Report of Independent Registered Public Accounting Firm

To the Member of
Citi Private Advisory, LLC.:

Opinion on the Financial Statement

We have audited the accompanying statement of financial condition of Citi Private Advisory, LLC. (the Company) as of December 31, 2017, and the related notes (collectively, the financial statement). In our opinion, the financial statement presents fairly, in all material respects, the financial position of the Company as of December 31, 2017, in conformity with U.S. generally accepted accounting principles.

Basis for Opinion

This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statement. We believe that our audit provides a reasonable basis for our opinion.

KPMG LLP

We have served as the Company's auditor since 2017.

CITI PRIVATE ADVISORY, LLC
(A Wholly Owned Subsidiary of Citicorp Investment Partners, Inc.)
Notes to Statement of Financial Condition
December 31, 2017

(1) Organization and Principal Business Activities

Citi Private Advisory, LLC (the Company) is a Delaware limited liability company and an indirect, wholly owned subsidiary of Citigroup, Inc. Citicorp Investment Partners, Inc. (the Parent), which is a wholly owned subsidiary of Citigroup, Inc., is the sole member of the Company. The Company commenced operations in October 2010.

The Company is registered as an investment adviser under the Investment Advisers Act of 1940 and is in the business of providing advisory services to private investment funds such as feeder funds that are organized to invest primarily in other private investment funds advised by third party managers. These third party managed funds may include hedge funds, private equity funds (and co-investment vehicles) and real estate funds (and co-investment vehicles). The Company also provides investment advice to separately managed accounts on either a fully discretionary or nondiscretionary basis. The Company also provides advisory services to private investment funds of hedge funds. As of January, 2017 the Company is registered as a securities broker dealer with the Securities and Exchange Commission (SEC). The Company is a member of the Financial Industry Regulatory Authority (FINRA).

The Company offers private placement services in addition to advisory services to high net worth and ultra-high net worth investors that are clients or prospective clients of Citi Private Bank and accredited investors as that term is defined under Rule 501 of Regulation D.

The accompanying statement of financial condition has been prepared from separate records maintained by the Company, which may not necessarily be indicative of the financial condition that would have existed if the Company had been operated as an unaffiliated company.

(2) Summary of Significant Accounting Policies

Basis of Presentation

The accompanying statement of financial condition has been prepared in accordance with U.S. generally accepted accounting principles (GAAP). The significant accounting policies adopted by the Company are as follows:

(a) *Estimates*

The preparation of the statement of financial condition in conformity with GAAP requires management to make estimates and assumptions in determining the reported amounts of assets and liabilities at the date of the statement of financial condition. Actual results could differ from the estimates.

(b) *Cash and cash equivalents*

The Company defines cash and cash equivalents as highly liquid investments with original maturities of three months or less at the time of purchase, other than those held for sale in the ordinary course of business.

(c) *Fees Receivable*

Management believes that all fees receivable are current and collectible. Accordingly, no provision for doubtful accounts was deemed necessary.

(d) Related Party Transactions

The Company has related party transactions with certain of its affiliates. These transactions, which are primarily short term in nature, are entered into in the ordinary course of business. See Note 4 to the Statement of Financial Condition for details on the Company's related party transactions.

(e) Income Taxes

The Company is subject to the income tax laws of the U.S. and its states and municipalities. These tax laws are complex and may be subject to different interpretations by the taxpayer and the relevant governmental taxing authorities. In establishing a provision for income tax expense, the Company must make judgments and interpretations about these tax laws. The Company must also make estimates about when in the future certain items will affect taxable income in the various tax jurisdictions, both domestic and foreign.

Disputes over interpretations of the tax laws may be subject to review and adjudication by the court systems of the various tax jurisdictions, or may be settled with the taxing authority upon examination or audit. The Company treats interest and penalties on income taxes as a component of *Provision for income taxes* on the Statement of Income.

Deferred taxes are recorded for the future consequences of events that have been recognized in financial statements or tax returns, based upon enacted tax laws and rates. Deferred tax assets are recognized subject to management's judgment about whether realization is more-likely-than-not. ASC 740, *Income Taxes*, sets out a consistent framework to determine the appropriate level of tax reserves to maintain for uncertain tax positions. This interpretation uses a two-step approach wherein a tax benefit is recognized if a position is more-likely-than-not to be sustained. The amount of the benefit is then measured to be the highest tax benefit that is more than 50% likely to be realized. ASC 740 also sets out disclosure requirements to enhance transparency of an entity's tax reserves.

On December 22, 2017, the SEC issued Staff Accounting Bulletin (SAB) 118, which sets forth the accounting for the changes in tax law caused by the enactment of the Tax Cuts and Jobs Act (Tax Reform). The Bulletin provides guidance as to how ASC 740 should be applied for the quarterly reporting period that includes the December 22, 2017 enactment date of Tax Reform. SAB 118 covers three different fact patterns that can be applied to each aspect of Tax Reform. The first is where the accounting is complete as of December 31, 2017; in this case, a company must report the effects of Tax Reform in its financial statements that include the enactment date. The second situation is where a company cannot complete its accounting as of December 31, 2017, but can provide a reasonable estimate based upon the information available to it and its ability to prepare and analyze this information (including related computations). In the situation described, the company must include the reasonable estimate it so determined in its financial statements as a provisional amount that will then be trued up within the one-year measurement period after the date of enactment of Tax Reform. The third situation, in which no reasonable estimate can be made for an item, requires a company to apply ASC 740 using the pre-Tax Reform tax law until the first reporting period in which it can make a reasonable estimate for the item.

To the extent that a company records a provisional amount in its financial statements, it must update its reporting during the one-year measurement period whenever the facts and circumstances existing at the enactment date are further analyzed. Any company providing provisional amounts must qualitatively disclose the income tax effects for which the accounting is incomplete, the reason it is

incomplete and the additional information that is needed to complete the accounting. In addition, when the company revises or finalizes its provisional accounting for any item, it must disclose the nature and amount of any measurement period adjustments recognized in the reporting period, the impact of such adjustments on its effective tax rate and a confirmation when the accounting for such items is complete.

See Note 5 to the Financial Statements for a further description of the Company's income tax assets and liabilities.

(3) Capital Requirements

The Company, as a broker dealer, is subject to the Uniform Net Capital Rule of the SEC (Rule 15c3-1). Under the alternative method permitted by the Rule, the Company is required to maintain net capital, as defined, equal to the greater of \$250 thousand or 2% of aggregate debit items arising from customer transactions. As of December 31, 2017, the Company's net capital of approximately \$33.3 million exceeded the minimum requirement by approximately \$33.0 million.

(4) Related Party Transactions

Citicorp Investment Partners, Inc., which is a wholly owned subsidiary of Citigroup, Inc., is the sole member of the Company. Pursuant to various intercompany agreements, a number of significant transactions are carried out between the Company and its affiliates.

These transactions, which are primarily short term in nature, are entered into in the ordinary course of business.

Below is a summary of the Company's transactions with other Citigroup affiliates which are included in the accompanying Statement of Financial Condition as of December 31, 2017.

Statement of Financial Condition Items

In thousands of dollars as of December 31, 2017

Assets:	
Cash and cash equivalents	\$ 2,870
Management fees receivable from affiliates	1,993
Accounts receivable	921
Total assets	\$ 5,784
Liabilities:	
Payable to affiliates	\$ 2,357
Income tax payable to Parent	2,636
Total liabilities	\$ 4,993

(5) Income Taxes

The operations of the Company are subject to income tax laws of the U.S. and its state and municipalities in which it operates. The Company's U.S. federal, state and local income taxes, and state and local unitary deferred taxes are provided for based on an income tax sharing agreement with Citigroup. Under the tax sharing agreement with Citigroup, the Company settles its current tax liability with Citigroup periodically

except for any tax liabilities expected to be payable as a separate taxpayer. The Company is included in the consolidated U.S. federal income tax return and unitary and combined state returns of Citigroup and combined subsidiaries.

Deferred income taxes at December 31, 2017 related to the following:

In thousands of dollars

Deferred tax assets:	
State deferred tax assets	\$ 92
Gross deferred tax assets	92
Deferred tax liabilities:	
Federal impact of state and local deduction	(302)
Gross deferred tax liabilities	(302)
Net deferred tax assets (liabilities)	\$ (210)

The Company has no valuation allowance on deferred tax assets at December 31, 2017. Although realization is not assured, the Company believes that the realization of the recognized deferred tax asset is more likely than not based on expectations as to future taxable income in the jurisdictions in which it operates and available tax planning strategies (as defined in ASC 740, *Income Taxes*) that would be implemented, if necessary, to prevent a carry-forward from expiring.

The Company maintains no tax reserves for uncertain tax provisions.

The following are the major tax jurisdictions in which the Company and its affiliates operate and the earliest tax year subject to examination:

Jurisdiction	Tax year
United States	2014
New York State and City	2009

(6) Concentration of Risk

Cash is held by Citibank North America, an affiliate of the Company, and a third party, First National Bank in Sioux Falls. Bankruptcy or insolvency of these institutions may cause the Company's rights with respect to the cash to be delayed or limited. The Company does not anticipate any material losses as a result of this concentration.

(7) Commitments and Contingencies

In the normal course of its business, the Company is subject to inquiries and audits by various regulatory authorities. As a regulated entity, the Company may be subject to disciplinary actions as a result of current or future examinations which could have a material adverse effect on the Company's financial position, results of operations or liquidity over and above any previously accrued amounts. As of December 31, 2017, the Company has no contingency reserves.

(8) Subsequent Events

The Company has evaluated whether events or transactions have occurred after December 31, 2017 that would require recognition or disclosure in these financial statements through March 29, 2018, which is the date the statement of financial condition was available to be issued. No such transactions required recognition or disclosure in the financial statements as of December 31, 2017.
