### **NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2017**

---

#### **1 BUSINESS DESCRIPTION**

##### ***Business***

SOLIC Capital, LLC, (the "Company") is a wholly-owned subsidiary of SOLIC Holdings, LLC and was incorporated in the State of Delaware on May 24, 2011.

The Company is a registered securities broker-dealer in various states and is a member of the Financial Industry Regulation Authority (FINRA) and the Securities Investor Protection Corporation (SIPC). The Company does not maintain customer accounts nor does it currently have a clearing arrangement.

To generate revenue, the Company may raise capital through financial advisory services for private placement and mergers and acquisitions.

#### **2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

##### ***Basis of presentation***

The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

##### ***Cash and cash equivalents***

The Company considers as cash equivalents all short-term investments with an original maturity of three months or less, which are highly liquid and are readily exchangeable for cash at amounts equal to their stated value.

##### ***Income taxes***

The Company is organized as a Limited Liability Company ("LLC") and is disregarded as an entity for Federal tax purposes and, therefore, has no Federal tax liability. State tax liabilities are determined under individual state tax laws. The Company's income or loss is included in the Federal and state consolidated tax returns of the parent company, which is a partnership.

##### ***Revenue recognition***

The Company recognizes revenue for consulting work that culminates in a securities transaction for which the Company is engaged to provide services in connection with a transaction, the closing of which involves the exchange of securities between two or more parties, and for which the Company is compensated in the form of success fees based on a percentage of the value (some or all) of the resulting transaction. The incremental revenue amounts are generally contingent on a specific event and the incremental revenues are recognized when the contingencies are resolved.

---

---

In limited circumstances, the Company recognized revenues as the related professional services provided. In connection with recording revenues, estimates and assumptions are required in determining the expected conversion of the revenues to cash. The Company may provide multiple services under the terms of an arrangement. There are also client engagements where the Company is paid a fixed amount for its service. The recording of these fixed revenue amounts requires the Company to make an estimate of the total amount of work to be performed and revenue is then recognized as efforts are expended based on (i) objectivity determinable output measures, (ii) input measures if output measures are not reliable, or (iii) the straight-line method over the term of the arrangement.

Total revenues include reimbursable costs, which are billed to customers. These reimbursable costs are recorded as a component of costs of service.

*Use of estimates*

The preparation of financial statements in conformity with Generally Accepted Accounting Principles ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

***Impairment of long-lived assets***

The Company periodically evaluates whether events or circumstances have occurred that indicate long-lived assets may not be recoverable or that the remaining useful life may warrant revision. When such events or circumstances are present, the Company assesses the recoverability of long-lived assets by determining whether the carrying value will be recovered through the expected undiscounted future cash flows resulting from the use of the asset. In the event the sum of the expected undiscounted future cash flows is less than the carrying value of the asset, an impairment loss equal to the excess of the asset's carrying value over its fair value is recorded. Fair value is determined based on discounted cash flows or appraised values depending on the nature of the assets. The long-term nature of these assets requires the estimation of cash inflows and outflows several years into the future.

**Fair value measurements**

The Company adopted the provisions of ASC Topic 820, "Fair Value Measurements and Disclosures", which defines fair value as used in numerous accounting pronouncements, establishes a framework for measuring fair value and expands disclosure of fair value measurements.

---

---

---

---

ASC 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. ASC 820 also establishes a fair value hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. All assets and liabilities are level 1. ASC 820 describes three levels of inputs that may be used to measure fair value:

Level 1 — quoted prices in active markets for identical assets or liabilities

Level 2 — quoted prices for similar assets and liabilities in active markets or inputs that are observable

Level 3 — inputs that are unobservable (for example cash flow modeling inputs based on assumptions).

There are no financial instruments measures at fair value on a recurring basis.

### **3 LOAN RECEIVABLE**

The Company has participated in a revolving credit facility to a business pursuant to where the business can borrow up to \$5,000,000 and where SOLIC's portion of the loan is 6.67% with a maximum of \$333,500. Interest shall accrue on the unpaid principal balance at a fixed per annum rate of 8% and is due on June 30, 2017. All accrued unpaid interest on the unpaid principal balance on the monthly loan shall be payable monthly in arrears. As of December 31, 2017, the balance of the Company's participation in the loan was \$0.

### **4 NET CAPITAL REQUIREMENTS UNDER SEC RULE 15c3-1**

As a broker/dealer, the Company is subject to SEC Rule 15c3-1, *Net Capital Requirements for Brokers or Dealers*, (the "Rule") which requires the maintenance of minimum net capital. The rule requires that the Company maintain minimum net capital, as defined, of \$5,000 at December 31, 2017. The Rule also requires that the Company's ratio of aggregate indebtedness to net capital, as those terms are defined by the Rule, may not exceed 15 to 1. At December 31, 2017, the Company's net capital was \$252,296 which was \$247,296 in excess of its required net capital and its ratio of indebtedness to net capital was 2.6%.

### **5 RESERVE REQUIREMENTS UNDER SEC RULE 15c3-3**

SEC Rule 15c3-3, *Customer Protection – Reserves and Custody of Securities* (the "Rule"), requires, among other things, every broker or dealer to maintain a Reserve Bank Account in an amount not less than the amount computed in accordance with the Reserve Requirement formula provided under the Rule, unless such broker or dealer is exempted under the exemptive provisions of the Rule. The Company does not carry securities accounts for customers or perform custodial functions relating to customers' securities. Accordingly, pursuant to Rule 15c3-3(k)(2)(i), the Company is exempted from the provisions of this rule.

---

---

**6 INCOME TAXES**

As the Company is organized as a single member limited liability company and is disregarded as an entity for tax purposes and its taxable income is reported by the parent company, there is no tax expense/benefit recorded by the Company

Temporary differences between the amounts reported in the financial statements and the tax basis of assets and liabilities result in deferred taxes. As a disregarded entity, the Company does not report its deferred tax assets or liabilities in its financial statements. Rather, the parent company will report any related deferred tax items in its financial statements.

**7 MANAGEMENT AGREEMENT – RELATED PARTY FEES**

Pursuant to an agreement with a related party to perform certain services relating to the management of various aspects of the Company's business, SOLIC Capital agreed to pay the related party a monthly fee based on an allocation percentage of, among other things, salaries, benefits, and other overhead expenses. Such fees shall be reimbursed on or before the last day of the following month. As of December 31, 2017, the company has a balance due of \$0 to the related party.

**8 SUBSEQUENT EVENTS**

The Company has evaluated events occurring after the date of these financial statements through February 19, 2018, the date that these financial statements were available to be issued. There were no material subsequent events as of that date which would require disclosure or adjustments to the financial statements.

**Annual Audit Notice Information:**

Broker-dealers are reminded that effective for fiscal years ending on or after June 1, 2014, the Annual Reports must include either: (1) an exemption report and a report prepared by an independent public accountant based on a review of the statements in the exemption report if the broker-dealer claimed that it was exempt from Rule 15c3-3 under the Securities Exchange Act of 1934 throughout the most recent fiscal year; or (2) a compliance report and a report prepared by an independent public accountant based on an examination of certain statements in the compliance report if the broker-dealer did not claim that it was exempt from Rule 15c3-3 throughout the most recent fiscal year.

For more information on these requirements, see SEC Release No. 34-70073 available at <http://www.sec.gov/rules/final/2013/34-70073.pdf>.

**Annual Audit Filing Guidelines (effective February 2016):**

Pursuant to SEA Rule 17a-5(d)(6), a broker-dealer required to prepare an annual audit report must file the report at the regional office of the Commission, the Commission's principal office in Washington, DC, the principal office of its designated examining authority, and with the Securities Investor Protection Corporation ("SIPC") if the broker or dealer is a member of SIPC. Copies of the reports must be provided to all self-regulatory organizations ("SROs") of which the broker or dealer is a member, unless the SRO by rule waives this requirement. In an attempt to reduce redundancies and to streamline the filing requirements regarding SEA Rule 17a-5(d), FINRA has worked with the exchanges for which FINRA currently performs regulatory services to facilitate a single filing of annual audit reports, which eliminates the need for multiple filings in most cases.

Effective February 1, 2016, your firm's electronic submission of the annual audit report to FINRA via Firm Gateway satisfies any requirement under SEA Rule 17a-5(d)(6) that it be submitted to the following SROs:

**BATS Exchange, Inc.(BZX), BATS Y-Exchange, Inc. (BYX)**

**BOX**

**CBOE, C2**

**EDGA Exchange, Inc., EDGX Exchange, Inc.**

**Investors Exchange LLC (IEX)**

**ISE, ISE Gemini, ISE Mercury**

**MIAX**

**NASDAQ, NASDAQ BX, Inc., NASDAQ PHLX LLC**

**NYSE, NYSE Arca, NYSE MKT**

FINRA may share a copy of the submitted Annual Audit with any SRO(s) listed above of which your firm is a member. If you are a member of an SRO that is not listed above and that has not waived the filing requirement by rule, you must continue to file directly with such SRO.
