciation expense for the year ended December 31, 2016 amounted to \$ 1,618.

#### *INCOME TAXES*

The Company is a limited liability company and has elected to be treated as a partnership under the Internal Revenue Code. In lieu of corporate income taxes, the member is responsible for the tax liability, or loss carry forward, related to their proportionate share of the Company's taxable income and losses. Accordingly, no provision for Federal and State income taxes is reflected in the accompanying financial statements. The Company has concluded that it is a pass-through entity and there are no uncertain tax positions that would require recognition in the financial statements. If the Company were to incur an income tax liability in the future, interest on any income tax liability would be reported as interest expense and penalties on any income tax liability would be reported as income taxes. The Company's conclusions regarding uncertain tax positions may be subject to review and adjustment at a later date based upon ongoing analysis of tax laws, regulations and interpretations thereof as well as other factors. Generally, Federal, State and local authorities may examine the Company's tax returns for three years from the date of filing. Therefore, the current year and three preceding years remain subject to examination as of December 31, 2016.

FOR THE YEAR ENDED DECEMBER 31, 2016

### NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### *LOSS CONTINGENCIES*

Loss contingencies, including claims and legal actions arising in the ordinary course of business are recorded as liabilities when the likelihood of loss is probable and an amount or range of loss can be reasonably estimated. Management does not believe there are presently such matters that will have a material effect on the financial statements.

### NOTE 3 - NET CAPITAL REQUIREMENT

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. The Company's net capital as of December 31, 2016 was \$110,108 which was \$102,247 in excess of its required minimum net capital of \$7,861.

### NOTE 4 - RELATED PARTY TRANSACTIONS

#### *EXPENSE SHARING AGREEMENT*

On January 1, 2012, the Company entered into an Expense Sharing Agreement with its Parent Company. Under the terms of this agreement the Company will be billed monthly for its pro-rata share of certain expenses incurred by the Parent Company for the benefit of the Company. These expenses include, but are not limited to payroll, health insurance, professional fees, rent, office expenses and other operating expenses. During the year ended December 31, 2016, the total amount billed to the Company by its parent was \$ 426,516. For financial statement presentation the expenses incurred under this agreement have been reclassified to their respective expense categories. There is no expiration date on this agreement. As of December 31, 2016, the Company owes its parent Company \$ 48,148 under this agreement.

#### *OTHER*

During 2016, the Company made distributions to the member of \$1,145,000 and received contributions from its member of \$393,906.

## NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2016

### NOTE 5. FAIR VALUE MEASUREMENTS

The carrying amounts reported in the accompanying statement of financial condition for cash, accounts receivable, marketable securities owned, property and equipment, other assets, due to affiliate and accounts payable and accrued expenses, approximate fair value at December 31, 2016, due to the short-term nature of these accounts.

In accordance with generally accepted accounting principle (GAAP) fair value is defined as the exit price, or the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date.

GAAP also establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are inputs market participants would use in valuing the asset or liability and are developed based on market data obtained from sources independent of the Company. Unobservable inputs are inputs that reflect the Company's assumptions about the factors market participants would use in valuing the asset or liability. The guidance establishes three levels of inputs that may be used to measure fair value:

Level 1 — Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 — Inputs other than quoted market prices included within Level 1 that are observable, for the asset or liability either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 — Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurements. The Company reviews the fair value hierarchy classification on an annual basis. Changes in the observability of valuation inputs may result in a reclassification of levels for certain securities within the fair value hierarchy.

Marketable securities owned at December 31, 2016, as shown in the accompanying financial statements are valued at market prices. Valuation adjustments are not applied. Accordingly, these securities are generally categorized in level 1 of the fair value hierarchy.

### NOTE 6 – COMMITMENTS OR GUARANTEES

#### *RISKS AND UNCERTAINTIES*

In the ordinary course of its business, the Company has entered into agreements with third parties to provide, for their benefit, certain merger and acquisition transactions. Such agreements, oftentimes, require a retainer fee and a success fee, as applicable, be paid to the Company and these fees are billed as and when services are performed or a success fee is warranted. Management is not aware of any claims that will create a loss or a future obligation to the Company with regards to these transactions.

The Company has not entered into any off-balance sheet transactions and do not anticipate entering into such transactions over the next twelve months.

#### *LITIGATIONS*

In the normal course of business, the Company may be named as a defendant in legal actions and lawsuits. Management is not aware of any legal action that is pending against the Company at this time.

#### *OPERATING LEASES*

Operating leases are primarily for office space and equipment.

On February 3, 2012, the Company entered into an agreement with its parent Company to sublease their office space under the same terms as the parent Company's lease. The lease expires on April 30, 2017. Minimum rentals under this sublease due in 2017 are \$ 19,553.

### NOTE 7 –DATE OF MANAGEMENT'S REVIEW

The Company has evaluated subsequent events through February 8, 2017, the date the financial statements were available to be issued. There have been no subsequent events as of the date the financial statements were available to be issued that need to be disclosed in the accompanying financial statements.
