We have audited the accompanying statement of financial condition of Securities Research, Inc. In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2017, and the results of its operations and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Basis of Opinion

These financial statements are the responsibility of the Company’s management. Our responsibility is to express an opinion on the Company’s financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (“PCAOB”) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

Supplemental Information

The information in Schedules number “1” through “4” has been subjected to audit procedures performed in conjunction with the audit of the Company’s financial statements. The supplemental

information is the responsibility of the Company's management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with 17 C.F.R. §240.17a-5. SECURITIES RESEARCH, INC.
NOTES TO FINANCIAL STATEMENTS

1. Organization and Nature of Business

Securities Research, Inc., (the Company) was incorporated on October 16, 1978, under the laws of the State of Florida. The Company is a wholly-owned subsidiary of JATS Corporation, (The Parent Company), of Lake Charles, LA. The Company is a broker-dealer registered with the SEC and is a member of various exchanges and the Financial Industry Regulatory Authority (FINRA). The home office is in Vero Beach, Florida. The Company also has other offices in Florida, and Virginia.

2. Summary of Significant Accounting Policies

Basis of Presentation

The Company is engaged in a single line of business as a securities broker-dealer, which comprises several classes of services, including principal transactions, agency transactions and investment advisory services.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Securities Owned

Proprietary securities transactions in regular-way trades are recorded on the trade date, as if they had settled. Profit and loss arising from securities and commodities transactions entered into for the account and risk of the Company are recorded on a trade-date basis.

Accounts receivable and payable for securities transactions that have not reached their contractual settlement date are recorded net on the statement of financial condition.

Marketable securities are valued at market value based on the closing prices as listed on the securities exchange on the last business day of each month. The resulting difference between cost and market is included in income as unrealized gain or loss.

Collateralized Agreements

The Company does not engage in transactions involving securities purchased under agreements to resell or securities sold under agreement to repurchase.

Revenue Recognition

Customer's securities transactions are reported on a settlement-date basis with the related commission income and clearing expenses reported on a trade-date basis as securities transactions occur. All such transactions are cleared through another broker-dealer on a fully disclosed basis.

Advertising

The Company charges the cost of media advertising to operations in the period when the expense is incurred.

SECURITIES RESEARCH, INC.
NOTES TO FINANCIAL STATEMENTS

2. Summary of Significant Accounting Policies (Continued)

Subsequent Events

Management has evaluated subsequent events through February 27, 2018, the date which the financial statements were available to be issued.

Accrued Commission Receivable

The Company records accrued commission receivable for trading commissions earned but not received as of December 31, 2017. It has not recorded any provision for doubtful accounts because management believes that the accrued commission receivable will be fully collected.

Income Taxes

The Company is included in the consolidated federal income tax return filed by the Parent. The amount of current and deferred taxes payable or refundable is recognized as of the date of the financial statements, utilizing currently enacted tax laws and rates. Deferred tax expenses or benefits are recognized in the financial statements for the changes in deferred tax liabilities or assets between years.

The Company recognizes and measures its unrecognized tax benefits in accordance with ASC 740, "Income Taxes." Under that guidance the Company assesses the likelihood, based on their technical merit, that tax positions will be sustained upon examination based on the facts, circumstances and information available at the end of each period. The measurement of unrecognized tax benefits is adjusted when new information is available, or when an event occurs that requires a change.

Cash and Cash Equivalents

For purposes of the Statement of Cash Flows, the Company has defined cash equivalents as highly liquid investments, with original maturities of less than three months that are not held for sale in the ordinary course of business.

3. Valuation of Securities

The Company adopted ASC topic 820, "Fair Value Measurements and Disclosures", which defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels.

SECURITIES RESEARCH, INC.
NOTES TO FINANCIAL STATEMENTS

3. Fair Value Measurements (Continued)

Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.

Level 2 – Observable inputs other than quoted prices in active markets for identical assets and liabilities, quoted prices for identical or similar assets or liabilities in inactive markets, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Inputs that are generally unobservable and typically reflect management's estimates or assumptions that market participants would use in pricing the asset or liability.

The Company's investment in marketable securities consists entirely of Level 1 securities utilizing valuation techniques consisting exclusively of quoted market prices.

4. Cash-Restricted

Cash of \$125,000 has been segregated in a special deposit account with the clearing broker for the benefit of customers under agreement with the clearing broker.

5. Concentration of Credit Risk

The Company is engaged in various trading and brokerage activities in which counterparties primarily include broker-dealers, banks, and other financial institutions. In the event counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty.

The Company maintains cash in bank accounts which, at times, may exceed federally insured limits or where no insurance is provided. The Company has not experienced any losses in such accounts and does not believe it is exposed to any significant credit risk on cash.

6. Commitments and Contingent Liabilities

The Company has obligations under operating leases for its offices with noncancelable terms of one year.

SECURITIES RESEARCH, INC.
NOTES TO FINANCIAL STATEMENTS

7. Net Capital Requirements

Pursuant to the net capital provisions of Rule 15c3-1 of the Securities Exchange Act of 1934, the Company is required to maintain a minimum net capital, as defined under such provisions, of \$250,000 or 6 2/3% of aggregate indebtedness as defined, if larger. Net capital and aggregate indebtedness fluctuate from day to day but, at December 31, 2017, the Company's net capital exceeds such capital requirements by \$1,440,620 and the ratio of aggregate indebtedness to net capital is .0108 to 1.

8. Income Taxes

The Company is included in the consolidated federal income tax return filed by its Parent. The Company files its own state income tax returns. It has a net operating loss carryover to the current year of \$143,000 and the parent has a net operating loss carryover of \$1,188,000. The Company's separate current and deferred tax liabilities have been computed with the utilization of the parent's net operating loss. The tax benefit of the utilized net operating loss fully offsets the separate company liability. Accordingly, the Company has not recorded any current or deferred provision for income taxes. The Company and the parent have an agreement that does not require the Company to reimburse the parent for the utilization of its net operating loss.

Accounting principles generally accepted in the United States of America require the Board of Directors to evaluate tax positions taken by the Company and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Board of Directors has analyzed the tax positions taken by the Company and has concluded that as of December 31, 2017, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Company is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Board of Directors believes it is no longer subject to income tax examinations for years prior to 2014.

9. 401(k) Savings Plan

The Company maintains a 401(k) savings plan (the Plan). Substantially all employees of the Company who are scheduled to work at least 1,000 hours during each year of employment are eligible to participate in the Plan. Employees can make elective deferrals of their compensation on a pretax basis subject to certain limits. For the year ended December 31, 2017 the Company did not make a contribution to the plan.

**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM
FOR EXEMPTION REPORT UNDER RULE 15C3-3**

The Board of Directors and Shareholders
of Securities Research, Inc.

We have reviewed management's statements, included in the accompanying Exemption Report, in which (1) Securities Research, Inc. (the "Company") identified the following provisions of 17 C.F.R. §15c3-3(k) under which Securities Research, Inc. claimed an exemption from 17 C.F.R. §240.15c3-3:(k)(2)(ii) (the "exemption provision") and (2) the Company stated that Securities Research, Inc. met the identified exemption provision throughout the most recent fiscal year without exception. The Company's management is responsible for compliance with the exemption provision and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with the exemption provision. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.

ON APPLYING AGREED UPON PROCEDURES**

To the Board of Directors and Shareholders

We were not engaged to, and did not conduct an examination or a review, the objective of which would be the expression of an opinion or conclusion, respectively, on the Company's compliance with the applicable instructions of the Form SIPC-7 for the year ended December 31, 2017. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.
