Notes to Financial Statements December 31, 2017

(1) Organization

Business

CSG Capital Advisors, LLC (the "Company") is a Florida limited liability company, and is a broker-dealer registered with the Securities and Exchange Commission under Section 15(b) of the Securities Exchange Act of 1934, and a member of the Financial Industry Regulatory Authority ("FINRA"). The Company operates under a FINRA Membership Agreement which currently allows the firm to conduct business as an investment banker offering merger and acquisition services to clients that desire to sell to another company, purchase another company or raise capital through private placement offerings exempt from registration under the Securities Exchange Act of 1933. The Company's primary source of revenue is providing merger and acquisition services to small and medium sized companies.

(2) Description of Business and Summary of Significant Accounting Policies

Basis of Presentation and Use of Estimates

The accounting and reporting policies of the Company conform to accounting principles generally accepted in the United States of America ("GAAP"). The preparation of financial statements in conformity with GAAP requires the Company's management to make estimates and assumptions that affect the amounts reported in the financial statements. Actual results could differ from these estimates.

Cash and Cash Equivalents

Cash and cash equivalents consist of demand deposits and money market accounts with financial institutions. Recorded amounts for cash equivalents approximate fair value. The Company considers all highly liquid investments with original maturities of three months or less when purchased to be cash equivalents. Certain cash deposits may be in excess of Federal Deposit Insurance Corporation insurance limits.

Accounts Receivables

The company closely monitors accounts receivables and charges to expense any balances that are determined to be uncollectible or establishes an allowance for doubtful accounts. As of December 31, 2017, there were no accounts receivable or allowance for doubtful accounts.

Investment Banking Fees

During 2017 there were no fees earned and there were none in process at December 31, 2017 and early 2018. Fees are earned when a transaction is completed and recorded at that time when the amount of the fee is reasonably determined.

Income Taxes

As a limited liability corporation, the tax consequences of the Company's operations all pass through to the member. Accordingly, the Company's financial statements do not include a provision for income taxes.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Company and recognize a tax liability (or asset) if the Company has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Management has analyzed the tax positions taken by the Company and has concluded that as of December 31, 2017, there were no uncertain tax positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the Company's financial statements. The Company has recognized no

interest or penalties related to uncertain tax positions. The Company is subject to routine audits by taxing jurisdictions; however, the Company is generally subject to US Federal, state or local income tax examinations related to the Company's activities before 2014.

(3) **Property and Equipment Under a Services Agreement**

Because the Company shares facilities with another related firm under common ownership, it operates under a Services Agreement to compensate the other firm for usage of equipment and space on the basis of utilization. Therefore it currently has no property or equipment that is carried on its balance sheet.

(4) **Related Party Transactions**

Under a Services Agreement described in note (3) above, the Company accrued an amount due the other party to this agreement in the amount of \$750 during 2017. This amount accrued and due to Capital Strategies Group LLC, a company with which it shares common ownership, for reimbursement for usage of phone, internet, copying machine and space. There is an amount due pursuant to the Services Agreement of \$750 at December 31, 2017.

(5) **Net Capital Requirements**

The Company is subject to the U.S. SEC Uniform Net Capital Rule (SEC Rule 15c3-1), which requires that the Company maintain minimum net capital equivalent to the greater of \$5,000 or 6 2/3% of aggregate indebtedness, and requires that the ratio of aggregate indebtedness to net capital shall not exceed 15 to 1. At December 31, 2017, the Company had net capital of \$8,122 as defined, which was \$ 3,122 in excess of its required minimum net capital of \$ 5,000. The Company's ratio of aggregate indebtedness to net capital was 0.092 to 1 at December 31, 2017.

Advances to affiliates, dividend payments, and other equity withdrawals are subject to certain notification and other provisions of the SEC Uniform Net Capital Rule or other regulatory bodies.

(6) **Subsequent Events**

During 2017 David Simon entered into an agreement to sell his 100% interest in CSG Capital Advisors, LLC. The change in control and change in membership is subject to FINRA approval. An application for this approval is currently be prepared for filing in 2018.

The Company has evaluated subsequent events through January 23, 2018, the date which the financial statements were available to be issued, and has determined that the Company had no other events occurring subsequent to December 31, 2017 requiring disclosure.

(7) **Commitments and contingencies**

The Company does not have any commitments or contingencies, except the sales agreement and possible pending regulatory action noted in (6) above.

The Company does not have any arbitration or litigation claims that will result in a loss or future obligation at the time these financial statements were available to be issued.
