REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Stockholders of
APW Capital, Inc. and
Comprehensive Capital Management, Inc.
Rockaway, NJ 07866

Opinion on the Financial Statement

We have audited the accompanying consolidating balance sheet of APW Capital, Inc. (“APW Capital”) (an S Corporation) and Comprehensive Capital Management, Inc. (“CCM”) (a C Corporation) (both incorporated in the state of New Jersey) as of December 31, 2017, and the related notes (collectively referred to as the financial statement). In our opinion, the consolidating balance sheet presents fairly, in all material respects, the financial position of APW Capital and CCM as of December 31, 2017 in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

This financial statement is the responsibility of APW Capital and CCM’s management. Our responsibility is to express an opinion on APW Capital and CCM’s financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to APW Capital and CCM. in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statement. We believe that our audit provides a reasonable basis for our opinion.

Nisivoccia **LLP**

We have served as APW Capital, Inc. and Comprehensive Capital Management, Inc.’s auditor since 2005.

NOTES TO CONSOLIDATING FINANCIAL STATEMENTS
DECEMBER 31, 2017

Note 1 - Summary of Significant Accounting Policies

Nature of Business

APW Capital, Inc. ("APW Capital") (formerly "Comprehensive Asset Management and Servicing, Inc.") is a registered securities broker-dealer and is subject to regulation by the Securities and Exchange Commission ("SEC") and the Financial Industry Regulatory Authority ("FINRA"). APW Capital operates pursuant to brokerage service agreements with clearing brokers, under which these clearing brokers assume and maintain APW Capital's customer accounts. APW Capital's clients are located throughout the United States. APW Capital's primary operating facilities are located in Rockaway, New Jersey.

Comprehensive Capital Management, Inc. ("CCM") is a registered investment advisor subject to the regulation of the Securities and Exchange Commission. CCM provides investment management services to clients located throughout the United States. CCM operates pursuant to brokerage service agreements with broker-dealers, under which these brokers assume and maintain CCM's client accounts.

Principles of Consolidation

APW Capital and CCM have been consolidated under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC Topic), *Consolidation*, that provides guidance in determining when variable interest entities should be consolidated in the financial statements of the primary beneficiary. Accordingly, the accompanying financial statements include the accounts of APW Capital, the primary beneficiary, and CCM (collectively, the "Companies"). All intercompany transactions have been eliminated in consolidation.

Use of Estimates / Significant Estimates

The preparation of the consolidating financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts of assets and liabilities, revenues and expenses and changes therein, and disclosures of contingent assets and contingent liabilities and accompanying notes. It is reasonably possible that the Companies' estimates may change in the near term.

Significant estimates inherent in the preparation of the accompanying consolidating financial statements include collectability of accounts receivable, accumulated depreciation and amortization, deferred revenue, deferred income taxes and various accrued expenses. Management periodically reviews these estimates and it is reasonably possible that management's assessment of these estimates may change based on actual results and other factors.

Note 1 - Summary of Significant Accounting Policies (continued)

Revenue Recognition

Commission revenue and related commission expense for APW Capital are recorded on a trade-date basis as securities and other investment transactions occur.

CCM's fee income is derived from investment advisory services under agreements that generally provide for compensation based on various percentages of assets under management. Fees are billed and payable quarterly. Fifty percent of fees are non-refundable and earned when billed. The balance, which is refundable pro-rata in the event of early termination, is recognized over the term of the billing period. Other revenue, which includes financial planning and consulting services, is recognized when the services have been provided and are earned.

During the normal course of business, it is possible trading errors may arise. In the event of a trading error, a receivable and a corresponding payable is presented on the consolidating balance sheet that is due to/due from a clearing company. Any gain or loss is recognized in the consolidating statement of income.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Companies consider all short-term investments with an original maturity of three months or less to be cash equivalents. Included in these amounts at December 31, 2017 is \$41,381 and \$462 of funds held by clearing broker-dealers on behalf of APW Capital and CCM, respectively. These amounts result from the broker-dealer's collection of customer fees and commissions for each Company's account.

Commissions/Fees Receivable

Commissions receivable represents unsecured amounts due from clearing brokers. Management periodically assesses the collectability of the amounts and has determined a corresponding allowance for uncollectible amounts is not required at this time. Interest and finance charges are not accrued on open balances.

The Companies are engaged in various trading, brokerage and financial planning activities in which counterparties primarily include broker-dealers, banks, and other financial institutions. In the event counterparties do not fulfill their obligations, the Companies may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Companies' policy to review, as necessary, the credit standing of each counterparty.

Securities Transactions

Proprietary securities transactions in regular-way trades, if any, are recorded on the trade date, as if they had settled. Profit and loss arising from all securities and commodities transactions entered into for the account and risk of APW Capital are recorded on a trade date basis. APW Capital and CCM do not take possession of customers' securities or commodities.

Concentrations of Credit Risk

The Companies maintain their cash in bank deposit accounts, which, at times, may exceed federally insured limits. The Companies have not experienced any losses in such accounts. Management believes it is not exposed to any significant credit risk related to cash.

Fair Value of Financial Instruments

In accordance the FASB ASC, *Fair Value Measurements and Disclosures*, fair value is defined as a market-based measurement, not an entity-specific measurement. The objective of a fair value measurement is to estimate the price at which an orderly transaction to sell the asset or to transfer the liability would take place between market participants at the measurement date under current market conditions (that is, an exit price at the measurement date from the perspective of a market participant that holds the assets or owes the liability). A fair value measurement assumes that the transaction to sell the asset or transfer the liability either occurs in the principal market (or in its absence, the most advantageous market) for the asset or liability.

Following is a description of valuation methodologies used for assets and liabilities recorded at fair value. There have been no changes in the methodologies used at December 31, 2017.

Cash and cash equivalents, commissions and fees receivable, other current assets, accounts payable and accrued expenses, and other liabilities: The carrying amounts approximate fair value because of the short-term maturity of these instruments.

Notes payable, line of credit, and capital leases: carried at amortized cost as the Companies can obtain similar loans, lines, and leases at similar terms; therefore, the Companies have determined it approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Companies believe its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Noncontrolling Interest

The Companies account for noncontrolling interest under FASB ASC, *Consolidation*, which establishes accounting and reporting standards for the noncontrolling interest in a subsidiary and for the deconsolidation of a subsidiary. This guidance clarifies that a noncontrolling interest in a subsidiary is an ownership interest in the consolidated entity that should be reported as equity in the consolidating financial statements. This guidance also requires presentation on the face of the consolidating statement of income of the amounts of consolidated net income (loss) attributable to the Company and to the noncontrolling interest, resulting in an increase (decrease) to consolidated net income (loss).

Variable Interest Entities

The Company adopted FASB ASU 2015-02, *Amendments to the Consolidation Analysis* which further amends FASB ASC 810 pertaining to evaluating whether reporting entities should consolidate certain other legal entities. The amendments in ASU 2015-02 are effective for entities for fiscal years beginning after December 15, 2015.

The Company adopted FASB ASU 2016-17, *Interests Held through Related Parties That Are under Common Control* which further amends FASB ASC 810 pertaining to how a reporting entity that is the single decision maker of a VIE should treat indirect interests in the entity held through related parties that are under common control with the reporting entity when determining whether it is the primary beneficiary of that VIE. The primary beneficiary of a VIE is the reporting entity that has a controlling financial interest in a VIE and, therefore, consolidates the VIE. A reporting entity has an indirect interest in a VIE if it has a direct interest in a related party that, in turn, has a direct interest in the VIE. The amendments in ASU 2016-17 are effective for interim periods and fiscal years beginning after December 15, 2016.

Property and Equipment

Property and equipment are recorded at cost. Major renewals and betterments are capitalized whereas, maintenance, minor repairs and replacements, which do not improve or extend the lives of the respective assets, are expensed as incurred. Depreciation is calculated using the straight-line method based on the estimated useful lives of the related assets.

The Companies review the recoverability of its long-lived assets on a periodic basis in order to identify events or changes in circumstances, which may indicate a possible impairment in accordance with the provisions of FASB ASC, *Accounting for the Impairment of Disposal of Long-Lived Assets*. The assessment for potential impairment is based primarily on the Companies' ability to recover the unamortized balance of its long-lived assets from expected future cash flows from operations on an undiscounted basis. The Companies believe that no such events or changes have occurred.

Income Taxes

The Companies recognize the amount of taxes payable or refundable for the year. Income taxes are accounted for using the asset and liability method. Under this method, deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax-basis carrying amounts. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period in which the enactment date occurs. A valuation allowance is provided for deferred tax assets if it is more likely than not that these items will not be realized.

AND COMPREHENSIVE CAPITAL MANAGEMENT, INC.
NOTES TO CONSOLIDATING FINANCIAL STATEMENTS
DECEMBER 31, 2017
(Continued)

Note 1 - Summary of Significant Accounting Policies (continued)

Income Taxes (continued)

The Companies are subject to the provisions of FASB ASC, *Income Taxes*. The standard prescribes a minimum recognition threshold and measurement methodology that a tax position taken or expected to be taken in a tax return is required to meet before being recognized in the financial statements. It also provides guidance for derecognition, classification, interest and penalties, accounting in interim periods, disclosure, and transition.

In assessing the realizability of deferred tax assets, management considers whether it is more likely than not that some portion or all of the deferred tax assets will not be realized. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable income during the periods in which those temporary differences become deductible. Management considers the scheduled reversal of deferred tax liabilities, projected future taxable income, and tax planning strategies in making this assessment. Based upon the level of historical taxable income and projections for future taxable income over the periods in which the deferred tax assets are deductible, management believes it is more likely than not that we will realize the benefits of these deductible differences, net of the existing valuation allowances.

The Companies recognize interest and penalties related to unrecognized tax benefits within the provision for income taxes on continuing operations in the consolidating statements of operations.

APW Capital has elected, with the consent of its stockholders, to be taxed under the provisions of Subchapter S of the applicable federal and State of New Jersey tax laws.

The stockholders include their allocable share of taxable income or loss on their individual federal and state income tax returns. The Company is subject to regular audit by tax authorities. The Company believes that it has appropriate support for the positions taken on its tax returns. Management believes that the pass-through status would be sustained upon examination.

Deferred income taxes are recognized by CCM on temporary differences in the amount of assets and liabilities for income tax and financial reporting purposes. The principal sources of the differences are different methods of recognizing depreciation and amortization for financial accounting and income tax purposes. Deferred income taxes are classified as current or non-current depending on the classification of the assets or liabilities to which they relate. Management provides for a valuation allowance based on its evaluation of the realization of such deferred tax benefits. The allowance is periodically adjusted for changes in managements' estimates of the ultimate realization of these benefits.

The Companies file income tax returns in the United States federal and New Jersey state jurisdictions. The Company is subject to income tax examinations for returns within the statutory periods established by the respective jurisdictions.

Commissions Expense

Commissions and related clearing expenses for APW Capital are recorded on a trade date basis as securities transactions occur. Commission expenses for fees produced by registered representatives of CCM are recorded as prepaid and recognized as commission expense once earned.

Risk Management

CCM does not guarantee their clients a profit on funds managed. The client signs a management account agreement indicating whether they decide to use risk reduction, tactical asset allocation, or timing services offered by CCM. The agreement also indicates that client's funds will fluctuate with market forces.

Advertising Costs

Advertising costs are charged to promotion and marketing expense as incurred. Advertising costs charged to promotion and marketing expense for APW Capital for the year ended December 31, 2017 is \$53,332.

Subsequent Events

Management has reviewed subsequent events and transactions that occurred after December 31, 2017 through the date of the auditors' report and the date the financial statements were issued, February 21, 2018. The financial statements include all events or transactions, including estimates, required to be recognized in accordance with generally accepted accounting principles. Management has determined that there are no nonrecognized subsequent events that require additional disclosure.

Note 6 - Line of Credit

APW Capital has an available line of credit with a maximum amount of \$100,000. There was no outstanding balance as of December 31, 2017 on the line of credit. Interest accrues at 3.75% per annum. The line is secured by the Company's personal property and renews every October.

CCM has an available line of credit with a maximum amount of \$50,000. The outstanding balance as of December 31, 2017 is \$36,518 and is due on demand. Interest accrues at the prime rate, plus 2% (5.50% at December 31, 2017). The line is unsecured and renews every January. Interest expense related to this line of credit was \$2,563 for the year ended December 31, 2017.

Note 7 - Related Party Transactions

Obligations to and from affiliates result from cash advances, which are non-interest bearing and due on demand. At December 31, 2017, APW Capital and CCM had obligations due to related parties of \$5,248 and \$39,519, respectively.

During the year ended December 31, 2017, CCM advanced its majority stockholder net of repayments \$15,177. The respective outstanding balance due from stockholder of CCM as of December 31, 2017 was \$603,729. These advances are non-interest bearing, unsecured and due on demand, the Company expects repayment within 12 months.

A note payable to related party, as amended in November 2015, accrues interest at 4.5%. At December 31, 2017, the note had an outstanding balance of \$48,805. Quarterly principal and interest payments began on April 1, 2016 in the amount of \$765. After twenty quarterly payments have been made, the remaining principal is due in a balloon payment. In the event any shares of stock in the Company are sold, the remaining principal balance shall be paid off in proportion to the purchase proceeds received by the Company or shareholders of the Company. The note is unsecured.

APW Capital provides various back-office services for a related party and receives fees commensurate with services provided. During the year ended December 31, 2017, fees received for these services amounted to \$31,000.

Note 8 - Income Taxes

The provision for income taxes for the year ended December 31, 2017 in the consolidating statement of income is as follows:

	<u>APW CAPITAL</u>	<u>CCM</u>	<u>Total</u>
Current:			
State	\$ 2,300	\$ 2,000	\$ 4,300
Deferred:			
Federal		1,900	1,900
State		1,975	1,975
Total	<u>\$ 2,300</u>	<u>\$ 5,875</u>	<u>\$ 8,175</u>

Deferred taxes for CCM as of December 31, 2017 consist of:

	<u>Federal</u>	<u>State</u>	<u>Total</u>
Deferred tax asset (long-term)	\$ 21,200	\$ 11,300	\$ 32,500
Deferred tax liability (long-term)	(300)	(2,400)	(2,700)
Valuation allowance	(15,900)	(8,475)	(24,375)
Net deferred tax asset (long-term)	<u>\$ 5,000</u>	<u>\$ 425</u>	<u>\$ 5,425</u>

CCM believes a valuation allowance of approximately 75% and 0% of deferred tax assets for NOLs and deferred tax liability for depreciation and amortization, respectively, are appropriate for the year ended December 31, 2017. The change in the valuation allowance for the year ended December 31, 2017 was a decrease of \$6,625. CCM has recorded a tax asset and liability for the year ended December 31, 2017 of \$8,125 and \$2,700, respectively. CCM has net operating loss carry-forwards for federal and state taxes of approximately \$101,000 and \$126,000, respectively. Federal and State net operating losses are set to expire in 2034.

Note 11 – Indemnifications

In the normal course of its business, the Companies indemnify and guarantee certain service providers, such as clearing and custody agents, trustees and administrators, against specified potential losses in connection with their acting as an agent of, or providing services to, the Companies or its affiliates. The Companies also indemnify some clients against potential losses incurred in the event specified third-party service providers, including sub-custodians and third-party brokers, improperly executed transactions. The maximum potential amount of future payments that the Companies could be required to make under these indemnifications cannot be estimated. However, the Companies believe that it is unlikely they will have to make material payments under these arrangements and have not recorded any contingent liability in the consolidated financial statements for these indemnifications.

The Companies provide representations and warranties to counterparties in connection with a variety of commercial transactions and occasionally indemnifies them against potential losses caused by the breach of those representations and warranties. The Companies may also provide standard indemnification to some counterparties to protect them in the event additional taxes are owed or payments are withheld, due either to a change in or adverse application of certain tax laws. These indemnifications generally are standard contractual terms and are entered into in the normal course of business. The maximum potential amount of future payments that the Companies could be required to make under these indemnifications cannot be estimated. However, the Companies believe that it is unlikely they will have to make material payments under these arrangements and have not recorded any contingent liability in the consolidating financial statements for these indemnifications.

Note 12 – Contingencies and Commitments

The Company received notification that it was named in multiple instant action lawsuits. Given the nature of issues presented and the general uncertainties involved, management is unable to provide the probability and/or range of potential loss to the Company. However, the Company intends to defend its case vigorously. The Company is covered under an insurance policy with a deductible of \$75,000. The Company has filed a counter suit, which the Company believes it will obtain a positive outcome. No amounts have been accrued as of December 31, 2017.
