To the Dealers appointed
from time to time pursuant to a
Terms Agreement or Appointment Agreement
under the Global Debt Program of the
Inter-American Development Bank

Ladies and Gentlemen:

I have participated in the proceedings of the Inter-American Development Bank (the "Bank") to establish the Global Debt Program of the Bank, as it may be amended, restated, or superseded from time to time (the "Program"), and to authorize the issue and sale of Notes thereunder (the "Notes") with reference to a Prospectus dated January 8, 2001 (the "Prospectus"). In connection with such proceedings, I have examined, among other documents, the following:

- 1) The Agreement Establishing the Inter-American Development Bank (the "Bank Agreement") and the By-Laws of the Bank;
- 2) The Global Borrowing Authorization, Resolution DE-5/16, authorizing the issuance and sale of the Notes;
- 3) The Prospectus;
- 4) The Standard Provisions, dated as of January 8, 2001 (the "Standard Provisions");
- 5) The Global Agency Agreement, dated January 8, 2001, as amended, among the Bank, Kredietbank S.A. Luxembourgeoise, and Citibank, N.A. (the "Global Agency Agreement"); and
- 6) The Uniform Fiscal Agency Agreement, dated as of July 20, 2006, as amended, between the Bank and the Federal Reserve Bank of New York (the "FRBNY Fiscal Agency Agreement").

Pursuant to Section 5(e)(ii) of the Standard Provisions, I am of the opinion that:

- a) The Bank is an international organization duly established and existing under the Bank Agreement;

- b) The Bank has obtained all governmental approvals required pursuant to the Bank Agreement in connection with the offering, issue and sale of the Notes;
- c) The creation, issue, sale and delivery of the Notes, and the execution of any Notes in definitive form, have been duly authorized, and when duly issued and delivered, and in the case of Notes in definitive form, duly executed, authenticated, issued and delivered, the Notes will constitute valid and legally binding obligations of the Bank in accordance with their terms;
- d) Any applicable Terms Agreement or Appointment Agreement, as the case may be, as of its date, will be duly authorized, executed and delivered by the Bank;
- e) Each of the Global Agency Agreement, and the FRBNY Fiscal Agency Agreement has been duly authorized, executed and delivered by the Bank and constitutes a valid and legally binding obligation of the Bank;
- f) Under existing law, it is not necessary in connection with the public offering and sale of the Notes to register the Notes under the U.S. Securities Act of 1933, as amended, or to qualify an indenture with respect thereto under the U.S. Trust Indenture Act of 1939, as amended.

While I assume no responsibility with respect to the statements in the Prospectus, nothing has come to my attention which has caused me to believe that the Prospectus, as of its date and as of the date hereof, and excluding the financial statements or other financial data, contains any untrue statement of a material fact or omits to state any material fact necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading.

This letter does not relate to the financial statements or other financial data contained in the Prospectus.

In rendering the foregoing opinion, I have relied, with respect to matters of New York law, upon the opinion of Sullivan & Cromwell LLP and, with respect to matters of English law, upon the opinion of Linklaters LLP, each delivered on this date in accordance with the Standard Provisions. Also, I have assumed that signatures on all documents examined by me are genuine.

This letter is furnished by me as Chief Counsel (Corporate Legal Affairs Division) of the Bank to Dealers appointed from time to time under the Program and is solely for their benefit.

Inter-American Development Bank Global Debt Program Series No: 615
INR 3,000,000 5.50 percent Notes due August 23, 2021

(d) Interest Period:

Each period from and including each Fixed Rate Interest Payment Date to but excluding the next following Fixed Rate Interest Payment Date, *provided* that the initial Interest Period will commence on and include the Interest Commencement Date, and the final Interest Period will end on but exclude the Maturity Date.

For the purposes of the calculation of the Interest Amount payable for any Interest Period, there shall be no adjustment pursuant to the Business Day Convention specified above.

(e) Fixed Rate Day Count Fraction(s):

Actual/Actual (ICMA)

(f) Calculation of Interest Amount:

As soon as practicable and in accordance with the procedure specified herein, the Calculation Agent will determine the INR Rate (as defined below) and calculate the Interest Amount with respect to each minimum Authorized Denomination for the relevant Interest Period.

The Interest Amount with respect to any Interest Period shall be a USD amount calculated on the relevant Rate Fixing Date (as defined below) as follows:

INR 2,750 per minimum Authorized Denomination
divided by
the INR Rate

(and rounding, if necessary, the entire resulting figure to the nearest two decimal places, with USD 0.005 being rounded upwards).

The “INR Rate” means in respect of a Rate Fixing Date, the USD/INR spot rate for such date equal to the USD/INR official reference rate expressed as the amount of

INR per one USD, for settlement in two Fixing Business Days, reported by the Reserve Bank of India, which is displayed on the Reuters Page “RBIB”, or any successor page, at approximately 12:30 p.m. Mumbai time on that Rate Fixing Date. If the Reuters Page “RBIB” no longer reports such rate or is no longer available and has not been replaced by any other page or service, the Calculation Agent shall be entitled to obtain such USD/INR official reference rate as reported by the Reserve Bank of India from any other screen or information source that it deems appropriate in good faith and in a commercially reasonable manner.

“Rate Fixing Date” means the date that is five Fixing Business Days prior to each Interest Payment Date, Maturity Date or the date upon which the Notes become due and payable as provided in Condition 9 (*Default*); provided, however, that if such date is an Unscheduled Holiday, the Rate Fixing Date shall be the next following Fixing Business Day. In the event that such next following Fixing Business Day is also an Unscheduled Holiday, the Calculation Agent shall be entitled to calculate the INR Rate acting in good faith and in a commercially reasonable manner, having taken into account relevant market practice, by reference to such additional sources as it deems appropriate; and in such case the Calculation Agent shall notify the Issuer and the Global Agent as soon as reasonably practicable that the INR Rate is to be so determined.

“Fixing Business Day” means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for business in Mumbai.

“Unscheduled Holiday” means a day that is

-5-

not a Fixing Business Day and the market was not aware of such fact (by means of a public announcement or by reference to other publicly available information) until a time later than 9.00 a.m. local time in Mumbai, two Fixing Business Days prior to the relevant Rate Fixing Date.

“Relevant Business Day” means a day (other than a Saturday or Sunday) on which banks and foreign exchange markets are open for business in London, New York City and Mumbai.

“Fallback Provision”:

If the USD/INR official reference rate is not available for any reason on any Rate Fixing Date, then the INR Rate for such Rate Fixing Date shall be determined by the Calculation Agent by requesting quotations for the mid USD/INR spot foreign exchange rate at or about 1:00 p.m. Mumbai time on the first Relevant Business Day following the Rate Fixing Date from five Reference Banks as selected by the Calculation Agent.

If five or four quotations are provided as requested, the INR Rate will be the arithmetic mean (rounded to the nearest five decimal places, 0.000005 being rounded upwards) of the remaining three or two such quotations, as the case may be, for such rate provided by the Reference Banks, after disregarding the highest such quotation and the lowest such quotation (provided that, if two or more such quotations are the highest such quotations, then only one of such quotations shall be disregarded, and if one or more such quotations are the lowest quotations, then only one of such lowest quotations will be disregarded).

If only three or two such quotations are provided as requested, the INR Rate shall be

determined as described above except that the highest and lowest quotations will not be disregarded.

If only one or no such quotations are provided as requested, or if the Calculation Agent determines in its sole discretion that no suitable Reference Banks active in the USD/INR currency or foreign exchange markets will provide quotes, the Calculation Agent shall be entitled to calculate the INR Rate acting in good faith and in a commercially reasonable manner, having taken into account relevant market practice, by reference to such additional sources as it deems appropriate; and in such case the Calculation Agent shall notify the Issuer and the Global Agent as soon as reasonably practicable that the INR Rate is to be so determined.

“Reference Banks” means leading dealers, banks or banking corporations which regularly deal in the INR/USD exchange market, as selected by the Calculation Agent in its sole discretion, acting in good faith and in a commercially reasonable manner.

(g) Calculation Agent:

See “8. Identity of Calculation Agent” under “Other Relevant Terms”

(h) Notification:

If the Interest Amount payable on any Fixed Rate Interest Payment Date or the Redemption Amount, as the case may be, is calculated in any manner other than by utilizing the INR Rate that appears on Reuters Screen “RBIB” Page (or on such replacement page as described above), the Global Agent on behalf of the Bank shall give notice as soon as reasonably practicable to the Noteholders in accordance with Condition 14 (*Notices*).

14. Relevant Financial Center:

Mumbai, London and New York

-7-

15. Relevant Business Day: Mumbai, London and New York
16. Redemption Amount (Condition 6(a)):
 The Redemption Amount with respect to each minimum Authorized Denomination will be a USD amount calculated by the Calculation Agent on the Rate Fixing Date with respect to the Maturity Date as follows:

$$\frac{\text{minimum Authorized Denomination}}{\text{divided by the INR Rate}}$$
 (and rounding, if necessary, the entire resulting figure to the nearest 2 decimal places, with USD 0.005 being rounded upwards).
 If payment of the Redemption Amount occurs later than on the scheduled Maturity Date in the event of any postponement described herein, no accrued interest shall be payable in respect of such period of postponement following the scheduled Maturity Date.
17. Issuer's Optional Redemption (Condition 6(e)): No
18. Redemption at the Option of the Noteholders (Condition 6(f)): No

19. Early Redemption Amount (including accrued interest, if applicable) (Condition 9):
- In the event the Notes become due and payable as provided in Condition 9 (*Default*), the Early Redemption Amount with respect to each minimum Authorized Denomination will be a USD amount equal to the Redemption Amount that is determined in accordance with “16. Redemption Amount” plus accrued and unpaid interest, if any, as determined in accordance with “13. Fixed Interest Rate (Condition 5(I))”; *provided* that for purposes of such determination, the “Rate Fixing Date” shall be the date that is five (5) Fixing Business Days prior to the date upon which the Notes become due and payable as provided in Condition 9 (*Default*).

General Information

Additional Information regarding the Notes

1. United States Federal Tax Matters

-13-

*PRICING SUPPLEMENT
Inter-American Development Bank Global Debt Program Series No: 615
INR 3,000,000,000 5.50 percent Notes due August 23, 2021*

The following supplements the discussion under the “Tax Matters” section of the Prospectus regarding the U.S. federal income tax treatment of the Notes, and is subject to the limitations and exceptions set forth therein. Any tax disclosure in the Prospectus or this pricing supplement is of a general nature only, is not exhaustive of all possible tax considerations and is not intended to be, and should not be construed to be, legal, business or tax advice to any particular prospective investor. Each prospective investor should consult its own tax advisor as to the particular tax consequences to it of the acquisition, ownership, and disposition of the Notes, including the effects of applicable U.S. federal, state, and local tax laws and non-U.S. tax laws and possible changes in tax laws.

Due to a change in law since the date of the Prospectus, the second paragraph of “—Payments of Interest” under the United States Holders section should be read as follows: “Interest paid by the Bank on the Notes constitutes income from sources outside the United States and will, depending on the circumstances, be “passive” or “general” income for purposes of computing the foreign tax credit.”

Because the Notes are denominated in the Indian Rupee, a United States holder of the Notes will generally be subject to special United States federal income tax rules governing foreign currency transactions, as described in the Prospectus in the last four paragraphs of “—Payments of Interest” under the “United States Holders” section. Pursuant to such rules, a United States holder should determine amounts received with respect to a Note (including principal and interest) by reference to the U.S. dollar value of the Indian Rupee amount of the payment, calculated at the currency exchange rate in effect on the date of payment. The U.S. dollar amount that is actually received by the United States holder may differ from the amount determined under the preceding sentence, since the U.S. dollar amount of the payment will be determined by reference to the INR Rate as of the relevant Rate Fixing Date. Accordingly, a United States holder of the Notes may recognize United States source foreign currency gain or loss in an amount equal to such difference (in addition to any foreign currency gain or loss otherwise recognized upon the receipt of an interest payment or a sale or retirement of the Notes). The U.S. Internal Revenue Service could take the position, however, that the amounts received by a United States holder in respect of a Note should be equal to the U.S. dollar amount that is actually received by the United States holder. Prospective United States holders of the Notes should consult their tax advisors regarding these rules.

Additionally, because the purchase price of the Notes exceeds the principal amount of the Notes, a United States holder may elect to treat the excess as amortizable bond premium. A United States holder that makes this election would reduce the amount required to be included in such holder’s income each year with respect to interest on the Notes by the amount of amortizable bond premium allocable to that year, based on the Note’s yield to maturity. Because the Notes are denominated in the Indian Rupee, a United States holder would compute such holder’s amortizable bond premium in units of Indian Rupee, and the United States holder’s amortizable bond premium would reduce such holder’s interest income in units of Indian Rupee. Gain or loss recognized that is

attributable to changes in exchange rates between the time the United States holder's amortized bond premium offsets interest income and the time of the holder's acquisition of the Notes is generally taxable as ordinary income or loss. If a United States holder makes an election to amortize bond premium, the election would apply to all debt instruments, other than debt instruments the interest on which is excludible from gross income, that the United States holder holds at the beginning of the first taxable year to which the election applies or that such holder thereafter acquires, and the United States holder may not revoke the election without the consent of the U.S. Internal Revenue Service.

Treasury Regulations Requiring Disclosure of Reportable Transactions. Treasury regulations require United States taxpayers to report certain transactions that give rise to a loss in excess of certain thresholds (a "Reportable Transaction"). Under these regulations, because the Notes are denominated in a foreign currency, a United States holder (or a non-United States holder that holds the Notes in connection with a U.S. trade or business) that recognizes a loss with respect to the Notes that is characterized as an ordinary loss due to changes in currency exchange rates (under any of the rules discussed above or under the "Tax Matters" section of the Prospectus) would be required to report the loss on IRS Form 8886 (Reportable Transaction Statement) if the loss exceeds the thresholds set forth in the regulations. For individuals and trusts, this loss threshold is \$50,000 in any single taxable year. For other types of taxpayers and other types of losses, the thresholds are higher. Holders should consult with their tax advisors regarding any tax filing and reporting obligations that may apply in connection with acquiring, owning and disposing of notes.

Information with Respect to Foreign Financial Assets. Owners of "specified foreign financial assets" with an aggregate value in excess of U.S.\$50,000 (and in some circumstances, a higher threshold) may be required to file an information report with respect to such assets with their tax returns. "Specified foreign financial assets" may include financial accounts maintained by foreign financial institutions, as well as the following, but only if they are held for investment and not held in accounts maintained by financial institutions: (i) stocks and securities issued by non-United States persons, (ii) financial instruments and contracts that have non-United States issuers or counterparties, and (iii) interests in foreign entities. Holders are urged to consult their tax advisors regarding the application of this reporting requirement to their ownership of the Notes.

Medicare Tax. A United States holder that is an individual or estate, or a trust that does not fall into a special class of trusts that is exempt from such tax, is subject to a 3.8% tax (the "Medicare tax") on the lesser of (1) the United States holder's "net investment income" (or "undistributed net investment income" in the case of an estate or trust) for the relevant taxable year and (2) the excess of the United States holder's modified adjusted gross income for the taxable year over a certain threshold (which in the case of individuals is between U.S.\$125,000 and U.S.\$250,000, depending on the individual's circumstances). A holder's net investment income will generally include its interest income and its net gains from the disposition of Notes, unless such interest

income or net gains are derived in the ordinary course of the conduct of a trade or business (other than a trade or business that consists of certain passive or trading activities). United States holders that are individuals, estates or trusts are urged to consult their tax advisors regarding the applicability of the Medicare tax to their income and gains in respect of their investment in the Notes.

2. Additional Investment Considerations:

The Notes offered by this Pricing Supplement are complex financial instruments and may not be suitable for certain investors. Investors intending to purchase the Notes should consult with their tax and financial advisors to ensure that the intended purchase meets the investment objective before making such purchase.

There are various risks associated with the Notes including, but not limited to, exchange rate risk, price risk and liquidity risk. Investors should consult with their own financial, legal and accounting advisors about the risks associated with an investment in these Notes, the appropriate tools to analyze that investment, and the suitability of the investment in each investor's particular circumstances. Holders of the Notes should also consult with their professional tax advisors regarding tax laws applicable to them.

Payment of each Interest Amount and the Redemption Amount will be based on the INR Rate, which is a measure of the rate of exchange between the Indian Rupee and the USD. Currency exchange rates are volatile and will affect the holder's return. In addition, the government of India can from time to time intervene in the foreign exchange market. These interventions or other governmental actions could adversely affect the value of the Notes, as well as the yield (in USD terms) on the Notes and the amount payable at maturity or upon acceleration. Even in the absence of governmental action directly affecting currency exchange rates, political or economic developments in India or elsewhere could lead to significant and sudden changes in the exchange rate between the Indian Rupee and the USD.

The Indian Rupee is an emerging market currency. Emerging market currencies may be subject to particularly substantial volatility, as well as to government actions including currency controls, devaluations and other matters which could materially and adversely affect the value of the Notes.

The methodologies for determining the INR Rate may result in a Redemption Amount (or Early Redemption Amount, as the case may be) of the Notes, or an Interest Amount on the Notes, being significantly less than anticipated or less than what an alternative methodology for determining the INR-USD exchange rate would yield.

The undersigned agrees to purchase from you (the “Bank”) the Bank’s INR 3,000,000,000 5.50 percent Notes due August 23, 2021 (the “Notes”) described in the Pricing Supplement related thereto, dated as of the date hereof (the “Pricing Supplement”), at approximately 9:00 a.m. New York time on August 23, 2017 (the “Settlement Date”), at an aggregate purchase price of INR 2,991,150,000 (USD 46,809,859.15 at the agreed rate of 63.90 INR per one USD), calculated as set forth below and payable in United States Dollars, on the terms set forth herein and in the Standard Provisions, dated as of January 8, 2001, relating to the issuance of Notes by the Bank (the “Standard Provisions”), incorporated herein by reference. In so purchasing the Notes, the undersigned understands and agrees that it is not acting as an agent of the Bank in the sale of the Notes.

When used herein and in the Standard Provisions as so incorporated, the term “Notes” refers to the Notes as defined herein. All other terms defined in the Prospectus, the Pricing Supplement relating to the Notes and the Standard Provisions shall have the same meaning when used herein.

The Bank represents and warrants to us that the representations, warranties and agreements of the Bank set forth in Section 2 of the Standard Provisions (with the “Prospectus” revised to read the “Prospectus as amended and supplemented with respect to Notes at the date hereof”) are true and correct on the date hereof.

The obligation of the undersigned to purchase Notes hereunder is subject to the continued accuracy, on each date from the date hereof to and including the Settlement Date, of the Bank’s representations and warranties contained in the Standard Provisions and to the Bank’s performance and observance of all applicable covenants and agreements contained therein. The obligation of the undersigned to purchase Notes hereunder is further subject to the receipt by the undersigned of the documents referred to in Section 6(b) of the Standard Provisions.

Subject to Section 5(f) of the Standard Provisions, the Bank certifies to the undersigned that, as of the Settlement Date, (i) the representations and warranties of the Bank contained in the Standard Provisions are true and correct as though made at and as

of the Settlement Date, (ii) the Bank has performed all of its obligations under this Terms Agreement required to be performed or satisfied on or prior to the Settlement Date, and (iii) the Prospectus contains all material information relating to the assets and liabilities, financial position, and net income of the Bank, and nothing has happened or is expected to happen which would require the Prospectus to be supplemented or updated.

1. The Bank agrees that it will issue the Notes and the Dealer named below agrees to purchase the Notes at the aggregate purchase price specified above, adjusted as follows: the issue price of 101.33 percent of the principal amount (INR 3,039,900,000) less a combined management and underwriting commission and selling concession of 1.625 percent of the principal amount (INR 48,750,000).
