BELLMARK PARTNERS, LLC

NOTES TO FINANCIAL STATEMENTS
for the year ended December 31, 2017

1. Summary of Significant Accounting Policies:

Company Activities – BellMark Partners, LLC (the Company), a Delaware Limited Liability Company, is a broker-dealer registered with the Securities and Exchange Commission (SEC) and the States of Ohio and Massachusetts, and is a member of the Financial Industry Regulatory Authority (FINRA). The Company shall continue in perpetuity unless it is dissolved or terminated pursuant to its operating agreement or involuntarily pursuant to any regulatory action.

The Company is engaged as a securities broker-dealer, which comprises several classes of services, including primarily investment banking. The Company's services include business acquisition advisory services, capital sourcing and funding for businesses, sales advisory services, and strategic advisory services.

Revenue Recognition – For investment banking services, contingent fee work is recorded as revenue upon closing of the transaction and funding of financing requirements by the buyer or seller. Non-refundable retainers charged at the beginning of investment banking services are recorded as revenue when the engagement letter is signed. Monthly retainers and hourly billings are recorded as revenue when invoiced. Revenue on fixed fee contracts are recorded as earned.

Cash and Cash Equivalents – The Company maintains its cash in deposit accounts, which, at times, may exceed federally insured limits. The Company has not experienced any significant losses in such accounts. Management of the Company believes it is not exposed to any significant credit risk. The Company considers certificates of deposit and U.S. Treasury Bills with an original maturity of less than 90 days as well as money market accounts to be cash equivalents.

Concentration of Credit Risk – The Company is engaged in various brokerage activities in which counterparties primarily include businesses. In the event counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty.

Accounts Receivable – Accounts receivable are due under specific terms outlined in engagement letters. The Company generally collects receivables in monthly installments.

Accounts receivable are stated at the amount billed to the customer. Payments of accounts receivable are allocated to the specific invoices identified on the customer's remittance advice or, if unspecified, are applied to the earliest unpaid invoices.

The carrying amount of accounts receivable is reduced by a valuation allowance that reflects management's best estimate of the amounts that will not be collected. Management individually reviews all accounts receivable balances that exceed 30 days from the invoice date and based on an assessment of current creditworthiness, estimates the portion, if any, of the balance that will not be collected. Additionally, management estimates an allowance for the aggregate remaining accounts receivable based on historical collectability. At December 31, 2017 the allowance for doubtful accounts was \$0.

1. Summary of Significant Accounting Policies, Continued:

Investments – Investments are recorded at market value and are considered trading securities. Realized gains and losses (computed by the specific identification method) are included in investment income and any unrealized gains or losses are included in investment appreciation or depreciation. Investments are used as a part of the Company's asset management strategy and may be sold in response to changes in interest rates, the need for liquidity or other factors. There were no investments held by the Company on December 31, 2017.

Property and Equipment – Property and equipment are recorded at cost. Major additions and betterments are charged to the property accounts, while replacements, maintenance and repairs which do not improve or extend the lives of the respective assets are expensed currently. When property is retired or otherwise disposed of, the cost of the property is removed from the asset account, accumulated depreciation is charged with an amount equivalent to the depreciation provided, and the difference is charged or credited to operations.

Income Taxes – The Company is a limited liability company whose taxable income is taxed directly to its member. Accordingly, there is no provision for income taxes.

The Company accounts for uncertainties in income taxes in accordance with accounting principles generally accepted in the United States of America, which provides for financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return that have a greater than 50% chance of not being allowed under examination. No such positions have been recorded in the December 31, 2017 financial statements. If such positions were taken, the resulting interest and penalties would be recognized as income tax expense.

As of December 31, 2017, the Company's federal income tax returns are subject to examination by the Internal Revenue Service for the years 2014 and thereafter. In addition, the Company's state tax returns (Ohio) are open to examination for the years 2014 and thereafter.

Advertising Expense – The cost of advertising is expensed as incurred. The Company incurred advertising costs of \$6,965 in 2017.

Use of Estimates – Management uses estimates and assumptions in preparing financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenue and expenses. Actual results could vary from the estimates that were used.

Subsequent Events - Management of the Company has evaluated subsequent events through January 29, 2018, the date which the financial statements were available to be issued.

Computer equipment		<u>67,286</u>
		87,301
Less accumulated depreciation		<u>72,719</u>
Property and equipment, net	\$	<u>14,582</u>

Depreciation is computed using primarily straight-line methods over the estimated useful lives of the assets, which range from 3 to 5 years. Depreciation expense totaled \$15,137 for 2017.

3. Financing Arrangements:

In December 2014, the Company and the lender amended and restated the terms of an outstanding note from a family member for a total principal amount of \$300,000. The loan was extended to December 31, 2018 and the rate on the note was increased from 7 to 8%. Interest only was due for the six (6) month period ended June 30, 2015, with principal payments beginning in July 2015 and continuing through to maturity in December 2018.

Between December 2014 and December 2015 the Company prepaid \$150,000 of the principal. In April of 2016, the Company again prepaid the principal of the loan and the terms were amended again. A payment of \$54,000 was made of which \$50,000 was principal and \$4,000 was interest leaving \$100,000 of outstanding principal balance. Interest only accrued for the remainder of 2016 and beginning in January 2017, the Company paid monthly principal and interest for the first 6 months. Prepayment of the loan was made in full in July 2017 without penalty. During 2017 the Company paid \$29,167 of principal along with optional principal payments of \$70,833. The Company also made interest payments of \$4,555.

4. Operating Leases:

Lease expense (including related utilities) under this lease totaled \$82,227 in 2017.

The following is a schedule by year of future minimum lease payments required under leases with terms of one year or more as of December 31, 2017:

2020	<u>28,708</u>
	<u>\$195,791</u>

5. Fair Value Measurements:

The Company measures its assets in accordance with fair value standards. These standards provide a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under these accounting standards are as follows:

Level 1 – Inputs that reflect unadjusted quoted prices in active markets for identical assets or liabilities that the Company has the ability to access at the measurement date.

Level 2 – Inputs to the valuation methodology include: 1) quoted prices for similar assets or liabilities in active markets; 2) quoted prices for identical or similar assets or liabilities in inactive markets; 3) inputs other than quoted prices that are observable for the asset or liability; 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs that are unobservable for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2017.

Investments - comprise securities measured at Level 1. Investments whose values are based on quoted market prices in active markets are classified within Level 1. These investments generally include a money market fund, U.S. treasury bills and fixed income securities traded on a national securities exchange.

Level 1 There were no investments at fair value carried on the statement of financial condition within the fair value hierarchy as of December 31, 2017.

6. Net Capital Provision of Rule 15c3-1

Pursuant to the net capital provisions of Rule 15c3-1 of the Securities Exchange Act of 1934, the Company is required to maintain a minimum net capital balance, as defined, under such provisions.

The Company's minimum capital requirement is the greater of \$5,000 or 6 2/3% of aggregate indebtedness, as defined, under Securities and Exchange Commission Rule 15c3-1(a)(1), as it does not maintain customer accounts. Net capital may fluctuate on a daily basis. At December 31, 2017, the Company had net capital of \$57,232 which was \$52,232 in excess of its required net capital of \$5,000.

In addition to the minimum net capital provisions, Rule 15c3-1 requires that the Company maintain a ratio of aggregate indebtedness, as defined, to net capital, of not more than 15 to 1. At December 31, 2017 the ratio was 1.28 to 1.

7. Retirement Savings Plan:

The Company participates in an employer Safe Harbor 401(k) Plan covering all employees upon hire and who attain age 21. The Plan permits employees to make pre-tax elective deferrals of their eligible compensation up to IRS limits. The Plan requires a Safe Harbor Contribution equal to 3% of compensation for all eligible employees. The Company has accrued \$47,417 for this liability for the year ended December 31, 2017. Additionally, the Plan provides for the Company to make additional Qualified Non-Elective Contributions. The Company did not make any non-elective contributions for the year ended December 31, 2017.

8. Exemption From Rule 15c3-3:

The Company acts as an investment banking broker-dealer, promptly transmitting all funds and delivering all securities received in connection with its activities as a broker or dealer and does not otherwise hold funds or securities for or owe money or securities to customers. The Company operates under Section (k)(2)(i) of Rule 15c3-3 of the Securities Exchange Act of 1934 and is therefore exempt from the requirements of Rule 15c3-3.

9. New Accounting Pronouncements

Accounting Standards Update No. 2014-09 (Revenue from Contracts with Customers, Topic 606) becomes effective January 1, 2018. The impact of the adoption of the standard on financial position and results of operation is not expected to be material. We will assess and monitor the impact of the standard on our business as guidance specific to broker/dealers is released.

To The Member of
BellMark Partners, LLC
Boston, Massachusetts

We have reviewed management's statements, included in the accompanying Statement of Exemption Pursuant to Rule 15c3-3, in which (1) BellMark Partners, LLC identified the following provisions of 17 C.F.R. §15c3-3(k) under which BellMark Partners, LLC claimed an exemption from 17 C.F.R. §240.15c3-3(k)(2)(i) (the "exemption provisions") and (2) BellMark Partners, LLC stated that BellMark Partners, LLC met the identified exemption provisions throughout the most recent fiscal year without exception. BellMark Partners, LLC's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about BellMark Partners, LLC's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(i) of Rule 15c3-3 under the Securities Exchange Act of 1934.
