Opinion on the Financial Statements

We have audited the accompanying statement of financial condition of DFPG Investments, Inc. as of December 31, 2017, and the related statements of operations, changes in stockholders' equity and cash flows for the year then ended, and the related notes (collectively referred to as the "financial statements"). Basis for Opinion

These financial statements are the responsibility of DFPG Investments, Inc.'s management. Our responsibility is to express an opinion on DFPG Investments, Inc.'s financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to DFPG Investments, Inc. in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

DFPG INVESTMENTS, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2017

Note 1 – Organization and Description of Business

General

DFPG INVESTMENTS, INC. (“Company”) was incorporated in the state of Utah on October 13, 2010 for the purpose of providing brokerage services and is registered to engage in the securities business as a broker-dealer in all 50 states and Washington, D.C. under the Securities Exchange Act of 1933, as amended. The Company is a member of the Financial Industry Regulatory Authority, Inc. (“FINRA”), the Securities Investor Protection Corporation, and is registered with the United States Securities & Exchange Commission (“SEC”).

The Company is primarily engaged in the business of securities investments with the general public. The Company predominantly conducts transactions in mutual funds, variable annuities, BDCs, private placements, REITs, DPPs, and municipal fund securities. The Company has branch office locations in California, Colorado, Kentucky, Florida, Maryland, Missouri, New York, Oklahoma, Oregon, South Carolina, Texas, Utah, and Virginia.

Note 2 – Summary of Significant Accounting Policies

Basis of Presentation and Use of Estimates

The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America. In preparing the financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Management believes that the estimates utilized in preparing its financial statements are reasonable and prudent. Actual results could differ from those estimates.

Recognition of Revenues and Expenses

Revenues and expenses from securities transactions are generally recorded on the trade date, which is the date the transaction is executed. Certain expenses are recognized on an accrual basis pursuant to requirements set forth in SEC Rule 15c3-1.

Mutual Funds – A front-end commission for a mutual fund transaction is recorded in full by the Company at the time of the trade date. With respect to 12b-1 fees and deferred sales charges, the Company generally shall defer its incremental direct costs associated with the selling of the fund shares (such as sales representatives’ commission and direct marketing costs) and shall amortize these costs over the period in

which the fees from the fund or fund shareholders are expected to be received. Indirect costs associated with selling the fund shares shall be expensed as incurred.

Variable Annuities – Commissions for annuity transactions may be, upon the selection of the sales representative, received in a single lump sum or through a series of trailing commissions paid monthly over a period of time selected by the sales representative. Lump sum commissions are recorded in full by the Company as paid by the annuity company. Trailing commissions are recorded by the Company as received on a monthly basis from the annuity company.

Alternative Investments – Commissions for transactions in alternative investments are recorded by the Company at the time the investment is recorded by the investment company. Except for secondary market transactions, marketing allowance fees are paid to, and are recorded by, the Company either concurrently with the commission for the transaction, or on a quarterly basis commensurate with the total of investments placed by the sales representative during the previous quarter—one of the preceding methods being selected at the discretion of the investment company.

Cash and Cash Equivalents

For purposes of the statement of changes in financial position, the Company considers all highly liquid financial instruments purchased with a maturity of three months or less to be cash equivalents. At December 31, 2017, cash and cash equivalents of \$971,475 were held at one financial institution. The Company is also exposed to concentrations of credit risk related to cash deposits. The Company maintains cash at a financial institution where the total cash balance is insured by the Federal Deposit Insurance Corporation (“FDIC”) up to its limit. At any given time, the Company’s cash balance may exceed the balance insured by the FDIC. As of December 31, 2017 the Company had cash of \$721,475 in excess of FDIC limits.

Management monitors such credit risk at the financial institution and have not experienced any losses related to such risks to date.

Accounts Receivable

Accounts receivable are amounts due for expenses paid by the Company on behalf of other parties. The Company regularly reviews its accounts receivable balances and makes provisions for potentially uncollectible balances. At December 31, 2017, management did not believe any provision against accounts receivable was necessary, due to the recent aging status of all receivables.

RBC Capital Markets, LLC

The Company introduces certain client brokerage transactions to the clearing firm of RBC Capital Markets, LLC (“RBC”) on a fully disclosed basis. RBC acts as qualified custodian for such clients and holds clients funds and securities. As a result the Company has entered into a clearing arrangement with RBC, and has agreed to provide a \$100,000 clearing deposit with RBC. Such deposit is refundable to the Company on termination of the clearing agreement. The clearing agreement is for an open term and can be cancelled with a 30 day written notice.

Office Equipment

Office equipment is carried at cost. Maintenance, repairs, and minor renewals are expensed as incurred. Depreciation is computed using the straight-line method over the estimated useful lives of the equipment, which range between three and seven years. Depreciation expense for the year ended December 31, 2017 was \$20,998.

Rent Expense

The Company's rent expense for its office space was \$81,686 for the year ended December 31, 2017.

Income Taxes

The Company, with the consent of its shareholders, has elected under the Internal Revenue Code to be an S corporation. In lieu of corporate income taxes, the shareholders of an S corporation are taxed on their proportionate share of the Company's taxable income. Therefore, no provision or liability for federal income taxes has been included in the financial statements.

The Company follows the provisions of the Accounting for Uncertainty in Income Taxes section of the Income Taxes Topic of the FASB Accounting Standards Codification. For 2017, management has determined that there are no material uncertain income tax positions. The Company is subject to federal, state and local income tax examinations by tax authorities for years 2014 and forward.

Financial Instruments

Financial instruments include accounts receivable, prepaid expenses, other assets, accrued liabilities and accounts payable. Management estimates that the carrying amount of these financial instruments represents their fair values, which was determined by their near-term nature or by comparable financial instruments' market value.

Advertising Expenses

The Company's advertising policy is consistent with rules provided by FINRA. Management reviews and approves most advertising internally. In 2017, the Company submitted advertising to FINRA with a total cost of approximately \$0, as well as other advertising expense of \$5,035.

New and Recent Accounting Pronouncements

The Company has evaluated all other new and recent accounting pronouncements that have been issued or proposed by the FASB or other standards-setting bodies. These pronouncements either do not require adoption until a future date or are not expected to have a material impact on the Company's financial statements upon adoption.

In May 2014, the FASB issued Accounting Standards Update No. 2014-09, Revenue from Contract with Customers. The objective of this update is to 1) remove inconsistencies and weaknesses in revenue requirements, 2) provide a robust framework for addressing revenue recognition issues, 3) improve comparability of revenue recognition practices across entities, industries, jurisdictions, and capital markets, 4) provide more useful information to users of financial statements through improved disclosure requirements, and 5) simplify the preparation of financial statements. This update is effective in annual reporting periods beginning after December 15, 2017 and the interim periods within that year. The Company will be evaluating the impact of this update as it pertains to the Company's financial statements and other required disclosures on an ongoing basis until its eventual adoption and incorporation.

Note 3 – Notes Receivable

In 2017 the Company issued one note receivable in the amount of \$60,000 and forgave \$127,000 in notes receivable bringing the total notes receivable balance to \$608,000. These notes carry a 5% interest rate. The notes mature in 1 to 5 years, and all or part of the notes may be forgiven over the term of each note.

Note 4 – Related Party Transactions

During 2017, the Company effected securities transactions at several of its branch office locations. One such branch office was Diversify, Inc. located in Sandy, Utah. The owners of this branch office location also hold an ownership position in the Company.

Related Parties

Diversify, Inc. (Diversify) is a branch office of the Company. Diversify was started by the owners of the Company in order to continue their practice as Registered Representatives, along with the growth, marketing, and branding operations normally associated with a branch office, distinct from a Broker Dealer. The relationship between the entities is such that certain operating expenses and services are shared; and reimbursement is paid from the Company to Diversify for participation in a 401K plan, health insurance and the accompanying Health Savings Account. These transactions were consummated on terms equivalent to those that prevail in arms-length transactions. During 2017 the Company reimbursed for the following expenses: \$81,858 (health insurance); and \$51,908 (401K contribution matching).

Diversify Insurance, Inc. (DII) is the entity under which insurance transactions occur for certain clients of the Registered Representatives who are also members of Diversify, a branch office of the Company. DII was created to maintain clarity and separation among the differing types of client transactions, and was started by the owners of Diversify and the Company. There are no shared expenses or reimbursement agreements between the Company and DII.

Riverside 90, LLC (Riverside) owns and operates an office building which leases space to Diversify and the Company as well as up to four future, unrelated tenants. Riverside is owned by two of the managing partners of the Company. During 2017, the Company paid Riverside rents totaling \$81,686.

Note 5 – Lease Commitments

The Company entered into a lease agreement for office space with Riverside 90, LLC, a related party (see Note 4), in December 2016. The lease requires initial monthly payments of \$6,807 through December 31, 2017. Monthly lease payments increase over the life of the lease which terminates December 31, 2021. The future annual lease payments are as follows:

2018	\$84,137
2019	\$86,661
2020	\$89,261
2021	<u>\$91,938</u>
Total	\$351,997

Note 6 – Concentrations of Risk

The Company is engaged in the business of providing broker and investment management services. Substantially all income is derived from commissions earned on sales of investment securities and investment management fees. Commission income can vary due to fluctuations in the volume of transactions, the dollar value of transactions, and the frequency of transactions, all of which are generally beyond the control of the Company. Investment management fees are based upon the total amount of assets under management and the agreed upon annual management fee rate per account. The Company's revenues are impacted by global, national, regional and local economic forces and trends. Additionally, the Company is dependent on the sales efforts of its brokers, which are independent contractors and not employees of the Company. Changes in sales activities by brokers could impact the Company. Investing activities by a customer or group of customers could also affect the Company as well as changes in the types of investment products purchased by customers and investment companies that pay commission income.

The following represents concentrations in revenue for the year ended December 31, 2017:

	<u>2017</u>
Revenue from the sale of private placements / DPPs	62.1%
Revenue from RIA management fees	14.1%
Revenue from the sale of annuities	12.3%
Revenue from the sale of investment company shares	7.9%
Revenue from the sale of public, non-traded REITs and BDCs	3.0%
Other	0.6%

One customer comprised approximately 42% of the Company's commissions receivables at December 31, 2017, however none of the receivables were aged 30 days or greater and all receivables were collected by the Company subsequent to December 31, 2017.

Note 7 – Net Capital Requirements

The Company is subject to the SEC Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule of the "applicable" exchange also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1).

At December 31, 2017, the Company had net capital of \$632,046 which was \$516,933 in excess of its required net capital of \$115,113. The Company's ratio of aggregate indebtedness to net capital is 2.73 to 1.

Note 8 – Outstanding Shares and Ownership Positions

The Company has 1,535 shares of common stock issued, authorized, and outstanding as of December 31, 2017. Par value is \$1.00 per share. Three owners of the Company each hold 486 shares and one owner holds 77 shares as of December 31, 2017.

Note 9 – Subsequent Events

The Company evaluated all events or transactions that occurred after December 31, 2017 through February 27, 2018, the date these financial statements were available to be issued. During this period, the Company did not have any material recognizable subsequent events.

**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM ON
APPLYING AGREED-UPON PROCEDURES**

Board of Directors and Partners of
DFPG Investments, Inc.

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934 and with the SIPC Series 600 Rules, we have performed the procedures enumerated below, which were agreed to by DFPG Investments, Inc. (the "Company") and the Securities Investor Protection Corporation ("SIPC") with respect to the accompanying General Assessment Reconciliation (Form SIPC-7) of the Company for the year ended December 31, 2017, solely to assist you and the SIPC in evaluating the Company's compliance with the applicable instructions of the General Assessment Reconciliation (Form SIPC-7). Management is responsible for the Company's compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the Public Company Accounting Oversight Board (United States) and the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of the specified parties in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

Our procedures and findings are as follows:

1. We compared the listed assessment payments in Form SIPC-7 with respective cash disbursement records entries, noting no differences.
2. We compared the Total Revenue amounts reported on the Annual Audited Report Form X-17A-5 Part III for the year ended December, 31, 2017, with the Total Revenue amounts reported in Form SIPC-7 for the year ended December, 31, 2017, noting no differences.
3. We compared any adjustments reported in Form SIPC-7 with supporting schedules and working papers, noting no differences.
4. We recalculated the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working papers supporting the adjustments, noting no difference.
5. We compared the amount of any overpayment applied to the current assessment with the Form SIPC-7 on which it was originally computed, noting no difference.

We were not engaged to, and did not, conduct an examination, the objective of which would be the expression of an opinion on the Company's compliance with the applicable instructions of the Form SIPC-7. DFPG INVESTMENTS, INC.
EXEMPTION REPORT

DFPG Investments, Inc. (the "Company") is a registered broker-dealer subject to Rule 17a-5 promulgated by the United States Securities and Exchange Commission (17 C.F.R. §240.17a-5, "Reports to be made by certain brokers and dealers"). This Exemption Report was prepared as required by 17 C.F.R. § 240.17a-5(d)(1) and (4).

To the best of its knowledge and belief, the Company states the following:

- (1) The Company claimed an exemption from 17 C.F.R. § 240.15c3-3 under the following provisions of C.F.R. § 240.15c3-3(k)(2)(ii) stating that the Company cleared all customer transactions through another broker dealer on a fully disclosed basis. It should be noted that DFPG Investments, Inc. performs certain transactions direct-way with the issuer, which do not require clearing through another broker-dealer.

- (2) The Company met the exemption provision 17 C.F.R. § 240.15c3-3 (k)(2)(ii) throughout the fiscal year ending December 31, 2017, with only one exception on November 16, 2017 related to the timely remittance of checks, which represented a minor exception rate of .00065 percent. Other than the one exception, the Company has met the exemption provision.

I, Dave R. Laga, CFO, swear (or affirm) that, to my best knowledge and belief, this Exemption Report is true and correct.
