REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Member of
American Capital Partners, LLC and Subsidiary
Hauppauge, New York

Opinion on the Financial Statement

We have audited the accompanying consolidated statement of financial condition of American Capital Partners, LLC and Subsidiary as of December 31, 2017, and the related notes (collectively referred to as the consolidated financial statement). In our opinion, the consolidated statement of financial condition presents fairly, in all material respects, the financial position of American Capital Partners, LLC and Subsidiary as of December 31, 2017 in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

This consolidated financial statement is the responsibility of American Capital Partners, LLC and Subsidiary's management. Our responsibility is to express an opinion on American Capital Partners, LLC and Subsidiary's consolidated financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to American Capital Partners, LLC and Subsidiary in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statement is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the consolidated financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated statement of financial condition. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the consolidated financial statement. We believe that our audit provides a reasonable basis for our opinion.

RAICH ENDE MALTER & CO. LLP

We have served as American Capital Partners, LLC and Subsidiary's auditor since 2009.

AMERICAN CAPITAL PARTNERS, LLC AND SUBSIDIARY

Notes to Consolidated Statement of Financial Condition
December 31, 2017

1- ORGANIZATION AND NATURE OF BUSINESS

American Capital Partners, LLC ("ACP") was organized in New York as a limited liability company. ACP is wholly owned by Century Management, LLC ("Parent"), which is wholly owned by ACP Capital Holdings Corp ("ACPHC"). ACP is a broker-dealer registered with the Securities and Exchange Commission (the "SEC") and is a member of the Financial Industry Regulatory Authority, Inc. ("FINRA").

ACP is engaged in broker-dealer activities involving a general securities business on an agency and riskless principal basis throughout the United States of America and globally. ACP earns commissions for the purchase and sales of securities. These transactions related to equity and debt securities are cleared through ACP's clearing broker on a fully disclosed basis and therefore exempt from SEC Rule 15c3-3. ACP also conducts proprietary trading activities for its own account through the clearing broker.

ACP Investments, LLC ("ACPI"), the wholly-owned subsidiary, is a limited liability company, formed pursuant to New York Limited Liability Company Law and is registered with the New York State Department of Financial Services to offer insurance products.

2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

- a. **Basis of Presentation** - The consolidated financial statements include the accounts of ACP and its wholly owned subsidiary (collectively, the "Company"). All material intercompany balances and transactions have been eliminated in consolidation.
- b. **Cash and Cash Equivalents** - The Company has defined cash equivalents as highly liquid investments, with original maturities of less than three months at date of purchase that are not held for sale in the ordinary course of business.
- c. **Securities Transactions** - Securities transactions and the related revenue and expenses are recorded on the trade date, as if they had settled. Securities owned are recorded at fair value.
- d. **Employee Loans and Advances** - The allowance on employee loans and advances, if any, is based on management's evaluation of the collectability of the individual employee's outstanding balance.
- e. **Income Taxes** - The Company is a single member limited liability company that is **treated as a disregarded entity** for federal and New York State income tax purposes. As such, ACPHC is required to report the Company's income or loss on its consolidated income tax returns. The company has no uncertain tax positions. ACPHC files federal and New York State tax returns. The earliest tax year that is subject to examination by these taxing authorities is 2014.
- f. **Use of Estimates** - The preparation of consolidated financial statements in conformity with generally accepted accounting principles in the United States of America ("U.S.GAAP") requires management to make estimates and assumptions. The estimates and assumptions affect the

reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

3- RECEIVABLE FROM AND PAYABLE TO CLEARING BROKER

The clearing and depository operations for the Company's and customers' securities transactions are provided by the clearing broker pursuant to a clearing agreement. At December 31, 2017, the amount due from the clearing broker represents cash maintained at the clearing broker and commission revenue and margin interest earned as an introducing broker for transactions of its customers, net of clearing expenses. The amount payable to the clearing broker at December 31, 2017 represents margin borrowing.

Receivable from and payable to the clearing broker at December 31, 2017, consist of the following:

	<i>Receivable (Payable)</i>
Fees and commissions receivable	\$ 745,596
Payable to clearing broker	<u>(0)</u>
Receivable from clearing broker - net	<u>\$ 745,596</u>

Pursuant to the clearing agreement, the Company may offset receivable and payable balances in the accounts held at the clearing broker.

4- FAIR VALUE MEASUREMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels. The following is a brief description of those three levels:

Level 1 - Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access at the measurement date.

Level 2 - Inputs (other than quoted prices included within Level 1) that are observable for the asset or liability, either directly or indirectly.

Level 3 - Unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability. The unobservable inputs should be developed based on the best information available in the circumstances and may include the Company's own data.

The following is a description of the valuation methodology used for assets measured at fair value:

- Marketable equity securities are valued at the closing price reported in the active market in which the individual securities are traded.
- Restricted equity securities for which quotations are not readily available are valued at fair value, as determined by the Company's management. Restricted equity securities issued by publicly traded companies are generally valued at a discount to similar publicly traded equity securities.

The following table shows assets measured at fair value on a recurring basis as of December 31, 2017 and also the level within the fair value hierarchy used to measure each category of assets.

	<u>(Level 1)</u>	<u>(Level 2)</u>	<u>(Level 3)</u>	<u>Total</u>
Securities owned:				
Cash Equivalents-Money	\$ 573,235	\$ -	\$ -	\$ 573,235
Market Fund				
	<u>\$ 573,235</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 573,235</u>

Level 3 securities owned as of December 31, 2016 with a fair value of \$8 consisted of warrants which expired in 2017, the fair value of Level 3 securities owned as of December 31, 2017 was zero.

5- OTHER ASSETS

Other assets consist of the following at December 31, 2017:

Employee loans and advances	\$ 36,665
Prepaid expenses and other	238,358
Concessions receivable	<u>73,698</u>
	<u>\$ 348,721</u>

Employee advances are made on a short-term basis and do not bear interest. Funds loaned to certain employees are both short term and long term in nature, and are charged interest at 4.4% per annum. During 2017, \$12,394 of employee loan principal and \$1,261 of accrued interest were forgiven and included in employee compensation expense.

6- LINE OF CREDIT NOTE - BANK

At December 31, 2017, ACP had a \$50,000 line of credit facility with a financial institution. There was no outstanding balance under this credit facility at December 31, 2017. Advances under this note bear interest at either the prime rate, LIBOR plus 2.25%, or a negotiated rate, at the Company's option.

7- CONTINGENCIES

The Company is subject to claims which arise in the ordinary course of business which are the result of lawsuits, arbitrations, and regulatory inquiries. The Company has affirmative defenses and is vigorously defending such claims. The ultimate outcome of the foregoing claims cannot be predicted with certainty, in the opinion of management. The Company has recorded an estimated reserve of \$75,000 inclusive of legal and settlement costs, if any, related to these claims based on information provided by outside legal counsel in accrued expenses. Management of the Company, after consultation with outside legal counsel, believes the resolution of these various claims will not result in any material adverse effect on the Company's financial position. The Company entered into an

exclusive clearing agreement with its clearing broker expiring on March 1, 2019. In the event the agreement is terminated prior to the expiration date, the Company would be obligated to pay a termination fee of \$3,000,000. This amount is reduced by \$500,000 annually commencing March 1, 2014 through the date of expiration. As of December 31, 2017 the termination fee was \$1,000,000.

8- RELATED PARTY TRANSACTIONS

The Company has entered into an expense sharing agreement with its Parent. Included in accounts payable, accrued expenses and other liabilities is an amount of \$3,904 which was owed to the Parent at December 31, 2017.

9- 401k PLAN

The Parent sponsors a 401(k) Plan which covers substantially all employees of the Parent and the Company who meet the eligibility requirements as defined in the plan document. The participants may contribute a portion of their eligible compensation up to the maximum dollar amount allowed by law. The Parent may make matching contributions for any plan year on behalf of each participant. The Parent will determine the amount of each matching contribution to be made for any plan year. In addition, the Parent may make discretionary contributions in an amount determined at its own discretion. The Parent did not make any such contributions to the plan for the year ended December 31, 2017. Had a decision been made to provide any such contributions, the Parent would allocate the applicable expense to the Company.

10- NET CAPITAL REQUIREMENTS

The Company is subject to the SEC Uniform Net Capital Rule 15c3-1, which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2017, the Company had net capital, as defined, of \$710,267 which was \$610,267 in excess of its required net capital of \$100,000. The Company's net capital ratio was 1.43 to 1.

11- OFF-BALANCE-SHEET RISK AND CONCENTRATION OF CREDIT RISK

In the normal course of its business, the Company indemnifies and guarantees certain service providers, such as clearing and custody agents, trustees and administrators, against specified potential losses in connection with their acting as an agent of, or providing services to, the Company or its affiliates. The Company also indemnifies some clients against potential losses incurred in the event specified third-party service providers, including subcustodians and third-party brokers, improperly executed transactions. The maximum potential amount of future payments that the Company could be required to make under these indemnifications cannot be estimated. However, the Company believes that it is unlikely it will have to make material payments under these arrangements and has not recorded any contingent liability in the consolidated financial statements for these indemnifications.

The Company provides representations and warranties to counterparties in connection with a variety of commercial transactions and occasionally indemnifies them against potential losses caused by the breach of those representations and warranties. The Company may also provide standard indemnifications to some counterparties to protect them in the event additional taxes are owed or payments are withheld, due either to a change in or adverse application of certain tax laws. These indemnifications generally are standard contractual terms and are entered into in the normal course of

business. The maximum potential amount of future payments that the Company could be required to make under these indemnifications cannot be estimated. However, the Company believes that it is unlikely it will have to make material payments under these arrangements and has not recorded any contingent liability in the consolidated financial statements for these indemnifications.

The Company transacts its business with customers located throughout the United States of America and globally.

The Company's financial instruments that are exposed to concentrations of credit risk consist primarily of cash. The Company maintains its cash with financial institutions. At times, during the year, balances have exceeded the Federal Deposit Insurance Corporation ("FDIC") insurance limits. At December 31, 2017 the company had \$84,120 in excess of the FDIC insurance limit.
