REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Members
Brandywine Investment Securities, LLC
Chadds Ford, Pennsylvania

We have audited the accompanying statements of financial condition of Brandywine Investment Securities, LLC (a Delaware Limited Liability Company), as of December 31, 2016 and 2015, and the related statements of income, changes in members' equity, and cash flows for the years then ended. These financial statements are the responsibility of Brandywine Investment Securities, LLC's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Brandywine Investment Securities, LLC as of December 31, 2016 and 2015, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 1 to the financial statements, the Company has suffered recurring losses from operations and has experienced substantial decline in working capital that raise substantial doubt about its ability to continue as a going concern. Management's plans in regards to these matters are also described in Note 1. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

The Computation of Net Capital Under Rule 15c3-1; the Computation for Determination of Reserve Requirements Under Rule 15c3-3; and the Information for Possession or Control Requirements Under Rule 15c3-3 have been subjected to audit procedures performed in conjunction with the audit of Brandywine Investment Securities, LLC's financial statements. The supplemental information is the responsibility of Brandywine Investment Securities, LLC's management. Our audit procedures include determining whether

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM, CONTINUED

the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with 17 C.F.R. §240.17a-5. In our opinion, the Computation of Net Capital Under Rule 15c3-1; the Computation for Determination of Reserve Requirements Under Rule 15c3-3; and the Information for Possession or Control Requirements Under Rule 15c3-3 are fairly stated, in all material respects, in relation to the financial statements as a whole.

BRANDYWINE INVESTMENT SECURITIES, LLC

Notes to Financial statements

December 31, 2016

Note 1 – Nature of Operations

Description of Business

Brandywine Investment Securities, LLC (the Company) is a limited liability company organized in the State of Delaware on December 16, 2009. The Company obtained approval for membership with the Financial Industry Regulatory Authority, Inc. (FINRA) effective March 11, 2011 and is also registered with the Securities and Exchange Commission (SEC) as a broker dealer. The Company was formed to act as a placement agent on a best-effort basis for private placements of specific purpose real estate entities.

Going Concern, Liquidity and Management's Plans

The Company has experienced and continues to experience negative cash flows from operations and it expects that will continue in the foreseeable future. To date operations have been funded primarily through capital contributions made by the Members of the Company. At this time, the Company has no commitments from the Members to make additional capital contributions and there can be no assurances that any plans to generate future revenues will be successfully implemented. The Company is currently exploring options to sell the business. These conditions raise substantial doubt about the Company's ability to continue as a going concern within one year of February 27, 2017, the date the financial statements were available to be issued.

The financial statements for the year ended December 31, 2016 were prepared on the basis of a going concern which contemplates that the Company will be able to realize assets and discharge liabilities in the normal course of business. The ability of the Company to meet its ongoing obligations and commitments in the normal course of operations and to continue as a going concern is dependent on the ability to obtain additional capital contributions, obtain financing or the Company's ability to generate future revenues. The financial statements do not include any adjustments that might result from the outcome of these uncertainties.

Note 2 – Summary of Significant Accounting Principles

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

Short-term investments with an original maturity of three months or less at the time of purchase are considered to be cash equivalents. Short-term investments with an original maturity greater than three months are included in investments. Cash and cash equivalents are reported at cost, which approximates market value. The Company maintains cash in one financial institution.

BRANDYWINE INVESTMENT SECURITIES, LLC

Notes to Financial statements

Note 2 – **Summary of Significant Accounting Principles, Continued**

Recognition of Revenue

As compensation for the services rendered as a placement agent, the Company receives selling commissions based on a percentage of the total amounts invested in the offering of the applicable investment product. In addition, the Company may also receive separate dealer manager fees for due diligence review and other services. The commissions will be recognized as revenue once the proceeds of the offering are disbursed to the underlying investment company and the dealer manager fees will be recognized upon the performance of services.

Income Taxes

The Company follows the accounting requirements for uncertain tax positions, FASB Accounting Standards Codification (“ASC”) 740, Income Taxes. As of and during the years ended December 31, 2016 and 2015, the Company did not have a liability for any unrecognized tax benefits nor did it incur any interest or penalties associated with unrecognized tax benefits. The Company will recognize interest and penalties, if any, related to unrecognized tax benefits as income tax expense in the statements of income.

The Company was treated as a partnership for U.S. Federal and Pennsylvania income tax purposes from 2010 to 2012. Effective January 1, 2013, the Company elected to be classified as an S-Corporation. No income tax returns are currently under examination. The statute of limitations on the U.S. Federal and Pennsylvania income tax returns remain open for the years ended December 31, 2013 - 2015.

Each member is individually responsible for reporting income or loss, to the extent required by U.S. federal and state income tax laws and regulations based on its respective share of the Company’s income and expense as reported for income tax purposes.

Subsequent Events

The Company evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through February 27, 2017; the date the financial statements were available to be issued.

Note 3 – **Related Party Transactions**

The Company operates in a shared office space with an entity whose shareholder is also the majority member of the Company. The Company entered into a one-year sub-lease agreement for this office space on January 1, 2010. The sub-lease agreement will continue for any number of consecutive one year periods until either party gives written notice to terminate the lease. The lease was terminated effective December 31, 2016. Rent expense, for the years ended December 31, 2016 and 2015 amounted to \$10,620 and \$10,634, respectively. The Company’s pro rata share of rental overhead for each of the years ended December 31, 2016 and 2015 amounted to \$4,803 and \$5,530, respectively.

BRANDYWINE INVESTMENT SECURITIES, LLC

Notes to Financial statements

December 31, 2016

Note 3 – **Related Party Transactions, Continued**

The Company has entered into a “Central Services Agreement” with Brandywine Financial Services Corporation. This agreement covers the provision of the required administrative and office services including accounting, telephone, fax, computers, data processing, data management, payroll, consumable office supplies, and other necessary services. The Company’s share of administrative and office services for the years ended December 31, 2016 and 2015 amounted to \$5,000 per year. Fees for these services terminated December 31, 2016.

The Company utilizes the tax preparation services of a related party, Brandywine Investment Management Corporation. The tax preparation services incurred for the years ended December 31, 2016 and 2015 amounted to \$2,500 per year.

Note 4 – **Net Capital Requirements**

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule of the “applicable” exchange also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1). At December 31, 2016, the Company had net capital of \$12,319 which was \$7,319 in excess of its required net capital of \$5,000. The Company’s ratio of aggregate indebtedness to net capital was 0.16 to 1.

Note 5 – **Commitments and Contingencies**

The Company has entered into various agreements for compliance and administrative services. The required payments under these agreements, unless otherwise terminated if the business is successfully sold (See Note 1), are as follows:

2017	\$ 22,360
	<u>\$ 22,360</u>

In 2014, the Company entered into a transition agreement with the President which will allow this individual to pursue a new venture. The agreement, however, requires the individual to continue to perform services and to assist with the transition of responsibilities until a suitable replacement has been found. As compensation for the services during the transition period, the Company will make monthly payments of \$2,500 plus health and dental insurance coverage. The agreement may be terminated by either party upon 10 days written notice. Notice of termination was given in January 2017.
