To the Member and Board of Governors of Craig-Hallum Capital Group LLC:

Opinion on the Financial Statement

We have audited the accompanying statement of financial condition of Craig-Hallum Capital Group LLC (the "Company") as of December 31, 2017, and the related notes (collectively referred to as the "statement of financial condition"). In our opinion, the statement of financial condition presents fairly, in all material respects, the financial position of the Company as of December 31, 2017, in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

The statement of financial condition is the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's statement of financial condition based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the statement of financial condition, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the statement of financial condition. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the statement of financial condition. We believe that our audit provides a reasonable basis for our opinion.

Notes to Statement of Financial Condition

(1) Description of Business

Craig-Hallum Capital Group LLC (the Company) is a limited liability company registered as a broker-dealer in securities with the Financial Industry Regulatory Authority, Inc. (FINRA) and the Securities and Exchange Commission (SEC). The Company commenced operations on May 31, 2002. The Company engages in the business of acting as a dealer, market maker, investment banker, and provider of brokerage services with respect to equity and other securities. The Company does not carry securities accounts for customers or perform custodial functions relating to customer securities and, accordingly, is exempt from SEC Rule 15c3-3. All securities transactions are cleared through a clearing broker on a fully disclosed basis. The Company guarantees to its clearing firm the performance of every customer transaction it introduces to the clearing firm. The Company is a wholly owned subsidiary of Craig-Hallum Holdings LLC (CHH), a limited liability company.

(2) Summary of Significant Accounting Policies

(a) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

(b) Cash and Cash Equivalents

Cash and cash equivalents consist of bank deposits and money market securities. The Company considers all highly liquid investments with maturities of less than three months to be cash and cash equivalents.

(c) Securities Transactions

The Company records securities transactions and related revenues and expenses on a trade-date basis. Securities owned are stated at market value with related changes in unrealized gains or losses reflected in principal transactions revenues. All securities owned are U.S. equity securities. Market value is generally based on listed market prices. If listed market prices are not available, fair value is determined based on other relevant factors, including broker or dealer price quotations.

(d) Furniture, Equipment, and Leasehold Improvements

Depreciation on furniture, fixtures, and equipment is provided using the straight-line method over the estimated useful lives of the assets, ranging from 3 to 7 years. Leasehold improvements are amortized over the lesser of their estimated useful lives or the term of the applicable leases. The Company reviews for impairment losses when events or facts indicate the carrying amount may not be recoverable.

(e) Income Taxes

The Company is a wholly owned, limited liability company disregarded for federal income tax purposes and does not file its own federal income tax returns. The Company's sole member is CCH, which is taxed as a partnership. The Company's individual items of income, expense, gain and loss are included in the CHH partnership tax returns. Accordingly, a provision for income taxes is not presented in its financial statements. CHH does incur immaterial amounts of state franchise taxes; these amounts are charged to operations as incurred.

The Company is not currently under examination by any taxing jurisdictions. In the event of any future tax assessments, the Company has elected to record the income taxes and any related interest and penalties as income tax expense on the Company's statement of operations.

(f) Fair Value Measurements

Fair value measurements accounting standards establish an authoritative definition of fair value, set out a framework for measuring fair value, and require additional disclosures about fair value measurements. The Company's assets and liabilities are classified using the three-tier fair value hierarchy as summarized below. The Company's asset holdings subject to Level 2 and Level 3 valuation are immaterial to the overall financial statement presentation.

Level 1 – Valuation is based upon quoted prices for identical instruments traded in active markets.

Level 2 – Valuation is determined using other significant observable inputs for identical or similar instruments.

Level 3 – Valuation is determined using significant assumptions not observable in the market.

The following table summarizes the Company's assets that were accounted for at fair value by level within the fair value hierarchy as of December 31, 2017:

	Quoted prices in active markets for identical assets or liabilities (Level 1)	Other significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Value at December 31, 2016
Cash and cash equivalents	\$ 7,145,078	—	—	7,145,078
Securities owned and securities sold, not yet purchased, net	21,515	1,370,025	—	1,391,540

	\$	<u><u>13,739,479</u></u>

Included in the receivables from brokers, dealers, and others are unsettled trading inventory trades. The Company's principal source of short-term financing is provided by the clearing broker from which it can borrow on an uncommitted basis against its trading inventory positions, subject to collateral maintenance requirements.

The Company conducts business with brokers and dealers who are members of the major securities exchanges. The Company monitors the credit standing of such brokers and dealers and the market value of collateral and requests additional collateral as deemed appropriate.

(5) Commitments and Contingencies

The Company leases office space and various types of equipment under noncancelable leases varying from one to five years, with certain renewal options for like terms. The Company incurred rent expense of \$617,498 for the year ended December 31, 2017.

At December 31, 2017, the Company's future minimum rental commitments based upon the terms (excluding escalation costs) under noncancelable leases, which have an initial or remaining term of one year or more, were as follows:

2018	\$	323,778
2019		240,213
2020		23,412
2021		13,657
	\$	<u>601,060</u>

During February 2016, the FASB issued ASU No. 2016-02 "Leases." ASU No. 2016-02 requires that leases are recorded as a right-of-use asset on the statement of financial condition along with a lease liability for both capital and operating leases. ASU No. 2016-02 is effective for annual periods beginning after December 15, 2019, and interim periods within fiscal years beginning after December 15, 2020. Early adoption is permitted. The Company is currently assessing the effect that ASU No. 2016-02 will have on its consolidated results of operations, financial position and cash flows.

(6) Employee Benefit Plan

The Company maintains a 401(k) profit sharing plan (the Plan) for which the Company is the plan administrator. Tax Sheltered Compensation, Inc. acts as a third-party administrator and as such provides recordkeeping services. The Plan covers substantially all employees.

(7) Financial Instruments with Off-Balance-Sheet Risk

In the ordinary course of business, the Company's securities activities involve execution, settlement, and financing of various securities transactions as principal and agent. These activities may expose the Company to credit and market risks in the event customers, other brokers and dealers, banks, depositories, or clearing organizations are unable to fulfill contractual obligations. Such risks may be increased by volatile trading markets. The Company clears all transactions for its customers on a fully disclosed basis with a clearing firm that carries all customer accounts and maintains related records. Nonetheless, the Company is liable to the clearing firm for the transactions of its customers. These activities may expose the Company to off-balance-sheet risk in the event a counterparty is unable to fulfill its contractual obligations.
