Basis of Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

TRIANGLE SECURITIES, LLC

Notes to Financial Statements

December 31, 2017 and 2016

(1) Organization

Triangle Securities, LLC (the "Company") is a limited liability company formed in the state of North Carolina on February 4, 2000 and will terminate on December 31, 2025. The Company is a broker-dealer and member of the Financial Industry Regulatory Authority, Inc. (FINRA).

During 2009 and 2010, the Company began transferring customer accounts, after approval by the customer, to Triangle Securities Wealth Management Company, Inc. (TSWM), a company affiliated by common ownership and established as a registered investment advisor. By January 31, 2011, all accounts had been moved to TSWM so that going forward, the Company's primary source of income is commission income on mutual fund trails and annuity trails.

The Company does not maintain customers' security accounts nor does it perform custodial functions related to customer securities.

(2) Summary of Significant Accounting Policies

Cash Equivalents

For the purpose of the statement of cash flows, the Company considers all investments with an original maturity of three months or less to be cash equivalents.

Investment Securities

The Company's securities are bought and held principally for the purpose of selling them in the near term and are classified as trading securities. Trading securities are recorded at fair value on the statement of financial condition, with the change in fair value during the period included in operations. Securities not readily marketable are valued at fair value as determined by management. As of December 31, 2017 and 2016, the Company did not hold any securities.

(2) Summary of Significant Accounting Policies, Continued

Fair Value Measurements

For determining fair value measurements, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. Management follows an established framework for measuring fair value. That framework provides a fair value hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The three levels of inputs that may be used to measure fair value are described below:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly

Level 3: one or more significant inputs or significant value drivers are unobservable or based on market assumptions

Property and Equipment

Property and equipment are stated at cost. Depreciation is provided using double declining balance and straight-line methods over the estimated useful lives of the related assets, which are as follows:

<u>Description</u>	<u>Estimated Useful Life</u>
Furniture	7 years
Equipment	5-7 years
Vehicle	5 years
Landscaping	15 years
Leasehold improvements	39 years
Software	3 years

Expenditures for repairs and maintenance are charged to expense as incurred. The costs of major renewals and betterments are capitalized. The cost and related accumulated depreciation and amortization of property and equipment are removed from the accounts upon retirement or other disposition and any resulting gain or loss is reflected in operations for the period.

(2) Summary of Significant Accounting Policies, Continued

Revenue Recognition

Commissions from mutual fund trails are earned on assets held in the mutual funds. Commissions from annuity trails are derived from the sale of annuity products. Commission revenue is recognized when earned.

Income Taxes

Effective January 1, 2006, the Company has elected to be treated as an S Corporation for income tax purposes. Therefore, the Company's income and expenses are included in the individual income tax returns of the Company's members. Accordingly, the financial statements do not reflect a provision for income taxes.

Concentrations of Credit Risk

Financial instruments that potentially expose the Company to concentrations of credit risk consist primarily of cash and cash equivalents which accounts are insured by the Federal Deposit Insurance Corporation up to \$250,000 at each financial institution. There are no cash equivalents greater than the FDIC limit at a financial institution as of December 31, 2017.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Comprehensive Income

Accounting principles generally accepted in the United States of America require entities to report comprehensive income in their financial statements. Comprehensive income (loss) is the total of (1) net income (loss) plus (2) all other changes in members' equity arising from non-owner sources, which are referred to as other comprehensive income. The Company has no items of other comprehensive income (loss) to report for any period presented.

Upon the death of any individual member, the member's interest may be transferred to the member's estate, and the estate may thereafter transfer such units to the spouse, lineal descendants, or ancestors of the member, or any trust(s) for the benefit thereof.

The Members

The Company's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(i) of Rule 15c3-3 under the Securities Exchange Act of 1934.
