We have audited the accompanying statement of financial condition of Mann Mann Jenson Partners LP.(The Company) as of December 31, 2017, the related statements of operations, changes in partner's equity and cash flows for the year ended December 31, 2017 and the related notes and schedules 1, 2 and 3 (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2017, and the results of its operations and its cash flows for the period ended December 31, 2017, in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the company in accordance with the U.S Federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audit we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion.

Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that response to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

MANN MANN JENSEN PARTNERS LP

Notes to Financial Statements

Year Ended December 31, 2017

1. Organization and Nature of Business

Mann Mann Jensen Partners LP (the "Company"), formerly known as Vega Securities LP and Proxima Alfa Securities LP, was organized in 2005 as a limited partnership under the laws of the State of Delaware. The Company provides finder or introducer services to private investment funds (i.e., hedge funds) and their managers. The Company is a broker-dealer registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA). The Company also is an introducing broker registered with the Commodity Futures Trading Commission (CFTC) and is a member of the National Futures Association (NFA) and the Municipal Securities Rulemaking Board (MSRB). The Company operates from its office located in New York City.

The Company does not carry securities accounts for customers, perform custodial functions related to customers' securities, or maintain customer funds and is therefore exempt from the reserve and possession of control requirements of Rule 15c3-3 of the SEC.

The General Partner, which has a 0.33% ownership interest, has full and complete control of all affairs of the Company, and the management and control of the Company's activities. Limited partners are only liable for the losses, debts, and obligations of the Company. Allocation of income, losses, and distributions are made in accordance with each partner's respective ownership interest.

Subject to any limitations in the Delaware limited partnership law, a limited partner may not withdraw any part of its capital account from the Company or receive any distribution from the Company except as approved by the General Partner.

2. Summary of Significant Accounting Policies

Basis of accounting - The financial statements are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Revenues and gains are recognized when earned, while expenses and losses are recognized when incurred.

MANN MANN JENSEN PARTNERS LP

Notes to Financial Statements

Year Ended December 31, 2017

2. Summary of Significant Accounting Policies (continued)

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities if applicable and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Revenue recognition - The Company earns commissions for introducing new investors principally to private investment funds and investment managers. Commissions earned are computed based on the contractually agreed-upon portion of the fees charged by each manager to the investment funds. The Company recognizes revenue as performance obligations as satisfied under the contracts with its customers. The Company is studying new revenue recognition standards for broker-dealers and will be implementing as required.

Cash and cash equivalents - For purposes of the statement of cash flows, the Company considers all cash on hand, cash accounts not subject to withdrawal restrictions or penalties, and all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents.

During the year ended December 31, 2017, the Company had amounts in excess of federally insured limits on deposit with a bank. The Company has not experienced any losses in such accounts, and management believes it is not subjected to any significant credit risk on its cash and cash equivalents.

Fair value of financial instruments - The carrying amounts of financial instruments, including cash, accounts receivable, and accounts payable, approximate fair market value due to the short-term maturities of these instruments.

Accounts receivable - Accounts receivable are customer accounts receivable carried at estimated net realizable value. Management believes that all accounts receivable as of December 31, 2017 are fully collectible. Accordingly, no allowance for bad debts has been recorded at December 31, 2017.

Property, equipment and depreciation - Property and equipment are stated at cost. Additions to property and equipment or expenditures which increase the useful lives of the assets are capitalized. The cost of assets sold or otherwise disposed of and the accumulated depreciation thereon are eliminated from the accounts and the resulting gain or loss is reflected in income.

Notes to Financial Statements

Year Ended December 31, 2017

2. Summary of Significant Accounting Policies (continued)

except for assets traded. Depreciation is provided on the straight-line basis at rates based on the following estimated useful lives:

Equipment	3-5 years
Furniture and Fixtures	7 years

Expenditures for maintenance and repairs are charged to operations as incurred. Depreciation expense for 2017 was \$1,370.

Income taxes - The Company is taxed as a partnership for federal and state income tax purposes. The Company is not a taxpaying entity for federal and state income tax purposes; accordingly, a provision for federal and state income taxes has not been recorded in the accompanying financial statements. Partnership income or loss is reflected in the partners' individual or corporate income tax returns in accordance with their ownership percentages.

The Company operates in New York City, which imposes an income tax on unincorporated businesses. A provision for unincorporated business tax expense has been recorded in the financial statements.

The Company files its U.S. partnership income tax returns using the cash basis of accounting. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be realized or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in earnings in the period that includes the enactment date.

The deferred tax asset is comprised of net operating loss carryforwards on tax imposed by the city of New York on limited partnerships.

The Company has adopted the provisions of FASB Accounting Standards Codification 740-10, Accounting for Uncertainty in Income Taxes. Under FASB ASC 740-10, the Company is required to evaluate each of its tax positions to determine if they are more likely than not to be sustained if the taxing authority examines the respective position. A tax position includes an entity's status and the decision not to file a return. The Company has evaluated each of its tax positions and has determined that it has no uncertain tax positions for which a provision or liability for income taxes is necessary. The Company files income tax returns for federal, state and city jurisdictions.

Notes to Financial Statements

Year Ended December 31, 2017

Subsequent events - The Company evaluated subsequent events to January 30, 2018, the date the financial statements were issued. There were no additional events or transactions occurring during this subsequent event reporting period which require recognition or disclosure in the financial statements.

3. Net Capital Requirements

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC rule 15c3-1), the Commodity Futures Trading Commission's (CFTC's) minimum financial requirements (Regulation 1.17), and the National Futures Association (NFA) Rule 7001, which require the maintenance of minimum net capital of \$45,000 and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. These rules provide that equity capital may not be withdrawn if, among other things, the resulting net capital ratio would exceed 10 to 1. At December 31, 2017, the Company had net capital of \$61,705 which was \$16,705 in excess of its required net capital. The Company's percentage of aggregate indebtedness to net capital was 60.82%.

4. Transactions with Related Parties and Concentrations

For the year ended December 31, 2017 the company earned \$60,904 (9% of total revenue) in commissions from Forum Asset Management, LLC ("Forum"), a limited partner.

At December 31, 2017, the Company had an accounts receivable of \$9,000 with Forum and \$97,818 due from a member.

5. Indemnifications

In the normal course of its business, the Company indemnifies and guarantees certain service providers against specified potential losses in connection with their acting as an agent of, or providing services to, the Company. The maximum potential amount of future payments that the Company could be required to make under these indemnifications cannot be estimated. However,

MANN MANN JENSEN PARTNERS LP

Notes to Financial Statements

Year Ended December 31, 2017

the Company believes that it is unlikely it will have to make material payments under these arrangements and has not recorded any contingent liability in the financial statements for these indemnifications.

The Company provides representations and warranties to counterparties in connection with a variety of commercial transactions and occasionally indemnifies them against potential losses caused by the breach of those representations and warranties. The Company may also provide standard indemnifications to some counterparties to protect them in the event additional taxes are owed or payments are withheld, due either to a change in or adverse application of certain tax laws. These indemnifications generally are standard contractual terms and are entered into in the normal course of business. The maximum potential amount of future payments that the Company could be required to make under these indemnifications cannot be estimated. However, the Company believes that it is unlikely it will have to make material payments under these arrangements and has not recorded any contingent liability in the financial statements for these indemnifications.

6. Lease

The Company leases space on a month to month shared services agreement. The lease expense for 2017 was \$47,981.
