REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the shareholder of USP Securities Corporation:

Opinion on the Financial Statements

We have audited the accompanying statement of financial position of USP Securities Corporation (the "Company") as of December 31, 2017, and the related statements of operations, cash flows and changes to shareholder's equity for the year then ended, and the related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2017, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud.

Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

Report on Supplemental Schedules

The supplemental schedules I and II listed in the accompanying table of contents have been subjected to audit procedures performed in conjunction with the audit of the Company's financial statements. The supplemental schedules are the responsibility of the Company's management. Our audit procedures included determining whether the supplemental schedules reconcile to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental schedules. In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in compliance with Rule 17a-5 under the Securities Exchange Act of 1934. In our opinion, such schedules are fairly stated, in all material respects, in relation to the financial statements as a whole.

February 28, 2018

We have served as the Company's auditor since 2015.

USP SECURITIES CORPORATION

Notes to Financial Statements

For the year ended December 31, 2017

(1) Organization and Operations

USP Securities Corporation (the Company) was incorporated in Tennessee on May 5, 1999 as a broker-dealer in securities. The Company is a wholly owned subsidiary of United Surgical Partners International, Inc. (USPI). USPI is a wholly-owned indirect subsidiary of USPI Holding Company Inc., a joint venture between Tenet Healthcare Corporation and the former stockholders of USPI. Accordingly, the Company is ultimately a wholly owned subsidiary of USPI. The Company is licensed as a fully disclosed broker-dealer by the Financial Industry Regulatory Authority (FINRA). As such, the Company does not carry security accounts for customers or perform custodial functions for customer securities. The Company was formed to meet the U.S. Securities and Exchange Commission (SEC) and the FINRA requirements with respect to offering shares of affiliates of USPI to qualified investors through agents who are required to be registered by the FINRA. As such, the Company was formed to provide for the registration of these agents.

The Company has had no significant revenue since its inception on May 5, 1999.

The Company is dependent upon its Parent and affiliates to provide personnel, certain administrative services, and capital, as necessary, in order to fund operations.

(2) Accounting Policies

Use of Estimates—The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Management regularly evaluates the accounting policies and estimates that are used. In general, management bases the estimates on historical experience and on assumptions that it believes to be reasonable given the particular circumstances in which the Company operates. Although management believes all adjustments considered necessary for fair presentation have been included, actual results may vary from those estimates.

Expense Recognition — Regulatory fees and allocated expenses are recorded on the accrual basis of accounting.

Cash and Cash Equivalents — Cash and cash equivalents approximate fair value and may include cash held on deposit and money market investments. As of December 31, 2017, all cash is held at SunTrust Bank.

Indemnities — The Company may enter into certain contracts that contain a variety of indemnifications. The Company's maximum exposure under these arrangements is unknown. However, the Company has not had any prior claims or losses pursuant to these contracts and expects the risk of loss to be remote.

(3) Income Taxes

The Company's results of operations are included and utilized in the US federal income tax returns of USPI. USPI allocates taxes to the Company on a separate-return basis, whereby current and deferred taxes are allocated to the Company pursuant to the asset and liability method as if the Company were a separate taxpayer. For balance sheet purposes, such allocations are recorded in the due to affiliates account, which

is a component of ownership equity. This approach requires the recognition of deferred tax assets and liabilities for the expected future tax consequences of temporary differences between the carrying amounts and the tax bases of assets and liabilities, which principally relate to net operating loss carryforwards. Income tax receivables and liabilities and deferred tax assets and liabilities are recognized based on the amounts that more likely than not will be sustained upon ultimate settlement with taxing authorities.

USPI assesses the realization of the deferred tax assets of its subsidiaries, including the Company, to determine whether an income tax valuation allowance is required. Based on all available evidence, both positive and negative, and the weight of that evidence to the extent such evidence can be objectively verified, USPI determines whether it is more likely than not that all or a portion of the deferred tax assets will be realized. The main factors that are considered include:

- Cumulative profits/losses in recent years, adjusted for certain nonrecurring items;
- Income/losses expected in future years;
- Unsettled circumstances that, if unfavorably resolved, would adversely affect future operations and profit levels;
- The availability, or lack thereof, of taxable income in prior carryback periods that would limit realization of tax benefits; and
- The carryforward period associated with the deferred tax assets and liabilities.

USPI has allocated no income tax expense (benefit) on a separate-return basis for the year ended December 31, 2017 as the Company has a deferred tax asset of \$161,197 for which there is a full valuation allowance recorded against it.

The Company determines whether a tax position of the Company is more likely than not to be sustained upon examination by the applicable taxing authority, including the resolution of any related appeals or litigation processes, based on the technical merits of the position. The Company reviews and evaluates tax positions in the jurisdictions in which the Company operates and determines whether or not there are uncertain tax positions that require financial statement recognition. Based on this review, the Company has determined the tax jurisdictions where the Company is organized and where the Company operates; however, no reserves for uncertain tax positions were required to have been recorded. The Company's tax returns remain open for examination by major tax jurisdictions, including U.S. Federal and states, for the amount of time specified under their applicable statutes of limitations (with limited exceptions). The Company is additionally not aware of any tax positions for which it is reasonably possible that the total amounts of unrecognized tax benefits will change materially in the next 12 months. As a result, no income tax liability or expense has been recorded in the accompanying financial statements.

On December 22, 2017, the U.S. government enacted comprehensive tax legislation commonly referred to as the Tax Cuts and Jobs Act (the "Tax Act"). The Tax Act makes broad and complex changes to the U.S.

USP SECURITIES CORPORATION

Notes to Financial Statements

For the year ended December 31, 2017

tax code, including, but not limited to, reducing the U.S. federal corporate tax rate from 35 percent to 21 percent, creating a new limitation on deductible interest expense, and changing rules related to uses and limitations of net operating loss carryforwards created in tax years beginning after December 31, 2017.

In connection with our initial analysis of the impact of the Tax Act, we have recorded a provisional estimate related to the remeasurement of deferred taxes. This resulted in discrete net tax expense \$107,465 in the year ended December 31, 2017. This net expense is offset by the change in valuation allowance of the same amount. While we are able to make a reasonable estimate of the impact of the reduction in the corporate tax rate, the revaluation of our net deferred tax assets is subject to further revision based on our actual 2017 federal and state income tax filings.

The Company must assess whether its valuation allowance analyses are affected by various aspects of the Tax Act. Since, as discussed herein, the Company has recorded provisional amounts related to certain portions of the Tax Act, any corresponding determination of the need for or change in a valuation allowance is also provisional.

(4) Related Party Transactions

The Company entered into an expense sharing agreement (the Agreement) with USP Texas, L.P. (USP), a wholly owned subsidiary of USPI. The Agreement requires USP to allocate a portion of its expenses to the Company for rent, utilities, offering expenses, and shared personnel costs. This allocation totaled \$20,374 in 2017, and is included in the regulatory fees and allocated expenses in accompanying statement of operations. As of December 31, 2017, \$276 is due from USPI and is included as due from related party in the statement of financial condition.

(5) Net Capital Requirements

The Company is subject to the SEC Uniform Net Capital Rule (SEC rule 15c3-1), which requires the maintenance of minimum net capital, as defined, equal to the greater of \$5,000 or 6 2/3% of aggregate indebtedness. At December 31, 2017, the Company had net capital of \$76,086 which exceeded the minimum required amount by \$71,086. At December 31, 2017, the Company's aggregate indebtedness to net capital ratio was 0.027 to 1.

(6) Rule 15c3-3 and Regulatory Filings

The Company is exempt from rule 15c3-3 under subsection (k). Under this exemption, the "Computation for Determination of Reserve Requirements" and "Information Relating to the Possession or Control Requirements" are not required.

The Company properly filed the required regulatory reports in a timely manner for all of 2017. The fourth quarter report, filed on January 24, 2018 and amended on February 28, 2018, is consistent with the audited financial statements.

(7) Subsequent Events

Subsequent events have been evaluated through the time of issuing these financial statements on February 28, 2018. No material subsequent events have occurred since December 31, 2017 that required recognition or disclosure in these financial statements.

Report of Independent Registered Public Accounting Firm

To the Shareholder of
USP Securities Corporation:

We have reviewed management's statements, included in the accompanying Exemption Report, in which (1) USP Securities Corporation (the "Company") identified the following provisions of 17 C.F.R. § 15c3-3(k) under which the Company claimed an exemption from 17 C.F.R. § 240.15c3-3 (k)(2)(i) (the "exemption provisions"), and (2) the Company stated that the Company met the identified exemption provisions throughout the most recent fiscal year without exception. The Company's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(i) of Rule 15c3-3 under the Securities Exchange Act of 1934.
