We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

PRECISION SECURITIES, LLC

Notes to Financial Statements December 31, 2017

1. THE COMPANY AND ITS SIGNIFICANT ACCOUNTING POLICIES

The Company. Precision Securities, LLC (the "Company"), is a limited liability company under the laws of the State of California. Under the Articles of Organization, the Company shall automatically terminate on March 7, 2025. Members may elect to terminate the Company sooner or continue the Company upon termination as provided in the Articles. Net profit and losses shall be allocated to members in proportion to their membership interests. However, to the extent that loss allocations create a negative capital balance, such losses shall be allocated to other members with positive capital balances based on their membership interests.

The Company is a registered broker-dealer licensed by the United States Securities and Exchange Commission ("SEC") and is a member of the Financial Industry Regulatory Authority. The Company provides broker-dealer services as an introducing broker-dealer clearing customer transactions through another broker-dealer on a fully disclosed basis.

Accounting Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

Cash and Cash Equivalents. Cash and cash equivalents are highly liquid investments, with original maturities of less than 90 days. Cash and cash equivalents are composed of interest-bearing deposits, non-interest-bearing deposits and money market funds.

Fixed Assets. Fixed assets are stated at cost less accumulated depreciation. Maintenance and repairs which do not extend asset lives are expensed as incurred. Depreciation is provided on the straight-line method over the estimated useful lives of the assets (generally three to five years).

Revenue Recognition. Security transactions and the related commission revenue are recorded on a trade date basis.

Income Taxes Income taxes, if any, are the liability of the individual members. Accordingly, no provision for federal income taxes is reflected in the accompanying financial statements. State income taxes have been provided at the reduced rate applicable to limited liability companies. The Company is subject to audit by the taxing agencies ending December 31, 2013, 2014, 2015, and 2016. The Company is not subject for year prior to December 31, 2012. The Company does not believe its financial statements include (or reflect) any uncertain tax position.

Concentration of Credit Risk. The Company maintains bank accounts with cash balances that exceed federally insured limits. No credit losses have been experienced on these accounts. Management believes that any potential credit losses would be minimal and, accordingly, no reserve for such losses has been established.

PRECISION SECURITIES, LLC

Notes to Financial Statements December 31, 2017

1. THE COMPANY AND ITS SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Financial Instruments. The carrying values reflected in the statement of financial condition at December 31, 2017 reasonably approximate the fair values for financial instruments. In making such assessment, the Company has utilized discounted cash flow analyses, estimates, and quoted market prices as appropriate. No allowance for potential credit losses was considered necessary at December 31, 2017.

Commissions Receivable. Commission receivable are stated at face amount with no allowance for doubtful accounts. An allowance for doubtful accounts is not considered necessary because probable uncollectible accounts are immaterial.

2. FAIR VALUE MEASUREMENTS

The Company follows a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the Company has the ability to access.
- Level 2 inputs are inputs (other than quoted prices included with level 1) that are observable for the asset or liability, either directly or indirectly.
- Level 3 are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value.

- Equity securities: Valued at quoted market prices.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Company believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

PRECISION SECURITIES, LLC

Notes to Financial Statements December 31, 2017

2. FAIR VALUE MEASUREMENT (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Company's assets at fair value as of December 31, 2017:

	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>	<i>Total</i>
December 31, 2017	<u>\$ 5,223,254</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 5,223,254</u>

3. FURNITURE AND EQUIPMENT

Furniture and equipment	\$ 99,996
Less: Accumulated Depreciation	<u>95,433</u>
	\$ 4,563

Depreciation expense for the year ended December 31, 2017 was \$7,042.

4. SUBORDINATED LOAN

On March 30, 2017, the Company borrowed from an unrelated party \$750,000 at 4.00% interest. There are no monthly payments required. The loan is due in full including accrued interest on May 1, 2018. As of December 31, 2017, the outstanding balance is \$750,000, plus \$16,719 of accrued interest.

5. COMMITMENTS AND CONTINGENCIES

Operating Lease. The Company leases office space under a lease agreement that expires in December 2018. The lease was amended during 2018. Rent expense was \$64,982 for the year ended December 31, 2017. A \$3,514 security deposit is held by the landlord pursuant to the lease agreement. Future minimum lease payments for year ended December 31, 2018 is \$43,763.

Off Balance Sheet Risk. As discussed in Note 1, the Company does not hold customer segregated cash or securities balances. Transactions are processed by a clearing firm on a fully disclosed basis. In conjunction with this arrangement, the Company is contingently liable for any unsecured debit balances in the customer accounts introduced by the Company. These customer activities may expose the Company to off-balance-sheet credit risk in the event the introduced customer is unable to fulfill its contracted obligations. The Company seeks to control such credit risk by monitoring its exposure to the risk of loss daily, on an account-by-account basis. At December 31, 2017, the Company was not responsible for any unsecured debits and did not have any open positions in its trading accounts.

PRECISION SECURITIES, LLC

Notes to Financial Statements December 31, 2017

6. NET CAPITAL REQUIREMENTS

Under Rule 15c3-1 of the Securities Exchange Act of 1934, the Company is required to maintain a minimum net capital (as defined) and a ratio of aggregate indebtedness to net capital (as defined) not exceeding 15 to 1.

The Company's ratio at December 31, 2017 was .31 to 1. The basic concept of the Rule is liquidity, its object being to require a broker-dealer in securities to have at all times sufficient liquid assets to cover its current indebtedness. At December 31, 2017, the Company had net capital of \$3,790,603 which was \$3,690,603 in excess of the amount required by the SEC.

7. COMPUTATION FOR DETERMINATION OF RESERVE REQUIREMENTS AND INFORMATION RELATING TO THE POSSESSION AND CONTROL REQUIREMENTS UNDER SEC RULE 15c3-3

The Company relies on Section K(2)(ii) of the SEC Rule 15c3-3 to exempt them from the provisions of these rules.

8. SUBSEQUENT EVENTS

The Company has evaluated subsequent events from the statement of financial condition date through February 28, 2018 the date at which the financial statements were issued, and determined there are no other items to disclose.

Precision Securities, LLC (the Company) is exempt from the provisions of Rule 15c3-3 of the Securities Exchange Act under Section k(2)(ii), since all customer transactions cleared through another broker-dealer on a fully disclosed basis.

We have reviewed management's statements, included in the accompanying exemption report associated with SEC Rule 17a-5, in which (1) the Company identified the following provisions of 17 C.F.R. § 15c3-3(k) under which the Company claimed an exemption from 17 C.F.R. § 240.15c3-3: (2)(ii), (the "exemption provisions") and (2) the Company stated that they met the identified exemption provisions throughout the most recent fiscal year without exception. The Company's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board of the United States and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the conditions set forth in paragraph k(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.
