Report of Independent Registered Public Accounting Firm

To the Members of TCG Securities, L.L.C.

Opinion on the Financial Statement

We have audited the accompanying statement of financial condition of TCG Securities, L.L.C. (the Company) as of December 31, 2017 and the related notes (the "financial statement"). In our opinion, the financial statement presents fairly, in all material respects, the financial position of the Company at December 31, 2017, in conformity with U.S. generally accepted accounting principles.

Basis for Opinion

This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

We have served as the Company's auditor since 2011.

Notes to Statement of Financial Condition December 31, 2017

1. Organization and Business

TCG Securities, L.L.C. (the “Company”), a majority-owned subsidiary of Carlyle Investment Management, L.L.C. (the “Parent”), is a limited liability company formed under the laws of the State of Delaware. The Company is a broker-dealer registered with the Securities and Exchange Commission (the “SEC”) and a member of the Financial Industry Regulatory Authority (“FINRA”).

The Company acts as a private placement agent with respect to the offer and sale of interests in affiliated entities.

The liability of the Members is limited to the capital held by the Company.

2. Summary of Significant Accounting Policies

Basis of Presentation

These financial statements were prepared in conformity with accounting principles generally accepted in the United States of America (“U.S. GAAP”) which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Revenue Recognition

All fees and advisory revenues are recognized based on the terms of the contracts and are recorded when the fees are earned, fixed or determinable, and collectible.

Fees Receivable

Fees receivable represent amounts due from the Company’s affiliates pursuant to the terms of Placement Agent Agreements.

Cash and Cash Equivalents

Cash includes cash held at banks. The Company considers investments in money market mutual funds to be cash equivalents. At December 31, 2017, the Company did not hold any cash equivalents.

Other Asset

A deposit with Central Registration Depository (“CRD”) is included as an other asset on the statement of financial condition. FINRA operates the CRD and uses the funds deposited in order to process registrations and other regulatory assessments of the Company.

Income Taxes

The Company is a limited liability company, and is treated as a partnership for federal income tax reporting purposes. The Internal Revenue Code (“IRC”) provides that any income or loss is passed through to the members for federal, state and certain local income taxes. Accordingly, the Company has not provided for federal and state income taxes. The Company is subject to the New

Notes to Statement of Financial Condition December 31, 2017

York City Unincorporated Business Tax and the related expense is included in the provision for income taxes on the statement of operations.

At December 31, 2017, management has determined that the Company had no uncertain tax positions that would require financial statement recognition. This determination will always be subject to ongoing reevaluation as facts and circumstances may require.

In the normal course of business, the Company is subject to examination by federal and certain state tax regulators. As of December 31, 2017, the Company's U.S. federal and state income tax returns for the years 2014 through 2016 are open under the normal three-year statute of limitations and are therefore subject to examination.

Recent Accounting Pronouncements

The FASB issued ASU 2014-9, Revenue from Contracts with Customers (Topic 606) ("ASU 2014-9") in May 2014 and subsequently issued several amendments to the standard. ASU 2014-9, and related amendments, provide comprehensive guidance for recognizing revenue from contracts with customers. Entities will be able to recognize revenue when the entity transfers promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled to in exchange for those goods or services. The guidance includes a five-step framework that requires an entity to: (i) identify the contract(s) with a customer, (ii) identify the performance obligations in the contract, (iii) determine the transaction price, (iv) allocate the transaction price to the performance obligations in the contract, and (v) recognize revenue when the entity satisfies a performance obligation. The guidance in ASU 2014-9, and the related amendments, is effective for the Company beginning on January 1, 2018, and the Company adopted this guidance on that date using a modified retrospective method. There was no cumulative effect adjustment required upon adoption. The Company is currently in the process of implementing ASU 2014-9 and its related amendments. As a result of adopting ASU 2014-9, the Company expects to recognize revenue on a gross basis for certain fees it receives that are payable to sub-placement agents, which it had historically recognized on a net basis. The Company does not expect any other significant changes to its historical pattern of recognizing fee revenue.

3. Transactions with Related Parties

The Company maintains an administrative services agreement with the Parent. Pursuant to the agreement, the Parent provides accounting, administration, information technology, compliance services, office space, employee services and other services. The Parent provides these services at no cost to the Company. Management has determined that the value of services provided to the Company for the year ended December 31, 2017 was approximately \$49.7 million.

The Company provides placement services to affiliates. Pursuant to the terms of Placement Agent Agreements, the Company receives fees for the services it provides to the affiliates. All of the Company's revenues earned are from services to affiliates.

All transactions with related parties are settled in the normal course of business. The terms of any of these arrangements may not be the same as those that would otherwise exist or result from agreements and transactions among unrelated parties.

TCG Securities, L.L.C.

Notes to Statement of Financial Condition December 31, 2017

4. Regulatory Requirements

The Company is subject to SEC Uniform Net Capital Rule 15c3-1 under the Securities Exchange Act of 1934, which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2017, the Company had net capital of approximately \$3,370,000 which exceeded the required net capital by approximately \$3,365,000.

The Company does not hold customers' cash or securities. As such it is not affected by SEC Rule 15c3-3.

5. Concentrations

All cash deposits are held by one financial institution and therefore is subject to the credit risk at that financial institution. The Company has not experienced any losses in such accounts and does not believe there to be any significant credit risk with respect to these deposits.

Fees receivable from three affiliates amount to approximately \$1,718,000, representing all of the total fees receivable on the statement of financial condition as of December 31, 2017.
