FIRST REPUBLIC SECURITIES COMPANY, LLC
(A Wholly-Owned Subsidiary of First Republic Bank)

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and Nature of Business — First Republic Securities Company, LLC (the “Company”) was formed as a Nevada limited liability company in July 2000 and is a wholly-owned subsidiary of First Republic Bank (“First Republic”), a California corporation.

The Company is a registered member of the Financial Industry Regulatory Authority, Inc. and is regulated by the Securities and Exchange Commission (“SEC”) and is actively engaged in the business of providing broker-dealer services. The Company’s business includes distribution of investment products and services, which involves introducing mutual funds, equity securities and fixed income securities on an agency or riskless principal basis. The Company is a full disclosure broker dealer and clears all securities transactions through a clearing broker. The Company does not hold customer accounts.

Basis of Presentation — The financial statements are prepared in accordance with U.S. generally accepted accounting principles (“GAAP”). The Company is engaged in a single line of business as a securities broker-dealer.

Agency Commissions — The revenues are earned for the purchase and sale of equity securities on behalf of clients. Clients with full service brokerage accounts work with portfolio managers to purchase or sell exchange-traded-funds, equities, mutual funds, listed options and other securities. Clients can also transact through online services for self-directed brokerage accounts to purchase and sell securities.

Trading Revenues — The revenues are earned for the purchase and sale of fixed income securities on behalf of clients. Clients work with portfolio managers to purchase treasury, corporate, municipal and other fixed income securities as part of the overall investment portfolio strategy.

Brokerage Money Market Mutual Funds and 12b-1 Trailer Fees — The Company has selling agreements with the mutual fund companies and the clearing broker for the distribution of shares of open ended registered investment companies. The Company receives revenues for distribution of such shares to its clients from mutual fund companies and the clearing broker.

Margin Participation Revenues — In the normal course of business, the clearing broker (Pershing) charges interest on clients' accounts with debit balances. Based on the Clearing Agreement, the Company receives a share of the revenue.

Insurance and Annuities — The revenues are earned from sales of insurance and annuity products to clients.

Clearing and Administrative Fees — As an introducing broker dealer, the Company clears all securities transactions through a clearing broker (Pershing). The cost of this service includes clearing, Eagle Bank Sweep maintenance and other administrative fees.

Income Taxes — The Company has elected to be classified as a disregarded entity for federal income tax purposes. Therefore, the Company is not required to maintain a federal income tax provision. In accordance with ASC Topic 740, Income Taxes, the Company assesses its tax positions based on available positive and negative evidence and, if it concludes that it is not more likely than not that its positions will withstand an examination, the position is unrecognized in the financial statements and a liability for uncertain tax positions is booked along with respective estimated interest and penalties. At December 31, 2017, the Company had no uncertain tax positions.

Cash and Cash Equivalents — For purposes of reporting cash flows, cash and cash equivalents include cash and interest-bearing deposits with original maturities of ninety days or less.

Deposit With Clearing Broker — The Company maintains a minimum balance of \$1.0 million in a deposit account with its clearing broker-dealer. In the event of a substantial change in the nature and extent of the Company's business operations, the clearing broker may request an additional amount be deposited in the deposit account.

Receivable For Unsettled Trades — During the course of normal business, the Company will periodically have receivables and payables arising from unsettled regular-way trades. Such receivables and payables are recorded on a gross basis.

Intangible Assets — Intangible assets related to customer relationships were created in July 2010 as a result of the transaction to re-establish First Republic as an independent bank. Such intangible assets are amortized on an accelerated basis over their useful lives not to exceed ten years. The Company evaluates intangible assets for impairment at least annually and whenever circumstances indicate that the carrying amount may not be recoverable. If the carrying amount is not recoverable and exceeds fair value, an impairment loss is recognized.

Use of Estimates — The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect (a) the reported amounts of assets and liabilities, (b) disclosure of contingent assets and liabilities at the date of the financial statements, and (c) the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

2. INTANGIBLE ASSETS

The gross carrying value of intangible assets and accumulated amortization at December 31, 2017 is presented in the following table:

(in thousands)	Gross Carrying Value	Accumulated Amortization

(in thousands)		
2018	\$	496
2019	\$	253
2020	\$	36

3. RECEIVABLES FROM EMPLOYEES

The Company periodically hires portfolio managers from other financial institutions. As an incentive to join, some portfolio managers execute an agreement with the Company to receive a transition compensation advance upon hire. Costs of such arrangements, which are included in salaries and related benefits, were \$1.6 million in 2017. Normal repayments occur over the life of the advance, typically over a period that ranges from 7 to 10 years, including interest related to the financing component of the arrangement. If a portfolio manager terminates employment before the end of the agreement, any remaining outstanding balance under the agreement is payable to the Company immediately. At December 31, 2017, these receivables were \$12.3 million.

The following table represents the estimated future principal repayment of the receivables:

(in thousands)	
2018	\$ 1,692

2023 and thereafter	\$ 4,319

4. RELATED PARTY TRANSACTIONS

Cash

The Company has a cash account with First Republic in the amount of \$55.1 million as of December 31, 2017.

Expense Sharing

The Company and First Republic have an expense-sharing agreement for rent and certain general and administrative expenses for certain employees involved in assisting the operations efforts related to Money Market Mutual Funds. First Republic computes the cost per employee for these expenses and charges the Company. In addition, salaries and benefits of these certain employees are also allocated by First Republic and are paid by the Company. First Republic allocated \$5.9 million for such expenses for the year ended December 31, 2017, which are recorded in their respective categories in the Statement of Income.

Revenue Sharing

First Republic shares with the Company the revenues related to "Eagle Bank Sweep" product. As a part of the Eagle Bank Sweep product, uninvested cash in a client's brokerage account is swept overnight into an omnibus checking or money market checking account at First Republic. In addition, the Company earned revenues for referring other bank deposit products to First Republic.

The following table presents the deposit revenues with First Republic for the year ended December 31, 2017:

(in thousands)

Deposit revenues with First Republic - Eagle Bank Sweep	\$	28,693
Deposit revenues with First Republic - Other deposits		5,632
Total	\$	<u>34,325</u>

First Republic pays the Company management fees related to the training and licensing of First Republic's licensed representatives, which is recorded as income from First Republic and affiliate. The Company has a revenue sharing agreement with First Republic Investment Management, Inc. (FRIM). FRIM is a registered investment adviser and a wholly-owned subsidiary of First Republic. FRIM manages assets for individuals and institutions in equities, fixed income, balanced and alternative investment accounts. The Company provides custody and trading services for certain FRIM customer accounts, training and licensing to FRIM registered representatives and shares the Company's personnel for certain operational functions for the benefit of FRIM. In addition, the Company acts as a private placement agent for unregistered securities issued by FRIM. The Company is paid for these services and the payments are recorded as revenue from First Republic and affiliate in the Statement of Income.

The following table presents the revenue from First Republic and FRIM for the year ended December 31, 2017:

(in thousands)

First Republic Bank—Training and licensing	\$	1,440
FRIM—Custody, trading, training, licensing and back office		17,997
FRIM—Private Placement Agent		794
Total	\$	<u>20,231</u>

The Company has a revenue sharing agreement with First Republic for the revenue derived from money market mutual fund activities that are referred to First Republic. The revenue received by the Company for this money market mutual fund activity was \$4.6 million for the year ended December 31, 2017 and is included in brokerage money market mutual funds and 12b-1 trailer fees on the accompanying statement of income.

5. SHARE-BASED COMPENSATION

Certain of the Company's employees participate in First Republic's stock award plan and have been granted stock options and restricted stock units ("RSUs"). Compensation expense is recorded based on the fair value of the stock award at the date of grant and recognized over the vesting period. The fair value of stock options are estimated on the date of grant using a Black-Scholes valuation model. RSUs are valued at the closing market price of First Republic's common stock at the date of grant. The Company recognized \$616,000 of expense associated with stock awards for the year ended December 31, 2017, which are recorded in salaries and related benefits.

6. COMMITMENTS AND CONTINGENCIES

The Company's customers' transactions are introduced to its clearing broker (Pershing) for execution, clearance and settlement. Customers are required to complete their transactions on settlement date,

generally two business days after trade date. If customers do not fulfill their contractual obligation to Pershing, the Company may be required to reimburse Pershing for losses on these obligations. The Company has established procedures to reduce this risk by monitoring trading within accounts and requiring deposits in excess of regulatory requirements.

From time to time, the Company is named in judicial, arbitration and regulatory matters arising in connection with its business. In accordance with ASC 450, *Contingencies*, the Company reviews the need for any loss contingency reserves and establishes reserves when, in the opinion of management, it becomes probable a matter will result in a liability and the amount of loss, if any, can be reasonably estimated. There are no active cases against the Company.

7. REGULATORY REQUIREMENTS

The Company is subject to the SEC Uniform Net Capital Rule 15c3-1, which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. As of December 31, 2017, the Company had net capital, as defined by SEC Uniform Net Capital Rule 15c3-1, of \$11.4 million, which was \$10.4 million in excess of its required net capital of \$1.0 million. The ratio of aggregate indebtedness to net capital is 0.50 to 1 as of December 31, 2017.

The Company is exempt from Rule 15c3-3 under paragraph (k)(2)(ii) of the Securities Exchange Act of 1934 relating to the determination of reserve requirements because it does not maintain customer accounts or take possession of customer securities. Transactions are cleared on a fully-disclosed basis through Pershing LLC, a wholly owned subsidiary of The Bank of New York Mellon Company.

8. SUBSEQUENT EVENTS

The Board of Directors of the Company has approved a dividend of \$40.0 million to First Republic payable on March 9, 2018. The dividend payment will not have any adverse impact on the Company's operations or regulatory capital.

Report of Independent Registered Public Accounting Firm

The Board of Directors
First Republic Securities Company, LLC:

We have reviewed management's statements, included in the accompanying Rule 17a-5 Exemption Report (the Exemption Report), in which (1) First Republic Securities Company, LLC (the Company) identified the following provisions of 17 C.F.R. § 15c3-3 (k) under which the Company claimed an exemption from 17 C.F.R. § 240.15c3-3 (k)(2)(ii) (the exemption provisions); and (2) the Company stated that it met the identified exemption provisions throughout the year ended December 31, 2017 without exception. The Company's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.
