REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To Sterling Software Services, Inc.

Opinion on the Financial Statement

We have audited the accompanying statement of financial condition of Sterling Software Services, Inc. (the "Company") as of December 31, 2017 and the related notes (collectively referred to as the "financial statement"). In our opinion, the financial statement presents fairly, in all material respects, the financial position of the Company as of December 31, 2017, in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statement. We believe that our audit provides a reasonable basis for our opinion.

We have served as the Company's auditor since 2015.

STERLING SOFTWARE SERVICES, INC.

NOTES TO FINANCIAL STATEMENT

1. Nature of business

Sterling Software Services, Inc. (formerly known as Sterling Trader Execution Services, Inc.) (the "Company") is a corporation organized under the laws of the State of Delaware on August 11, 2011. The Company became a registered broker-dealer with the Securities and Exchange Commission ("SEC") and is a member of Financial Industry Regulatory Authority ("FINRA") as of December 1, 2012.

On July 1, 2015, the Company received the approval of FINRA for the continuing membership application of the Company with regard to the change in ownership, after the former stockholders of the Company sold 100% of its outstanding common stock to Professional Trading Solutions, Inc. (the "Ultimate Parent").

Effective July 1, 2015 the Company is a wholly-owned subsidiary of PTS Financial Technology, LLC (the "Parent").

2. Summary of significant accounting policies

Basis of Presentation

The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Company's management to make estimates and assumptions that affect the amounts disclosed in the financial statements. Actual results could differ from these estimates.

Income Taxes

The Company is included in the consolidated federal and various state income tax returns of the Ultimate Parent. In accordance with GAAP, the Company follows an asset and liability approach to financial accounting and reporting for income taxes. Deferred income tax assets and liabilities are computed for differences between the financial statements and tax bases of assets and liabilities that will result in future taxable or deductible amounts, based on enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established, when necessary, to reduce deferred income tax assets to the amount expected to be realized.

The Ultimate Parent may be subject to potential examination by U.S. federal, state or foreign jurisdiction authorities in the areas of income taxes. These potential examinations may include questioning the timing and amount of deductions, the nexus of income among various tax jurisdictions and compliance with U.S. federal, state and foreign tax laws. The Company's management does not expect that the total amount of unrecognized tax benefits will materially change over the next twelve months.

STERLING SOFTWARE SERVICES, INC.

NOTES TO FINANCIAL STATEMENT

2. Summary of significant accounting policies (continued)

Income Taxes (continued)

The Ultimate Parent provides for taxes in accordance with ASC 740, "Accounting for Income Taxes", which requires recognition of deferred tax liabilities and assets for the expected future tax consequences of events that have been included in the financial statements or tax returns. Under this method, deferred tax liabilities and assets are recognized based on the difference between the financial statement and tax basis of liabilities and assets using enacted tax rates. No provision has been made for federal U.S. income taxes as the taxable income or loss of the Company is included in the respective income tax return of the Ultimate Parent. In accordance with U.S. GAAP, the Ultimate Parent is required to determine whether its tax positions are more likely than not to be sustained upon examination by the applicable taxing authority, based on the technical merits of the position. Based on its analysis, there were no tax positions identified by management which did not meet the "more likely than not" standard as of and for the year ended December 31, 2017.

The Company completed its implementation analysis, including identification of revenue streams and reviews of customer contracts under ASU 2014-09's framework. The analysis included reviewing current accounting policies and practices to identify potential differences that would result from applying the requirements under this new standard. The Company has evaluated the new guidance and the adoption is not expected to have a significant impact on the Company's financial statements and a cumulative effect adjustment under the modified retrospective method of adoption will not be necessary.

Fair Value of Financial Instruments

At December 31, 2017, the carrying value of the Company's financial instruments, such as cash, approximate fair values due to the nature of their short term maturities.

3. Net capital requirement

The Company, as a member of FINRA, is subject to the Securities and Exchange Commission Uniform Net Capital Rule 15c3-1. This rule requires the maintenance of minimum net capital and that the ratio of aggregate indebtedness as defined to net capital, shall not exceed 15 to 1. The rule also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. At December 31, 2017, the Company's net capital was approximately \$35,000, which was approximately \$30,000 in excess of its minimum net capital of \$5,000.

4. Exemption From Rule 15c3-3

The Company is exempt from the Securities and Exchange Commission rule 15c3-3 pursuant to the exemptive provisions of sub-paragraph (k)(2)(i).
