REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Stockholders
of Planned Financial Programs Inc.

Opinion on the Financial Statements

We have audited the accompanying statement of financial condition of Planned Financial Programs Inc. (the "Company") (a New York company), as of December 31, 2017, and the related notes to the financial statements. In our opinion, the financial statements present fairly, in all material respects, the financial position of Planned Financial Programs Inc. as of December 31, 2017, in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audit, we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion.

Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

Raphael Goldberg Nikpour Cohen & Sullivan CPAs PLLC

Raphael Goldberg Nikpour Cohen & Sullivan
Certified Public Accountants PLLC

We have served as the Company's auditors since 2013.

Planned Financial Programs Inc.
Notes to Financial Statements
December 31, 2017

NOTE 1. ORGANIZATION AND NATURE OF BUSINESS

PFPP, Inc. (the "Company") was incorporated in 1991 in the state of NY. The Company is registered with the Securities and Exchange Commission (the "SEC") and is also a member of the Financial Industry Regulatory Authority, Inc. (the "FINRA").

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Cash and cash equivalents

For financial reporting purposes, management considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

Revenue recognition

Commission income and securities transactions are recorded on a trade-date basis. Mutual fund commissions are recognized as earned.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Income taxes

The Company recognizes and measures its unrecognized tax benefits in accordance with Financial Accounting Standards Board Accounting Standards Codification ("FASB ASC") 740, *Income Taxes*. Under that guidance, the Company assesses the likelihood, based on their technical merit, that tax positions will be sustained upon examination based on the facts, circumstances and information available at the end of each period. The measurement of unrecognized tax benefits is adjusted when new information is available, or when an event occurs that requires a change.

The Company has elected to be treated as a Subchapter S Corporation under the Internal Revenue Code. As an S corporation, the Company is not liable for federal and New York State income taxes. The shareholders are liable for individual taxes on their respective shares of the Company's taxable income.

Planned Financial Programs Inc.
Notes to Financial Statements
December 31, 2017

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair value measurements

The Company follows the guidance in FASB ASC 820, *Fair Value Measurement*. Using that guidance, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

In May 2011, the FASB issued Accounting Standards Update (“ASU”) 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs*. ASU 2011-04 amends FASB ASC 820, providing a consistent definition and measurement of fair value, as well as similar disclosure requirements between U.S. GAAP and International Financial Reporting Standards. ASU 2011-04 changes certain fair value measurement principles, clarifies the application of existing fair value measurement and expands the FASB ASC 820 disclosure requirements, particularly for Level 3 fair value measurements. ASU 2011-04 was effective for fiscal years beginning after December 1, 2011. The adoption of ASU 2011-04 did not have a material effect on the Company’s financial statements, but did require certain additional disclosures.

Using the provisions within FASB ASC 820, the Company has characterized its investments in securities, based on the order of liquidity of the inputs used to value the investments, into a three-level fair value hierarchy. The fair value hierarchy gives the highest order of liquidity to quoted prices in active markets for identical assets or liabilities [Level 1], and the lowest order of liquidity to unobservable inputs [Level 3]. If the inputs used to measure the investments fall within different levels of the hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement of the investment.

Investments recorded in the statement of financial position are categorized based on the inputs to valuation techniques as follows:

Level 1. These are investments where values are based on unadjusted quoted prices for identical assets in an active market the Company has the ability to access. These investments are exchange-traded equity securities.

Level 2. Level 2 inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and, inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Planned Financial Programs Inc.
Notes to Financial Statements
December 31, 2017

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(CONTINUED)

Fair value measurements (continued)

Level 3. These are investments where values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. These inputs reflect assumptions of management about the assumptions that market participants would use in pricing the investments. These investments would be comprised of certain private equity investments.

NOTE 3. SUBSEQUENT EVENTS

The Company evaluates events occurring after the date of the statement of financial condition for potential recognition or disclosure in its financial statements. The Company did not identify any material subsequent events requiring adjustment to or disclosure in its financial statements.

NOTE 4. NET CAPITAL REQUIREMENTS

The Company is subject to the SEC's Uniform Net Capital Rule ("SEC 15c3-1"), which requires the maintenance of minimum net capital and that the ratio of aggregate indebtedness to net capital, both as defined, not exceed 15 to 1. Net capital and aggregate indebtedness changes from day to day. At December 31, 2017, the Company's net capital was \$8,088 with a minimum net capital requirement of \$5,000. The Company had excess net capital of \$3,088.

NOTE 5. CONCENTRATIONS

The Company receives approximately 52% of its commissions from Oppenheimer Funds.

The Company maintains its cash and cash equivalents at a commercial bank. From time to time, the amount held at its commercial bank will exceed the federal insurance limit.

NOTE 6. LEASE AGREEMENT

The company's lease agreement expired on February 28, 2017. The lease renewal is currently under negotiations and the company and landlord have reached an agreement for month-to-month payment at this time.
